Notes to Financial Statements

A. DESCRIPTION OF PLAN

The following description of the Irish (company) Davis-Bacon Pension Plan and Trust (the "plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions:

1. *General.* The plan is a defined contribution plan covering all non-union construction trade employees of the company, who are performing services under a public contract subject to provisions or regulations under the Davis-Bacon Act or any state or municipal "prevailing wage" law or ordinance who has completed one hour of service. The plan is subject to the provisions of ERISA.

2. *Contributions.* Employer contributions are at an hourly rate prescribed for fringe benefits pursuant to each Federal, State, County, or Publicly funded contract entered into by the company. Participant contributions are not allowed. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers various pooled separate accounts as investment options for participants.

3. *Participant Accounts.* Each participant's account is credited with the company's contribution and an allocation of plan earnings and charged with an allocation of administrative expenses not otherwise paid for by the company. The benefit to which a participant is entitled is the accumulated balance of each participant's vested account.

4. *Vesting.* Participants are immediately vested with respect to company contributions, eligible rollovers and earnings thereon.

5. *Notes Receivable from Participants.* Participants loans are not allowed.

6. *Payment of Benefits.* Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account. Other withdrawals from participants' account balances may be made under certain circumstances as defined in the plan document.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the plan are prepared under the accrual method of accounting.

Use of Estimates.
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes thereon, disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.
See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits paid to participants are recorded when paid.

Expenses
Certain expenses of maintaining the plan are paid directly by the Company and are excluded from these financial statements.

Subsequent Events
The plan has evaluated subsequent events through September 12, 2020, the date the financial statements were available to be issued.

Subsequent Event and Impact of COVID - 19
The spread of COVID – 19 has caused global business disruptions beginning in January 2020. The COVID – 19 pandemic has created significant volatility and disruption in the financial markets and could impact participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. There is uncertainty around the extent and duration of this disruption. When normal economic conditions can resume is highly uncertain and cannot be predicted. Therefore the financial impact on the Plan cannot be reasonably predicted.

C. CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC (the custodians of the Plan). The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing the information with the information included in the financial statements and supplemental schedule.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: ● quoted prices for similar assets or liabilities in active markets; ● quoted prices for identical or similar assets or liabilities in inactive markets; ● inputs other than quoted prices that are observable for the asset or liability; ● inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: The Plan's interest in the collective trust funds is valued at the NAV practical expedient of the underlying investments. The practical expedient would not be used if it is determined to be probable that the funds would sell the investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

D. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019 and 2018:

	Fair Value Measurements at December 31, 2019			
	(Level 1)	*(Level 2)*	*(Level 3)*	*Total*
Mutual funds	$ 1,127,726	$ -	$ -	$ 1,127,726
Investments measured at NAV				2,645,466
Total investments at fair value				$ 3,773,192

	Fair Value Measurements at December 31, 2018			
	(Level 1)	*(Level 2)*	*(Level 3)*	*Total*
Mutual funds	$ 1,083,007	$ -	$ -	$ 1,083,007
Investments measured at NAV				2,455,438
Total investments at fair value				$ 3,538,445

The following table summarizes investments for which fair market value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2019	*Fair Value*	*Unfunded commitments*	*Redemption frequency*	*Redemption notice period*
Great-West Target Date Funds	$ 1,974,178	n/a	Daily	60 days
WTRISC CIT III for MetLife GAC	671,288	n/a	Daily	60 days

December 31, 2018	*Fair Value*	*commitments*	*frequency*	*notice period*
Great-West Target Date Funds	$ 1,595,713	n/a	Daily	60 days
WTRISC CIT III for MetLife GAC	859,725	n/a	Daily	60 days

E. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

F. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Schedule H of Form 5500.

	2019	2018
Net assets available for benefits per the financial statements	$ 3,839,417	$ 3,558,961
Employer contributions receivable	66,225	20,516
Net assets available for benefits per Schedule H to the Form 5500	$ 3,773,192	$ 3,538,445

The following is a reconciliation of employer contributions received per the financial statements for the year ended December 31, 2019 to Schedule H of Form 5500.

Employer contributions received per the financial statements	$ 521,042
Add: Employer contributions receivable at beginning of year	20,516
Less: Employer contributions receivable at end of year	(66,225)
Employer contributions received per Schedule H of Form 5500	$ 475,333

Amounts for employer contributions are recorded on the Schedule H of Form 5500 in the year they are received by the trustee.

G. RELATED-PARTY TRANSACTIONS

Certain plan investments are shares of pooled separate accounts managed by Great-West. Great-West is the custodian as defined by the plan and, therefore, these transactions qualify as party in interest transactions. Some fees incurred by the plan for investment management services are included in net appreciation in fair value of investments because they are paid through revenue sharing rather than a direct payment. The plan made direct payments to Great-West of $20,087, $16,841 to the TPA and $16,920 to the Plan's investment advisor which were not covered by revenue sharing.

The Company is a party in interest to the Plan. However, there were no transactions with the Company other than the payment of certain administrative expenses to the Plan. These transactions qualify as exempt party in interest transactions.

H. PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA.

I. TAX STATUS

Effective January 1, 2015, the Plan adopted a Volume Submitter Money Purchase Pension Plan. Davis-Bacon Pension Plans, Inc, the sponsor of this prototype plan, obtained its latest IRS determination letter on March 31, 2014 in which the IRS stated that the form of the Plan, as then designed was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
