SETTLE MUTER ELECTRIC 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Settle Muter Electric (the Company) 401(K) Profit Sharing Plan, (the Plan) provides only general information. Participants should refer to the Plan agreement, available at their employer's office, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who meet the hour and age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are able to contribute to the Plan during each plan year a percentage of their compensation, not to exceed \$19,000 for 2019 and \$18,500 for 2018 (\$25,000 and \$24,500 for 2019 and 2018 for employees age 50 or older), respectively. The Company has elected to match contributions made by participants by 50% of every 1%, up to 6% (3% in total) of total compensation. The Company may also make a discretionary profit sharing contribution to the Plan at the option of management. The profit sharing contribution is allocated to participants who have completed at least one year of service. Other contributions made to the Plan are employer prevailing wage contributions. Prevailing wage contributions are based on hourly prevailing wages paid to participants for projects that require prevailing wages.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of any employer contribution and Plan earnings and losses, and charged with an allocation of administrative expenses.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching or profit sharing contribution portion of their accounts, plus actual earnings, is based on continuous years of service according to the following vesting schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. Loans are accounted for at cost, which approximates market value.

Forfeitures

At December 31, 2019 and 2018 there were \$22,825 and \$21,442 in forfeited non-vested accounts. These account balances, when available, will be used to reduce future employer contributions.

See independent auditors' report.

Note 1. Description of Plan (Continued)**Payments of Benefits**

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Hardship withdrawals are permitted in accordance with Internal Revenue Service guidelines.

Investments

The Plan investments are held in a Trust fund invested in mutual funds managed by John Hancock. The Plan provides for participant directed investments up to the extent of allocated account balances. Fair market values of investments as determined by the Custodian are presented in Note 4.

Note 2. Summary of Significant Accounting Policies**Basis of Accounting**

The Plan issues its financial statements on the accrual basis of accounting.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses charged by service providers for providing certain accounting and investment services are paid by the plan participants. The Company pays for the Plan audit fees.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 3. Information Certified by Custodian

The following table is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements that was prepared by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the Custodian that such information is complete and accurate:

	2019	2018
Investments:		
Noninterest-bearing cash	\$ 22,825	\$ 21,442
Fair value	8,612,398	6,226,317
Participant loan receivable	330,542	295,429
For the period ended:		
Interest and dividend income	14,388	12,409
Net appreciation (depreciation) in fair value of investments	1,538,019	(471,100)

Information contained in the following supplemental schedules:

Assets Held for Investment – 2019 Page 9

See independent auditors' report.

Note 4.**Fair Value Measurements**

Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: Valued at the new asset value ("NAV") of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Noninterest-bearing cash	\$ 22,825			\$ 22,825
Pooled separate accounts	<u>8,612,398</u>			<u>8,612,398</u>
Total assets at fair value	<u>\$ 8,635,223</u>			<u>\$ 8,635,223</u>
Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Noninterest-bearing cash	\$ 21,442			\$ 21,442
Pooled separate accounts	<u>6,226,317</u>			<u>6,226,317</u>
Total assets at fair value	<u>\$ 6,247,759</u>			<u>\$ 6,247,759</u>

See independent auditors' report.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years that are open for examination by the IRS are the years ended December 31, 2017 through December 31, 2019.

Note 7. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company. John Hancock is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Subsequent Events

Events subsequent to December 31, 2019 have been evaluated through September 21, 2020, the date these financial statements were available to be issued, to determine whether additional disclosures should be made to keep the financial statements from being misleading. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the Plan's investment portfolio has incurred a significant decline in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

See independent auditors' report.
