Independent Auditors' Report

To the Plan Administrator
Process Equipment Group 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Process Equipment Group 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PROCESS EQUIPMENT GROUP 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of Process Equipment Group 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective January 1, 1998, as a defined contribution retirement savings plan which, effective January 1, 2013, is sponsored by Hillenbrand, Inc. (the Plan Sponsor). The Plan is for the benefit of all eligible employees of Process Equipment Group, Inc., consisting of Terra Source Global Corp., Coperion K-Tron Pitman, Inc., Coperion K-Tron Salina, Inc., Rotex Global, LLC., Coperion Corporation, ABEL Pumps L.P., and Red Valve Company, Inc. (collectively, the Employer) who have at least three months of service and are age 18 or older. Employees covered by a collective bargaining agreement (with the exception of Rotex Steelworkers of America, Local 14734), leased employees, nonresident aliens, active participants in a non-United States pension plan, co-op students, interns, employees on temporary assignment in the United States of America, non-benefit eligible employees that work less than 30 hours per week, and employees of Hillenbrand, Inc. are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Pension Finance and Administrative Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance and reports to the Board of Directors of the Plan Sponsor.

Contributions: Each year, participants may authorize the Employer to contribute to the Plan up to 100% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless an affirmative election not to participate in the Plan is executed. Automatically enrolled participants have their contribution rate set at 6% of eligible compensation and their contributions are invested in a designated fund until changed by the participant.

The Employer made a safe-harbor non-elective contribution equal to 3% of eligible compensation to the Plan during 2019. In 2019, the Employer made matching contributions equal to 50% of the first 6% of compensation that each participant contributed to the Plan.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and Employer safe-harbor contributions, as well as allocations of the Employer's discretionary matching and profit-sharing contributions, and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Vesting and Forfeitures: Participants are vested immediately in their contributions plus actual earnings thereon. Employer safe-harbor contributions and discretionary matching and profit-sharing contributions are immediately 100% vested. Plan participants who terminated prior to January 1, 2013 and whose assets merged from the Rotex Global, LLC Section 401(k) Retirement Savings Plan or the Rotex Global, LLC Retirement Investment Plan were 20% vested after two years of service, increasing by 20% per additional year, becoming fully vested with six years of credited service for Employer matching and profit-sharing contributions. Certain participants with credited service relating to companies acquired by the Employer retain the vesting schedule relating to their prior service, as more fully described in the Plan Agreement.

At December 31, 2019 and 2018, forfeited nonvested accounts of terminated participants totaled \$5,408 and \$13,314, respectively. These accounts will be used to reduce future Employer contributions or pay Plan expenses. In 2019, forfeited nonvested accounts of \$13,591 were used to reduce Employer contributions.

Notes Receivable from Participants: Participants may borrow from their account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Per the Plan Agreement, the repayment terms of the notes cannot exceed five years except for the purchase of the participant's principal residence, for which the terms may be up to fifteen years. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account, or systematic installment payments. Hardship and in-service withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except fully benefit-responsive investment contracts are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Pension Finance and Administration Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants: The Plan's notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the balance of the note receivable from the participant is reduced and a benefit payment is recorded per the Plan Agreement.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Administrative expenses are recorded net of revenue sharing credits received by the Plan totaling \$12,941 in 2019. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Plan has adopted a volume submitter plan document whose sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the volume submitter plan document was designed in accordance with the applicable sections of the IRC. Although the Plan and the volume submitter plan document have been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed in compliance with the applicable requirements of the IRC. The Plan Administrator intends to correct insignificant operational errors utilizing the applicable correction program available under the Employee Plans Compliance Resolution System (EPCRS). Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through October 5, 2020, the date the financial statements were available to be issued. See Note 10.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2019 and 2018

Registered Investment Companies and Money Market Fund Shares: Valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the unit price reported by the sponsoring trust company. The underlying investments owned by the funds can include money market funds, registered investment companies, common stocks, corporate bonds, U.S. Government securities, other collective trust funds, or guaranteed insurance contracts priced by the sponsoring insurance company using applicable interest rates and contract provisions. The unit price is based on the fair value of these underlying investments owned, less any accrual of fees and expenses borne by the fund, and divided by the number of units outstanding. The unit price is readily determinable and quoted on the active private market on which participants can transact daily with no redemption restrictions on these investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2019 and 2018:

2019	Level 1	Level 2	Total
Registered investment companies	\$50,937,163		\$ 50,937,163
Money market fund shares	36,342		36,342
Collective trust funds		\$65,023,632	65,023,632
Total Investments at Fair Value	<u>\$50,973,505</u>	<u>\$65,023,632</u>	<u>\$115,997,137</u>
2018			
Registered investment companies	\$44,290,820		\$ 44,290,820
Money market fund shares	25,632		25,632
Collective trust funds		\$53,645,009	53,645,009
Total Investments at Fair Value	<u>\$44,316,452</u>	<u>\$53,645,009</u>	<u>\$ 97,961,461</u>

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED INFORMATION)

All information related to investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation or depreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, the Plan's trustee, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - JOINT INVESTMENT IN SYNTHETIC GUARANTEED INVESTMENT CONTRACT

In December 2011, the Plan Sponsor entered into a contract with The Prudential Insurance Company of America to invest in a synthetic guaranteed investment contract (GIC) currently held jointly between the Plan and Hillenbrand, Inc. Savings Plan. Each plan's allocation of the contract is based on participant-directed investment elections, with interest income allocated daily based on the contract value owned by each respective plan.

The contract value of the synthetic GIC was \$30,737,669 and \$30,611,007 at December 31, 2019 and 2018, respectively. Interest income earned under the GIC totaled \$608,204 in 2019. The Plan's proportionate share in the contract was \$7,736,111 and \$8,035,956 at December 31, 2019 and 2018, respectively, and included interest income of \$155,030 in 2019.

NOTE 6 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an interest in a synthetic GIC. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

In a synthetic investment contract, the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. Synthetic investment contracts are designed to accrue interest based on crediting rates established by the contract issuer.

The interest in the synthetic investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below 0%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in the contract that adjust renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed quarterly for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 6 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

NOTE 7 - PLAN AMENDMENT

The Plan Agreement was amended, effective January 1, 2019, in order to exclude from Plan participation employees who are ex-pats on assignment in the United States of America who maintain home country benefits.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee of the Plan; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Trustee also receives indirect fees from investments which are deducted from investment returns. During 2019, the Plan received revenue sharing amounts of \$12,941 from the Trustee and/or an affiliate of the Trustee that were used to offset Plan fees totaling \$172,283.

The Plan's interest in the fully benefit-responsive investment contract is issued by The Prudential Insurance Company of America. The underlying collective trust fund in the contract is sponsored by Prudential Trust Company. The Plan's allocation of direct fees paid from the contract to these related parties were \$41,984 in 2019.

The Employer and/or Plan Sponsor provide certain accounting, administrative and investment management services to the Plan for which they receive no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 10 - SUBSEQUENT EVENT

The outbreak of a novel coronavirus (COVID-19), which the World Health Organization declared in March 2020 to be a pandemic, continues to spread throughout the United States of America and around the world. Many state governors issued temporary executive orders that, among other stipulations, effectively prohibit in-person work activities for most industries and businesses, having the effect of suspending or severely curtailing operations. The extent of the ultimate impact of the pandemic on the Employer's operational and financial performance, which may impact the Plan, will depend on various developments, including the duration and spread of the outbreak and related treatments, all of which cannot be reasonably predicted at this time.

While management reasonably expects the COVID-19 outbreak may negatively impact the Employer's financial condition, the related financial consequences and duration are highly uncertain as to how it will affect the Plan's operation. The outbreak has also adversely affected global market activity and caused increased volatility and uncertainty in financial markets. Because the values of the Plan's individual investments have and will continue to fluctuate in response to changing market conditions, the amount of any potential decrease in the Plan's investments that may be reported in subsequent periods cannot be determined as of the date the financial statements were available to be issued.
