1. DESCRIPTION OF THE PLAN:

General

The Dinsmore & Shohl LLP Savings and Investment Plan (the "Plan") is a defined contribution plan. The Plan was formed to enable Dinsmore & Shohl LLP (the "Firm" or "Employer") employees to save a portion of their current compensation for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan document for more complete information.

Eligibility

The Plan provides for automatic enrollment of all newly eligible employees, excluding partners. Eligibility is obtained upon attainment of age 21. Effective July 1, 2018, the Firm will automatically withhold 5% of eligible staff's compensation and 6% of all other eligible employees' compensation, unless participants affirmatively elect not to participate in the Plan. Prior to July 1, 2018, the automatic deferral rate was 3% for all eligible employees.

Contributions

Each year participants may contribute a percentage of their annual compensation as defined by the Plan. Rollovers of lump-sum distributions from a qualified pension, profit sharing or stock ownership plan of a participant's former employer are permitted provided certain rules have been met. In certain circumstances, the Firm may contribute a percentage of compensation for participants who meet the eligibility requirements. Amounts allocated to the individual participant accounts are invested in various investment funds available under the Plan based on instructions of the participants.

Participant accounts

Each participant's account is credited with the participant's contribution and the Firm's contribution, if applicable. Plan earnings are allocated to participant accounts based upon each participant's pro rata share in each of the available investment funds. Certain administrative expenses incurred on behalf of participants in connection with the self-directed fund are paid by the Plan and charged against the individual participant's account.

Vesting

Participants are 100% vested in all contributions and allocations to their accounts.

Notes receivable from participants

Plan participants are eligible to borrow amounts from their individual participant account balances up to a maximum of \$50,000 or 50% of their vested account balance. Loans bear interest at the current prime rate plus 1% and are fixed for the term of the loan. All loans are secured by the balance in the participant's account. Loan terms range up to 5 years. Longer terms are permitted for the purchase of a residence. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service, death, total disability or retirement, a participant may elect a lump-sum payment or one of various options with payments over several years. An account balance of \$5,000 or less will be payable in one lump-sum payment within a reasonable time after termination. Additionally, prior to termination, a participant may withdraw a portion of their account upon attaining age 59 ½ or upon incurring a financial hardship if certain requirements are met.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting and conform to accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Firm and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Revenue fee credits received by the Plan can be used to offset other administrative expenses. Any remaining administrative expenses are paid by the Plan if not absorbed by the Firm.

Subsequent events

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, and the supplemental schedule of assets (held at end of year) as of December 31, 2019, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Cash and equivalents and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts: Accounts primarily consist of money market, mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. RELATED PARTY TRANSACTIONS:

The Firm provides the Plan with certain accounting and administrative services for which no fees are charged.

Certain Plan investments are shares of money market and mutual funds managed by an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and therefore, these transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION:

Although it has not expressed the intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. TAX STATUS:

The Plan obtained its latest determination letter dated July 10, 2012 in which the Internal Revenue Service ("IRS") stated that the Plan and related trust are designed in accordance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has since been amended. Management believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of the amounts reported in the financial statements as of and for the years ended December 31, 2019 and 2018 and those reported on the Form 5500:

	<u>2019</u>	<u>2018</u>
Net assets available for benefits per the financial statements	\$ 300,340,034	254,945,825
Loans deemed distributed not reported on Form 5500	<u>(37,987)</u>	<u>(35,893)</u>
Net assets available for benefits per Form 5500	\$ <u>300,302,047</u>	<u>254,909,932</u>
Net change in net assets available for benefits per the financial statements	\$ 45,394,209	(15,259,789)
Change in loans deemed distributed	<u>(2,094)</u>	<u>(12,823)</u>
Net change in net assets available for benefits per Form 5500	\$ <u>45,392,115</u>	<u>(15,272,612)</u>

10. SUBSEQUENT EVENTS:

Subsequent to the date of the financial statements, an outbreak of a novel strain of coronavirus (COVID-19) has disrupted supply chains and affected production and sales across a range of industries. The extent of the impact of COVID-19 on the Firm's performance and the Plan's investments will depend on certain developments, including the duration and spread of the outbreak. Impact to the Plan cannot be predicted, and the extent to which COVID-19 may impact the statement of net assets available for benefits is uncertain at this time.

INDEPENDENT AUDITORS' REPORT

To the Participants and Fringe Benefits Committee of
The Dinsmore & Shohl LLP Savings and Investment Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Dinsmore & Shohl LLP Savings and Investment Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions.
