401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

1. Description of Plan

The following description of the San Francisco Giants 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was adopted by San Francisco Baseball Associates, LLC (the “Company”) on January 1, 1989, and was restated effective January 1, 2015. The Plan is defined as a contribution retirement plan containing a cash or deferred arrangement described in Internal Revenue Code (“IRC”) Section 401(k). All fulltime employees, except for union employees, non-resident aliens, hourly employees, and interns, of the Company are eligible to participate in the Plan upon attaining the age of 21 years of age, no minimum service required. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the IRC.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Voya Institutional Trust Company was the appointed trustee for the Plan in 2019 and 2018, and acted at the direction of the Plan’s administrator.

Contributions

Employees who elect to participate in the Plan may contribute a portion of their salary up to 100% of their compensation for that period, or up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to make Roth 401(k) contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make a discretionary matching contribution based on employee elective deferrals up to \$1,000. In 2019, the Company made an employer matching contribution of the lesser of 50% of the employee elective deferral, or \$1,000. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, matching contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant’s account balance.

Certain fees are charged to the fund investments and are offset against Plan investment income or loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

1. Description of Plan, continued

Vesting

Participants are immediately vested in their voluntary and rollover contributions, plus actual earnings thereon. Participants are likewise 100% vested in the Company's matching contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants are allowed one note receivable at any time and may borrow from their fund accounts a minimum of \$1,000 up to 50% of the value of their account balance, or \$50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which may be repaid longer than five years as determined by the plan administrator. The notes receivable are secured by no more than fifty percent of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the note receivable originates. Interest rates on notes receivable from participants as of December 31, 2019 ranged from 4.25% to 6.50% per annum. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the notes receivable.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, rollovers, vested employer contributions, and the net earnings thereon in a single lump-sum payment or substantially equal installments. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, or having a hardship. In-service withdrawals may be taken from all account balances, with the exception of hardships that may only be taken from pretax deferred contributions and matching contributions.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under \$5,000, excluding rollover balances, will be made as soon as possible. In the event of a mandatory distribution greater than \$1,000 if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an Individual Retirement Account designated by the plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of pooled separate accounts and a guaranteed investment contract offered by the Plan. Participants may change their investment options at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

2. Summary of Significant Accounting Policies, continued

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisor, and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Information Certified by the Trustee

Voya Institutional Trust Company has prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedule.

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued the Accounting Standards Update (“ASU”) No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU removes the requirements to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of level transfers, and the valuation processes for Level 3 fair value measurements. This ASU requires entities that calculate net asset value (“NAV”) to disclose the timing of liquidation of an investee’s assets and the date when redemption restrictions might lapse, only if the timing was communicated to the entity or publicly announced, and disclose information on measurement uncertainty as of the reporting date. In addition, this ASU will require entities to present the changes in unrealized gains and losses for recurring Level 3 fair value measurements, as well as the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, based on materiality. The amendments in this ASU are effective for fiscal years beginning after December 15, 2019. All amendments, with the exception of the disclosures on changes in unrealized gains and losses, Level 3 unobservable inputs and measurement uncertainty information, will be applied retrospectively. Early adoption is permitted. The Plan is currently evaluating the impact that this ASU will have on the presentation of the Plan’s fair value measurement disclosures, if applicable

3. Fair Value Measurements

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Continued

SAN FRANCISCO GIANTS
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2019

3. Fair Value Measurements, continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018:

Pooled separate accounts: Valued at the NAV of units of the separate account. The NAV, as provided by the trustee or custodian, is used as a practical expedient to estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan invests in pooled separate accounts, which are measured at fair value using the NAV per share practical expedient. These investments are not categorized within the fair value hierarchy.

Fair Value of Investments in Entities that Use NAV

The following tables summarizes investments measured at fair value based on NAV per share as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

	Fair Value 2019	Fair Value 2018	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period

4. Information Prepared and Certified by Trustee (unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Voya Institutional Trust Company:

	2019	2018
Investments, at fair value	\$ 42,626,530	\$ 31,773,430
Investments, at contract value	\$ 7,536,104	\$ 7,943,728
Interest and dividend income	\$ 138,323	N/A
Net appreciation in fair value of investments	\$ 8,285,837	N/A

Notes receivable from participants and interest on notes receivable from participants are not certified.

5. Investment Contract with Voya Institutional Trust Company

The Plan entered into a benefit-responsive investment contract with Voya Institutional Trust Company (“Voya”). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the investment contract as of December 31, 2019 and 2018 was \$7,536,104 and \$7,943,728, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield was approximately 1.75% for 2019 and 2018. The crediting interest rates for these investment contracts are reset annually by the issuer but cannot be less than zero, and was 1.25% as of December 31, 2019 and 2018.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan’s ability to transact at contract value with participants, is probable.

401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Voya Institutional Trust Company, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan uses a prototype plan document sponsored by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company received an opinion letter from the Internal Revenue Service ("IRS") dated September 1, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income tax have been included in the Plan's financial statements.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of pooled separate accounts and a guaranteed investment contract offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through September 24, 2020, the date which these financial statements were available to be issued.

SAN FRANCISCO GIANTS
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2019

10. Subsequent Events, continued

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the “COVID-19 outbreak”). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

In addition, the Coronavirus Aid, Relief, and Economic Security (CARES) Act, passed by Congress and signed into law on March 27, 2020, includes provisions that impact retirement plans and their participants by changing existing law regarding early withdrawals, loans, and required minimum distributions. Provisions of the CARES Act include:

- Temporary waiver of required minimum distributions for 2020;
- Increase in participant loan limits from \$50,000 and 50% of a participant’s vested account balance to \$100,000 and 100% of a participants vested account balance. These loans are only available up to September 23, 2020. Repayments on the new loan can be delayed for up to one year;
- Delay in repayments between May 27, 2020 and December 31, 2020 (“Suspension Period”) for participants that currently have a loan. At the end of the Suspension Period, the loan is re-amortized by adding the unpaid repayment amounts and a new end date is calculated for the loan; and
- Distributions of up to \$100,000 if a participant has been diagnosed with COVID-19, or a spouse or dependent has been diagnosed with COVID-19; or is experiencing “adverse financial consequences” from quarantine, furlough, layoff, or reduced hours due to the coronavirus or is unable to work due to the lack of childcare. The CARES Act eliminates the 10% penalty for distributions taken prior to age 59½, however, the distribution should be added to the participant’s taxable income, which can be done over three years. The participant can also repay the amount to the Plan and receive a refund of the taxes paid on it.

The provisions for participants to take loans or distributions is at the discretion of the plan sponsor. Plan sponsors may elect to implement these provisions with retroactive amendment required by December 31, 2022. The Plan has elected to implement these provisions.

Management concluded that no other material subsequent events have occurred since December 31, 2019 that requires recognition or disclosure in such financial statements.

401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2019

1. Description of Plan

The following description of the San Francisco Giants 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was adopted by San Francisco Baseball Associates, LLC (the “Company”) on January 1, 1989, and was restated effective January 1, 2015. The Plan is defined as a contribution retirement plan containing a cash or deferred arrangement described in Internal Revenue Code (“IRC”) Section 401(k). All fulltime employees, except for union employees, non-resident aliens, hourly employees, and interns, of the Company are eligible to participate in the Plan upon attaining the age of 21 years of age, no minimum service required. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the IRC.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Voya Institutional Trust Company was the appointed trustee for the Plan in 2019 and 2018, and acted at the direction of the Plan’s administrator.

Contributions

Employees who elect to participate in the Plan may contribute a portion of their salary up to 100% of their compensation for that period, or up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to make Roth 401(k) contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make a discretionary matching contribution based on employee elective deferrals up to \$1,000. In 2019, the Company made an employer matching contribution of the lesser of 50% of the employee elective deferral, or \$1,000. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, matching contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant’s account balance.

Certain fees are charged to the fund investments and are offset against Plan investment income or loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

1. Description of Plan, continued

Vesting

Participants are immediately vested in their voluntary and rollover contributions, plus actual earnings thereon. Participants are likewise 100% vested in the Company's matching contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants are allowed one note receivable at any time and may borrow from their fund accounts a minimum of \$1,000 up to 50% of the value of their account balance, or \$50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which may be repaid longer than five years as determined by the plan administrator. The notes receivable are secured by no more than fifty percent of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the note receivable originates. Interest rates on notes receivable from participants as of December 31, 2019 ranged from 4.25% to 6.50% per annum. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the notes receivable.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, rollovers, vested employer contributions, and the net earnings thereon in a single lump-sum payment or substantially equal installments. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, or having a hardship. In-service withdrawals may be taken from all account balances, with the exception of hardships that may only be taken from pretax deferred contributions and matching contributions.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under \$5,000, excluding rollover balances, will be made as soon as possible. In the event of a mandatory distribution greater than \$1,000 if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an Individual Retirement Account designated by the plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of pooled separate accounts and a guaranteed investment contract offered by the Plan. Participants may change their investment options at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

2. Summary of Significant Accounting Policies, continued

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisor, and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Information Certified by the Trustee

Voya Institutional Trust Company has prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedule.

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued the Accounting Standards Update (“ASU”) No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU removes the requirements to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of level transfers, and the valuation processes for Level 3 fair value measurements. This ASU requires entities that calculate net asset value (“NAV”) to disclose the timing of liquidation of an investee’s assets and the date when redemption restrictions might lapse, only if the timing was communicated to the entity or publicly announced, and disclose information on measurement uncertainty as of the reporting date. In addition, this ASU will require entities to present the changes in unrealized gains and losses for recurring Level 3 fair value measurements, as well as the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, based on materiality. The amendments in this ASU are effective for fiscal years beginning after December 15, 2019. All amendments, with the exception of the disclosures on changes in unrealized gains and losses, Level 3 unobservable inputs and measurement uncertainty information, will be applied retrospectively. Early adoption is permitted. The Plan is currently evaluating the impact that this ASU will have on the presentation of the Plan’s fair value measurement disclosures, if applicable.

3. Fair Value Measurements

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Continued

SAN FRANCISCO GIANTS
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2019

3. Fair Value Measurements, continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018:

Pooled separate accounts: Valued at the NAV of units of the separate account. The NAV, as provided by the trustee or custodian, is used as a practical expedient to estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan invests in pooled separate accounts, which are measured at fair value using the NAV per share practical expedient. These investments are not categorized within the fair value hierarchy.

Fair Value of Investments in Entities that Use NAV

The following tables summarizes investments measured at fair value based on NAV per share as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

	Fair Value 2019	Fair Value 2018	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period

4. Information Prepared and Certified by Trustee (unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Voya Institutional Trust Company:

	2019	2018
Investments, at fair value	\$ 42,626,530	\$ 31,773,430
Investments, at contract value	\$ 7,536,104	\$ 7,943,728
Interest and dividend income	\$ 138,323	N/A
Net appreciation in fair value of investments	\$ 8,285,837	N/A

Notes receivable from participants and interest on notes receivable from participants are not certified.

5. Investment Contract with Voya Institutional Trust Company

The Plan entered into a benefit-responsive investment contract with Voya Institutional Trust Company (“Voya”). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the investment contract as of December 31, 2019 and 2018 was \$7,536,104 and \$7,943,728, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield was approximately 1.75% for 2019 and 2018. The crediting interest rates for these investment contracts are reset annually by the issuer but cannot be less than zero, and was 1.25% as of December 31, 2019 and 2018.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan’s ability to transact at contract value with participants, is probable.

6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Voya Institutional Trust Company, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan uses a prototype plan document sponsored by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company received an opinion letter from the Internal Revenue Service ("IRS") dated September 1, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income tax have been included in the Plan's financial statements.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of pooled separate accounts and a guaranteed investment contract offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

10. Subsequent Events, continued

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the “COVID-19 outbreak”). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

In addition, the Coronavirus Aid, Relief, and Economic Security (CARES) Act, passed by Congress and signed into law on March 27, 2020, includes provisions that impact retirement plans and their participants by changing existing law regarding early withdrawals, loans, and required minimum distributions. Provisions of the CARES Act include:

- Temporary waiver of required minimum distributions for 2020;
- Increase in participant loan limits from \$50,000 and 50% of a participant’s vested account balance to \$100,000 and 100% of a participants vested account balance. These loans are only available up to September 23, 2020. Repayments on the new loan can be delayed for up to one year;
- Delay in repayments between May 27, 2020 and December 31, 2020 (“Suspension Period”) for participants that currently have a loan. At the end of the Suspension Period, the loan is re-amortized by adding the unpaid repayment amounts and a new end date is calculated for the loan; and
- Distributions of up to \$100,000 if a participant has been diagnosed with COVID-19, or a spouse or dependent has been diagnosed with COVID-19; or is experiencing “adverse financial consequences” from quarantine, furlough, layoff, or reduced hours due to the coronavirus or is unable to work due to the lack of childcare. The CARES Act eliminates the 10% penalty for distributions taken prior to age 59½, however, the distribution should be added to the participant’s taxable income, which can be done over three years. The participant can also repay the amount to the Plan and receive a refund of the taxes paid on it.

The provisions for participants to take loans or distributions is at the discretion of the plan sponsor. Plan sponsors may elect to implement these provisions with retroactive amendment required by December 31, 2022. The Plan has elected to implement these provisions.

Management concluded that no other material subsequent events have occurred since December 31, 2019 that requires recognition or disclosure in such financial statements.
