MID-OHIO EMERGENCY SERVICES, LLC 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Mid-Ohio Emergency Services, LLC 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees of Mid-Ohio Emergency Services, LLC (the "Company") who have completed one month of service and are age 21 or older are eligible to participate in the Plan. Participants must complete one year of service before they are eligible to receive the employer match and profit sharing contributions.

Contributions - Each year, participants may contribute up to the maximum amount allowed by the Internal Revenue Code of pre-tax annual compensation or as after-tax annual compensation (Roth), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan is funded by both participant and employer contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes safe harbor matching contributions equal to 100% of individual participant deferrals up to 3% of eligible compensation plus 50% of individual participant deferrals between 3% and 5% of eligible compensation. The Company may also make profit sharing contributions at its discretion. For the year ended December 31, 2019, the Company made a \$2,504,376 profit sharing contribution to the Plan. The Company contribution is invested as directed by the participants.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, elective deferrals, or account balances, as defined. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Vesting - The Plan provides for immediate vesting for all contributions and earnings thereon, with the exception of employer profit sharing contributions. The participant is 100% vested in these contributions after two years of service.

Notes Receivable from Participants - Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the participant's account balance and bear interest at rates that range from 4.25% to 6.25%, which are commensurate with local prevailing rates as determined by Plan management. A maximum of one loan may be outstanding at any time. Principal and interest is paid through payroll deductions.

Payment of Benefits - On termination of service due to death, a participant's beneficiary may elect to receive a lump-sum payment equal to the participant's vested interest in his or her account balance or installments over a specified period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Plan management may distribute without consent the vested account balance of \$1,000 or less of any participant who terminates employment.

Forfeited Accounts - At December 31, 2019, forfeited nonvested accounts totaled \$2,411. At December 31, 2018, there were no unused forfeited nonvested accounts. Forfeited nonvested accounts are used to reduce future employer contributions. In 2019, employer contributions were reduced by \$63 from forfeited nonvested accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from these estimates.

Investment Valuation and Income Recognition - Investments are stated at their estimated fair value (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's senior management determines the Plan's valuation policies utilizing information provided by the investment advisers.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable are measured at the participants' unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Evaluation of Subsequent Events - Management has evaluated subsequent events through October 1, 2020, which is the date the financial statements were available to be issued. See Note 8.

NOTE 3 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820 "Fair Value Measurements and Disclosures" establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money Market Funds: Valued at \$1 per unit for the net asset value (NAV). The NAV is the quoted price in an active market.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Personal Choice Retirement Accounts: Accounts consist primarily of the following:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock: Valued at the closing price reported on the active market on which the individual investments are traded.

Exchange Traded Funds (ETF's): Valued at the daily closing price as reported by the fund. ETF's hold assets such as stocks, bonds or commodities and trade close to its daily net asset value. ETF's held by the Plan are deemed to be actively traded.

Unit Investment Trusts: Primarily consist of exchange traded funds valued at the closing price recorded on the active market on which the fund is traded.

Money Market Funds: Valued at \$1 per unit for the net asset value (NAV). The NAV is the quoted price in an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

For the year ended December 31, 2019, there were no significant transfers out of Levels 1, 2 or 3.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in certain investments that are managed by Charles Schwab and therefore, these transactions qualify as party-in-interest transactions, as defined by the Internal Revenue Code (IRC). The amount of investments managed by Charles Schwab as of December 31, 2019 and 2018 were \$1,706,054 and \$1,498,220, respectively. Notes receivable from participants are considered to be party-in-interest transactions for which a statutory exemption from the prohibited transaction regulation exists.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under Plan provisions to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

The plan sponsor adopted a prototype document sponsored by Charles Schwab & Co. Inc. The prototype document received its latest determination letter in 2014. Although the Plan has not applied for its own determination letter, the plan administrator believes that the Plan is being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the Plan has obtained certification from Charles Schwab Bank, the trustee, that the information in the accompanying financial statements and supplemental schedule, with respect to investments, related investment activity, and notes receivable from participants and related interest income, is complete and accurate as of December 31, 2019 and 2018 and for the year ended December 31, 2019. The information certified by Charles Schwab Bank is presented based upon their certification.

	2019	2018
Investments, at Fair Value	\$ 49,868,883	\$ 37,689,626
Notes Receivable from Participants	82,134	138,509
Investment Income	8,676,053	N/A
Interest Income on Notes Receivable from Participants	5,633	N/A

NOTE 8 - RISK AND UNCERTAINTIES / SUBSEQUENT EVENT

The Plan invests in various investments which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent to year-end, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. This has had a significant impact on investment portfolios. Due to the uncertainty of this event, management cannot assess the potential financial impact on the Plan and the Company.
