The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may contribute up to a maximum of 60% of pre-tax annual compensation, as defined in the Plan, up to the allowable amount permitted by law. Unless an eligible employee elects otherwise, each eligible employee will be automatically enrolled in the Plan with an initial pre-tax deferral of 5% of eligible compensation, as defined by the Plan. In addition, unless an eligible employee affirmatively elects otherwise after receiving appropriate notice, deferral contributions for each active participant having automatic enrollment contributions made on their behalf shall be increased annually by 1% (up to a maximum deferral of 10%). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company will make a matching contribution in an amount equal to 50% of the participant's pre-tax contributions subject to a maximum of $2,000. The Company may make discretionary profit sharing contributions as determined by the Company for the eligible participants. No discretionary profit sharing contributions were made for the years ended December 31, 2019 and 2018. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - All assets of the Plan are self-directed investments. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, a self-directed brokerage account, and a guaranteed income fund as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants' contributions plus related actual earnings are 100% vested immediately. Employer contributions plus actual earnings on the employer contributions are subject to the following vesting schedule:

Years of Service	Vested %
1	0
2	20
3	40
4	60
5	100

(1) Description of plan (continued)

Vesting (continued) - Participants who leave the Company for reasons other than disability or death forfeit their nonvested account balance. This nonvested balance may be restored should the Company rehire the individual and that individual meets certain requirements as outlined in the Plan document.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances. The loans are secured by the vested balance in the participant's account and bear interest at rates ranging from 5.25% to 6.50%, which is commensurate with local prevailing rates, as determined quarterly by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits - On termination of service due to death, disability, or retirement, a participant or his or her beneficiary(ies) may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Upon termination, participants with a vested balance of less than $5,000 will receive an automatic cash distribution.

Forfeited accounts - As of December 31, 2019 and 2018, forfeited nonvested accounts totaled $55,152 and $56,021, respectively. These accounts will be used to reduce administrative expenses and employer contributions. For the years ended December 31, 2019 and 2018, administrative expenses were reduced by $36,032 and $21,253, respectively, from forfeited nonvested accounts. For each of the years ended December 31, 2019 and 2018, there were no forfeited nonvested accounts used to reduce employer contributions.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - The Plan has investments in mutual funds, which are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussions of fair value measurements. The Plan also has an investment in a guaranteed income fund, which is valued at contract value. See Note 6 for discussion of contract value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(2) **Summary of significant accounting policies (continued)**

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits.

(3) **Investments**

During 2019 and 2018, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $4,128,449 and ($1,750,587), respectively.

Interest and dividends earned on the Plan's investments for the years ended December 31, 2019 and 2018, were $579,602 and $434,570, respectively.

(4) **Information prepared and certified by the trustee**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Trust Company, LLC ("John Hancock"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

- Investments at fair value
- Investment at contract value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2019 and 2018.

Mutual funds and self-directed account: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The self-directed account consists of investments in a money market account and various equity securities. Both are required to publish their daily net asset value and to transact at that price. The mutual funds and self-directed account held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

Investments at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Self-directed account	$ 284,132	$ -	$ -	$ 284,132
Mutual funds	26,176,845	-	-	26,176,845
	$ 26,460,977	$ -	$ -	$ 26,460,977

(5) **Fair value measurements (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

Investments at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Self-directed account	$ 267,081	$ -	$ -	$ 267,081
Mutual funds	19,467,264	-	-	19,467,264
	$ 19,734,345	$ -	$ -	$ 19,734,345

(6) **Investment contract with insurance company**

The Plan has an evergreen group annuity contract which is a fully benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company ("Prudential"). Prudential maintains the contributions in a general account. The investment is valued at contract value, which was $2,670,640 and $2,257,301 as of December 31, 2019 and 2018, respectively, as determined by Prudential based on the value of the underlying assets in the Prudential general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expense. The crediting interest rate is declared on a periodic basis by the issuer, but may not be less than 1.50%. The crediting interest rate for the investment contract is set on January 1 and July 1, and is valid for six months. The investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the investment contract is fully benefit-responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. In the event the Plan discontinues this investment, the contract value at that time would be due to the Plan. The underlying investments of Prudential's general account consist primarily of public and private fixed maturity securities and commercial mortgage loans. No specific investment, or group of investments, in Prudential's general account back this investment contract. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan agreement (including complete or partial Plan termination or merger with another Plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The investment contract may be terminated by the Plan at any time but can only be terminated by Prudential if the Plan does not meet certain operational obligations or fails to pay certain expenses, as defined by the contract, or if Prudential abandons this class of investment.

(7) Related-party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds as well as equity securities and a money market fund (which are included in the self-directed account) that are managed by the trustee (see Note 4). John Hancock is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan (net of forfeitures) for investment management services were $43,979 and $28,255 for the years ended December 31, 2019 and 2018, respectively.

(8) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(9) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31, 2019	December 31, 2018
Net assets available for benefits per the financial statements	$ 30,547,604	$ 23,211,503
Less employer contributions receivable	(578,443)	(530,540)
Less participants contributions receivable	(89,014)	(69,771)
Net assets available for benefits per Schedule H of the Form 5500	$ 29,880,147	$ 22,611,192

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500:

	Years Ended December 31, 2019	Years Ended December 31, 2018
Net increase in net assets available for benefits per the financial statements	$ 7,336,101	$ 302,466
Effect of increase in employer contributions receivable	(47,903)	(41,195)
Effect of decrease (increase) in participants contributions receivable	(19,243)	1,898
Less prior year excess contributions payable to plan participants	-	(89,635)
Net increase in net assets available for benefits per Schedule H of the Form 5500	$ 7,268,955	$ 173,534

(10) Tax status

The Plan obtained its latest determination letter on May 18, 2015, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that "more likely than not" would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(11) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(12) Subsequent events

The Plan has evaluated subsequent events through October 6, 2020, which is the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the outbreak of coronavirus (COVID-19) to be a pandemic. This pandemic has adversely affected global economic activity and has contributed to significant deterioration and instability in certain financial markets. Because the values of the Plan's investments will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined at this time.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security Act" (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- special coronavirus distributions up to $100,000;
- increased the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance; and
- extended the period for loan repayments, if applicable, up to one year.
