Participants direct the investment of their contributions into various investments options offered by the Plan. The Plan offers twenty-nine mutual funds and investment contracts with an insurance company as investment options for participants.

The Plan is designed as a 401(k) "safe harbor" plan. Accordingly, the Plan sponsor is required to make a nonelective contribution equal to at least 3% of each participant's eligible compensation. The 401(k) "safe harbor" plan design provides for, among other things, the exemption from certain annual compliance testing. The Company may also contribute to the Plan a discretionary matching contribution. The Company's discretionary matching contribution will not apply to participant contributions exceeding 4% of the participants eligible compensation. The Company may make a discretionary or non-elective contribution to the Plan in accordance with plan provisions. During the years ended December 31, 2019 and 2018, the Company made discretionary matching contributions of $328,846 and $265,604, respectively. Contributions are subject to certain Internal Revenue Service ("IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Employer discretionary matching contributions vest at a rate of 20% per year after two years of service (vested 20% at the end of the second year of service and 20% annually thereafter with 100% at the end of the sixth year of service).

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or a partial withdrawal. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Benefits are payable upon reaching early retirement age of 59-1/2, normal retirement age of 65, total and permanent disability, termination, or death in the form of a lump sum payment. Separated participants with vested account balances exceeding $1,000 may delay the timing of the receipt of benefits subject to minimum distribution rules required by law. Participants with a balance of $1,000 or less may be paid out without the participant's consent. Withdrawals from a participant's salary deferral account (excluding earnings) may also be made in the event of financial hardship, in accordance with the provisions specified in the Plan. In service withdrawals from a participant's rollover account may also be made, in accordance with the provisions specified in the Plan.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $753 and $1,990, respectively. These accounts will be used to reduce future discretionary employer contributions, reduce plan expenses, or restore previously forfeited participant accounts. The Plan utilized $1,327 and $0 of forfeitures to reduce administrative expenses or matching contributions for the years ended December 31, 2019 and 2018, respectively.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants is measured as their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Reclassification

Certain prior year amounts have been reclassified for consistency with the current year presentation.

Subsequent Events

The Plan has evaluated subsequent events through September 30, 2020, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: The fair value of registered investment companies is based on quoted net asset values ("NAV") of the shares as reported by the fund. The securities held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily NAV and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

NOTE 3 — FAIR VALUE MEASUREMENT (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair market value as of December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Mutual funds	$ 7,002,690	$ -	$ -	$ 7,002,690
Total investments, at fair value	$ 7,002,690	$ -	$ -	$ 7,002,690

	2018			
	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Mutual funds	$ 4,841,310	$ -	$ -	$ 4,841,310
Total investments, at fair value	$ 4,841,310	$ -	$ -	$ 4,841,310

NOTE 4 — INFORMATION CERTIFIED BY PLAN TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2019 and 2018, and investment income for the years ended December 31, 2019 and 2018, that was disclosed in the accompanying financial statements and supplemental schedule, were obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan.

NOTE 5 — RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity amount to $2,721 and $3,250 for the years ended December 31, 2019 and 2018, respectively.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in all employer contributions.

NOTE 7 —TAX STATUS

The Company has adopted a prototype non-standardized profit-sharing plan (Prototype) which complies with the applicable requirements of the Internal Revenue Code (IRC). The Plan does not have its own separate Internal Revenue Service determination letter but the Prototype has received an opinion letter dated June 30, 2020 (submitted in November 2018) stating that the form of the Plan is acceptable under IRC section 401(a) for use by employers for benefit of their employees. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; there are currently no audits for any tax period in progress.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 — RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Plan prepares its Form 5500 on a cash basis. The following is a reconciliation of net assets available for benefits from Form 5500 to the financial statements as of December 31:

	2019	2018
Net assets available for benefits per Form 5500	$ 7,047,480	$ 4,902,382
Add: Employer contribution receivable	328,846	265,604
Net assets available for benefits per the financial statements	$ 7,376,326	$ 5,167,986

The following is a reconciliation of net increase in net assets available for benefit from Form 5500 to the financial statements as of December 31:

	2019	2018
Net increase in net assets available for benefits per Form 5500	$ 2,145,098	$ 320,122
Add: Current year employer contribution receivable	328,846	265,604
Less: Prior year employer contribution receivable	(265,604)	-
Net increase in net assets available for benefits per financial statements	$ 2,208,340	$ 585,726

NOTE 9 — RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

The following is a reconciliation of participant contributions from Form 5500 to the financial statements as of December 31:

	2019	2018
Total contributions per Form 5500	$ 1,573,385	$ 728,176
Add: Current year employer contribution receivable	328,846	265,604
Less: Prior year employer contribution receivable	(265,604)	-
Total contributions per the financial statements	$ 1,636,627	$ 993,780

NOTE 10 – SUSQUENT EVENTS

Subsequent to December 31, 2019, the stock market has fluctuated due to growing concerns of the COVID-19 pandemic. However, as the values of individual investments fluctuate with market conditions, the amount of losses that will eventually be realized cannot be determined. These conditions could materially impact participant account balances and the amounts reported in the Plan's financial statements.

Effective February 1, 2020, the Plan was amended to include certain related employers to participate in the Plan. In addition, the basic Plan document was amended effective June 30, 2020.

NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the Topiderm, Inc. 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1993 as a defined contribution plan covering substantially all employees of Topiderm, Inc. ("the Company") who have completed six months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Each year, participants may contribute up to 100% of annual eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investments options offered by the Plan. The Plan offers twenty-nine mutual funds and investment contracts with an insurance company as investment options for participants.

The Plan is designed as a 401(k) "safe harbor" plan. Accordingly, the Plan sponsor is required to make a nonelective contribution equal to at least 3% of each participant's eligible compensation. The 401(k) "safe harbor" plan design provides for, among other things, the exemption from certain annual compliance testing. The Company may also contribute to the Plan a discretionary matching contribution. The Company's discretionary matching contribution will not apply to participant contributions exceeding 4% of the participants eligible compensation. The Company may make a discretionary or non-elective contribution to the Plan in accordance with plan provisions. During the years ended December 31, 2019 and 2018, the Company made discretionary matching contributions of $328,846 and $265,604, respectively. Contributions are subject to certain Internal Revenue Service ("IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Employer discretionary matching contributions vest at a rate of 20% per year after two years of service (vested 20% at the end of the second year of service and 20% annually thereafter with 100% at the end of the sixth year of service).

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or a partial withdrawal. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Benefits are payable upon reaching early retirement age of 59-1/2, normal retirement age of 65, total and permanent disability, termination, or death in the form of a lump sum payment. Separated participants with vested account balances exceeding $1,000 may delay the timing of the receipt of benefits subject to minimum distribution rules required by law. Participants with a balance of $1,000 or less may be paid out without the participant's consent. Withdrawals from a participant's salary deferral account (excluding earnings) may also be made in the event of financial hardship, in accordance with the provisions specified in the Plan. In service withdrawals from a participant's rollover account may also be made, in accordance with the provisions specified in the Plan.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $753 and $1,990, respectively. These accounts will be used to reduce future discretionary employer contributions, reduce plan expenses, or restore previously forfeited participant accounts. The Plan utilized $1,327 and $0 of forfeitures to reduce administrative expenses or matching contributions for the years ended December 31, 2019 and 2018, respectively.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants is measured as their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Reclassification

Certain prior year amounts have been reclassified for consistency with the current year presentation.

Subsequent Events

The Plan has evaluated subsequent events through September 30, 2020, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: The fair value of registered investment companies is based on quoted net asset values ("NAV") of the shares as reported by the fund. The securities held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily NAV and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

NOTE 4 — INFORMATION CERTIFIED BY PLAN TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2019 and 2018, and investment income for the years ended December 31, 2019 and 2018, that was disclosed in the accompanying financial statements and supplemental schedule, were obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan.

NOTE 5 — RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity amount to $2,721 and $3,250 for the years ended December 31, 2019 and 2018, respectively.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in all employer contributions.

NOTE 7 —TAX STATUS

The Company has adopted a prototype non-standardized profit-sharing plan (Prototype) which complies with the applicable requirements of the Internal Revenue Code (IRC). The Plan does not have its own separate Internal Revenue Service determination letter but the Prototype has received an opinion letter dated June 30, 2020 (submitted in November 2018) stating that the form of the Plan is acceptable under IRC section 401(a) for use by employers for benefit of their employees. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; there are currently no audits for any tax period in progress.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 — RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Plan prepares its Form 5500 on a cash basis. The following is a reconciliation of net assets available for benefits from Form 5500 to the financial statements as of December 31:

	2019	2018
Net assets available for benefits per Form 5500	$ 7,047,480	$ 4,902,382
Add: Employer contribution receivable	328,846	265,604
Net assets available for benefits per the financial statements	$ 7,376,326	$ 5,167,986

The following is a reconciliation of net increase in net assets available for benefit from Form 5500 to the financial statements as of December 31:

	2019	2018
Net increase in net assets available for benefits per Form 5500	$ 2,145,098	$ 320,122
Add: Current year employer contribution receivable	328,846	265,604
Less: Prior year employer contribution receivable	(265,604)	-
Net increase in net assets available for benefits per financial statements	$ 2,208,340	$ 585,726

NOTE 9 — RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

The following is a reconciliation of participant contributions from Form 5500 to the financial statements as of December 31:

	2019	2018
Total contributions per Form 5500	$ 1,573,385	$ 728,176
Add: Current year employer contribution receivable	328,846	265,604
Less: Prior year employer contribution receivable	(265,604)	-
Total contributions per the financial statements	$ 1,636,627	$ 993,780

NOTE 10 – SUSQUENT EVENTS

Subsequent to December 31, 2019, the stock market has fluctuated due to growing concerns of the COVID-19 pandemic. However, as the values of individual investments fluctuate with market conditions, the amount of losses that will eventually be realized cannot be determined. These conditions could materially impact participant account balances and the amounts reported in the Plan's financial statements.

Effective February 1, 2020, the Plan was amended to include certain related employers to participate in the Plan. In addition, the basic Plan document was amended effective June 30, 2020.
