Tournesol Siteworks, LLC 401(k) Plan

Notes to Financial Statements

Note 1 - Plan Description:

The following description of the Tournesol Siteworks, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution, safe harbor plan that was established effective January 1, 2011 by the Tournesol Siteworks, LLC (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan was amended and restated effective December 1, 2017. The administration of the Plan is performed by the 401(k) Plan Administrative Committee (Committee) composed of employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

b. Eligibility

All employees, are eligible to participate in the Plan. Employees must be 21 years of age to participate. Eligibility for employee deferrals and employer matching contributions is attained when participants complete 12 months of service in which they work a minimum of 1,000 hours. Plan entry is the month following meeting the applicable eligibility requirements.

c. Contributions

Participants may elect to make pre-tax 401(k) contributions and/or after-tax Roth contributions. Eligible employees may contribute on a pre-tax basis at minimum 1% up to 90% of annual compensation, as defined by the Plan, not to exceed the amount allowable under current income tax regulations. Employees who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may rollover amounts representing distributions from other qualified plans.

All newly hired and rehired employees will be notified approximately 30 days prior to when the Employer will begin automatically deducting 2 percent from pay on a pre-tax basis. The participants may stop or change the automatic contribution feature before it commences.

Each Plan year, the Company may make a safe harbor matching contribution to the Plan in the amount, not to exceed 4 percent of the employee’s eligible compensation for the Plan year.

The Plan offers discretionary matching contributions to the participants making employee deferral contributions. Employees who have satisfied the eligibility requirements and who are employed on the last day of the Plan year are eligible for a discretionary non-elective employer contributions. The discretionary matching contributions and non-elective employer contributions may be made at the discretion of the Company’s Board of Directors. No such contributions were made during the 2019 Plan year.

d. Payment of Benefits

Upon termination of service, due to death, disability or retirement, a participant or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his/her account in a lump-sum amount. Eligible rollover distributions exceeding $1,000, but less than $5,000 are to be directly rolled over into a traditional individual retirement account (IRA) or, if specified by the participant, as a direct payment to him/her in a single lump sum payment. Eligible rollover distributions less than $1,000 are automatically paid directly to the participant in a single lump sum. Participants are also permitted to request a withdrawal of their vested funds upon reaching age 59 ½. The Plan allows for hardship withdrawals by the participant. None of the terminated participants at December 31, 2019 or 2018 have requested to withdraw from the Plan as of that date.

e. Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's qualified rollover contributions, the Company's safe harbor matching, discretionary non-elective and discretionary matching contributions, and Plan earnings or losses thereon, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined.

f. Participant Investment Options

Upon enrollment in the Plan, a participant must direct the allocation of their contributions to any of the investment options offered by the Plan. If a participant does not direct the Company's safe harbor match contributions, the contributions will be invested in an AMC One Choice fund with the participant's anticipated retirement date. Participants may change their investment options any time throughout the year (subject to specific limitations placed by certain investment funds) via the Automatic Data Processing, Inc. (ADP) telephone system or Internet website.

g. Vesting

Participants are vested immediately in their employee contributions, including rollovers of funds from other qualified retirement plans, and the Company's safe harbor matching, discretionary non-elective, and discretionary matching contributions plus actual earnings thereon.

h. Forfeited Accounts

At December 31, 2019, forfeited accounts totaled $446. These accounts may be used to pay plan administrative expenses and to reduce future employer contributions. For the year ended December 31, 2019, $227 from forfeited accounts was used to reduce employer contributions. Forfeitures are generated if employer matching contributions allocated to participant accounts are higher than employee elective deferrals for the Plan year.

i. Notes Receivable from Participants

Participants may borrow not less than $500 and up to the lesser of $50,000 or 50 percent of their account balance attributable to participants' salary deferral contributions. The loans are secured by the participant's balance. Participants may have two notes outstanding at any given time. All notes must be repaid to the Plan within a five-year period, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period is thirty years. Participants may prepay their outstanding loan in full at any time. Under the terms of the Plan, all loans shall bear rate of interest at the rate in effect in the month their loan is effective. The interest rate is the prime rate as published in The Wall Street Journal on the 14th of each month, plus two percentage points. Repayments of loans are withheld from the employee's paycheck and deposited by the Company. As of December 31, 2019, the rates of interest on outstanding notes ranged from 4.00 percent to 7.50 percent with various maturities through November 2024.

j. Plan Trustee and Record Keeper

The Company appointed Reliance Trust Company as the Trustee of the Plan and Automatic Data Processing (ADP) as the Record Keeper. Substantially all of the Plan's assets are held by Reliance Trust Company.

k. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses of the Plan may be paid by the Company and any such expenses not paid by the Company shall be paid by the Plan. Plan administrative fees for participants who are no longer employed by the Company are paid by the terminated participant.

Note 2 - Summary of Significant Accounting Policies:

a. Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

b. Investment Valuation and Income Recognition

Investments of the Plan are managed by the Trustee and invested based solely upon instructions received from participants. The Plan's investments are valued at fair value as of the last day of the Plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Plan Benefits includes both the unrealized appreciation (depreciation) in the aggregate current value of investments and realized gains and losses on sale of investments bought and sold as well as held during the year.

The market volatility of equity-based investments may substantially impact the value of such investments at any given time.

It is likely that the value of the Plan's investments, both in total and in individual participant accounts, has fluctuated since December 31, 2019.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction to net appreciation (depreciation) in fair value of investments.

c. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

e. Benefits to Participants

Benefits are recorded when paid.

f. Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

g. Subsequent Events

The Plan Administrator has evaluated subsequent events from December 31, 2019 through October 7, 2020, the date the financial statements were available to be issued, and there were no material subsequent events that required recognition or additional disclosure except as disclosed below:

The 2019 novel coronavirus (COVID-19) has adversely affected, and may continue to adversely affect economic activity globally, nationally and locally. Following the COVID-19 outbreak in January 2020, the values of investment securities have fluctuated significantly. These economic and market conditions and other effects of the COVID-19 outbreak may continue to adversely affect the Plan. The extent of the adverse impact of the COVID-19 outbreak on the Plan's participants' account balances and the amounts reported in the 2019 Statement of Net Assets Available for Plan Benefits cannot be predicted at this time.

The Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The Plan has also implemented certain other requirements by the CARES Act whose laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

The Plan was amended and restated effective August 1, 2020, the most significant change pertains to the Plan no longer electing to be a traditional safe harbor 401(k) plan and no longer allowing permissible withdrawals within 90 days of a participant's first automatic deferral contribution.

Note 3 - Information Certified by Reliance Trust Company:

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Reliance Trust Company (the Trustee) and furnished to the Plan Administrator.

The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

December 31,	2019	2018
Investments, at fair value:		
Mutual funds	$ 2,792,295	$ 1,915,137
Notes receivable from participants	$ 131,055	$ 52,905

Reliance Trust Company also certified to the completeness and accuracy of $298,776 of net appreciation in fair value of investments, $171,130 of interest and dividends and $5,411 of interest income on notes receivable from participants, related to the aforementioned Plan assets for the year ended December 31, 2019.

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value on a recurring basis and recognized in the accompanying Statement of Net Assets Available for Plan Benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realized value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

December 31, 2019

	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 2,792,295			$ 2,792,295
Investments, at fair value	$ 2,792,295	$ -	$ -	$ 2,792,295

December 31, 2018	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 1,915,137			$ 1,915,137
Investments, at fair value	$ 1,915,137	$ -	$ -	$ 1,915,137

Note 5 - Plan Termination:

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6 - Tax Status:

The Plan has adopted a non-standardized 401(k) prototype plan sponsored by ADP, LLC an affiliate of the recordkeeper. ADP, LLC has received a favorable opinion letter dated March 8, 2014 from the Internal Revenue Service as to the form of the plan being acceptable under Section 401 of the IRC. This opinion on the acceptability of the form of the plan is not a ruling or determination as to whether the Plan qualified under Code section 401(a). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 7 - Risks and Uncertainties:

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the nature of risks associated with investment securities, it is at least reasonably possible that changes in the level of risk in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

At December 31, 2019 and 2018, three mutual funds represent 34 percent and 41 percent respectively, of Plan investments.

Note 8 - Party - in - Interest:

Certain employees of the Company are performing services for the Plan and are not compensated by the Plan. Certain other expenses of the Plan are paid by the Company.

Note 9 - Reconciliation of Financial Statements to the Form 5500:

The following is a reconciliation of net assets available for plan benefits per these financial statements as of December 31, 2019 and 2018 to the Form 5500:
