The following description of ABC INOAC Exterior Systems, LLC Retirement Savings & Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all full-time and part-time employees of ABC INOAC Exterior Systems, LLC (“Company”), the Plan sponsor, who meet the hours of service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility:

All full-time and part-time employees who work three consecutive months of eligibility service requirement are eligible to participate in the Plan.

The Plan has an automatic elective deferrals feature. Employees hired on or after January 1, 2016 are enrolled into the Plan at an elective deferral of 4%. There is also an automatic elective deferral increase of 1% of payroll once a year with a maximum up to 10%.

Contributions:

Employee Deferral - Participants may contribute up to 50% of their compensation to the Plan in increments of 1%. Catch-up contributions are allowed in accordance with Internal Revenue Service guidelines.

Employer Matching Contributions - The Plan matches the first 2% of the employees' voluntary salary deferral contributions and 50% of any contributions in excess of 2% with a maximum matching percentage of 3%.

Employer Discretionary Contributions - The Company may contribute a yearly profit sharing amount to the account of each eligible Plan participant. The annual profit sharing percentage is based on the annual operating margin performance of the Company. Each participants' profit sharing amount is determined by multiplying their eligible annual compensation by the profit sharing percentage. For employees whose wages exceed the social security base for the Plan Year, they receive a 1.5 times the regular profit sharing percentage on those wages which exceed the social security base. Profit sharing contributions totaled \$620,681 (2019) and \$1,220,706 (2018).

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan agreement.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

1 Description of Plan, Continued

Participants' Accounts:

Each participant's account is credited with the participant's elective contributions, employer matching contributions, employer discretionary contributions, earnings and losses thereon.

Vesting:

Participants are immediately vested in their voluntary contributions, Company match and rollover amounts, plus actual earnings thereon. Vesting in the discretionary profit sharing contribution is based on years of continuous service, with full vesting occurring after four years of credited service.

Forfeitures:

Forfeitures due to termination from the Plan before a participant is 100% vested shall be used to reduce future employer profit sharing contributions. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$103,462 and \$123,181, respectively.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions on at least a quarterly basis. Loans are valued at unpaid principal plus any accrued, but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Other Plan Provisions:

Normal retirement age is 65, however, a participant may elect early retirement on or after age 55. The Plan also provides for early payment of benefits after reaching age 59-1/2.

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service guidelines.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan (in multiples of 1%).

1 Description of Plan, Continued

Payment of Benefits:

On termination of service, a participant is entitled to receive a lump sum amount equal to the vested value of his or her account. Upon termination of employment due to retirement, total and permanent disability or death, a participant or their beneficiary will be entitled to receive a distribution of his or her entire account without regard to the Plan's vesting rules: (i) in one lump sum amount; or (ii) in monthly installments of a fixed amount or over a specific period of time in an amount of at least \$100 per month. If the value of a participant's account is less than \$5,000, the Plan Administrator will distribute the participant's entire interest in one lump sum payment. Benefit payments are recorded when paid.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Recent Accounting Pronouncements:

In August 2018, the FASB issued Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement ("ASU 2018-13"). The new standard removes or modifies certain existing disclosure requirements and adds additional disclosure requirements related to fair value measurement. The Plan elected to early adopt ASU 2018-13 for the year ended December 31, 2019. The effect of the adoption is an overall reduction in disclosures related to fair value measurement.

Investment Valuation:

Investments held in the Plan are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the common/collective trust fund is valued based on the underlying investments which are generally a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts backed by bond funds and trust that are selected by the Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

2 Summary of Significant Accounting Policies, Continued

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Expenses of the Plan are borne by the participants. In addition, loan fees are paid by the participant requesting the loan.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Risks and Uncertainties:

The Plan's investment portfolio includes investments in mutual funds, money market funds, and a common/collective trust fund holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through September 25, 2020, which is the date the financial statements were available to be issued. See Note 7 for more information.

3 Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated May 28, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTES TO FINANCIAL STATEMENTS

ABC INOAC Exterior Systems, LLC Retirement Savings & Profit Sharing Plan

3 Tax Status, Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Trustee:

	2019	2018
Investments	\$ 68,672,143	\$ 57,652,223
Notes receivable from participants	\$ 1,194,481	\$ 1,065,992
Interest and dividend income	\$ 2,632,549	\$ 2,204,464
Participant loan interest	\$ 96,247	\$ 91,983
Net unrealized/realized appreciation (depreciation)	\$ 9,103,102	\$ (4,531,220)

5 Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Vanguard Fiduciary Trust Company, the Trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the mutual fund for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party in interest transactions.

6 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

NOTES TO FINANCIAL STATEMENTS

ABC INOAC Exterior Systems, LLC Retirement Savings & Profit Sharing Plan

6 Fair Value Measurements, Continued

- * Quoted prices for similar assets or liabilities in active markets;
- * Quoted prices for identical assets or similar assets or liabilities in inactive markets;
- * Inputs other than quoted prices that are observable for the asset or liability;
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for instruments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds:

The fair value of the mutual funds is based on quoted market prices. These fall into the Level 1 category of the valuation hierarchy.

Vanguard Prime Money Market Fund:

The fair value of the fund investments is based on amortized cost. Amortized cost approximates current value, but since the value is not determined by observable inputs in an active market, the fund falls into the Level 2 category of the valuation hierarchy.

Common/Collective Trust Fund:

The fair value of the Vanguard Retirement Savings Trust is based on the underlying assets of the contract. The fair value is expressed in units. This fund is classified in the Level 2 category of the valuation hierarchy.

Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment adviser reserves the right to temporarily delay from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

7 Subsequent Events

On March 27, 2020 the Coronavirus Aid, Relief and Economic Security (“CARES”) Act was enacted and signed into law. The CARES act, among other things, includes relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- * In-service hardship distributions of up to \$100,000 during the period beginning January 1, 2020 to December 31, 2020.
- * Waiver of the 10% early withdrawal penalty.
- * No requirement for federal income tax withholding on distributions (typically 20%).
- * Taxes associated with the in-service distributions may be repaid pro-rata over a three year period, and the distribution may be repaid as a rollover within three years as well.
- * Increase the available loan amount as described in Note 1 to the lesser of \$100,000 or 100% of the participant's vested account balance.
- * Extend the period for loan repayments, if applicable, up to one year.
- * Waiver of required minimum distributions during the period beginning January 1, 2020 to December 31, 2020.
