Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Heartland Family Service Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Matrix Trust Company (Matrix), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Matrix holds the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from Matrix as of and for the year ended December 31, 2019 and as of December 31, 2018, that the information provided to the plan administrator by Matrix is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of delinquent participant contributions and assets held as of December 31, 2019, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Matrix, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HEARTLAND FAMILY SERVICE
RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

1. Description of Plan

The following description of the Heartland Family Service Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

General – The Plan was established effective May 15, 2018 and is a defined contribution plan covering eligible employees of Heartland Family Service (the Agency), as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Upon reaching age twenty-one, employees are immediately eligible to participate in the Plan and make elective contributions to the Plan. Employees who have completed one year of service, during which at least 1,000 hours of service have been completed, as defined in the Plan document, are eligible to receive safe harbor matching contributions and qualified matching contributions from the Agency. Age and service requirements are waived if an employee was employed by the Agency at the effective date of the Plan, provided they are at least eighteen years of age.

Contributions – Participants may contribute up to 100% of their annual compensation, as defined by the Plan, not to exceed the maximum allowed by the Internal Revenue Code, through either pre-tax or after-tax Roth contributions. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute rollover distributions from other qualified benefit plans. The Agency makes safe harbor matching contributions equal to 100% of participant contributions up to 5% of total compensation. In addition, the Agency can make additional discretionary matching contributions. For the year ended December 31, 2019, if the participant contributed 5% or more of their compensation, the Agency made an additional discretionary matching contribution equal to 2% of the participant's compensation. Participants direct the investment of all contributions into various options offered by the Plan.

Participants Accounts – Each participant's account is credited with the participant's contribution and allocations of the Agency's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants immediately vest in their contributions and agency safe harbor contributions plus earnings thereon. Vesting in other discretionary Agency contributions is subject to the following schedule.

<u>Number of Years of Credited Service at Date of Termination</u>	<u>Nonforfeitable Vested Percentage</u>
Less than 3 years	0%
3 years or more	100%

**HEARTLAND FAMILY SERVICE
RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2019 AND 2018

1. Description of Plan – Continued

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are not to have more than two outstanding loans at any time. The loans are secured by the balance in the participant's account. The loan interest rate is set at the Wall Street Journal prime rate plus 1%, as defined (5.75% at December 31, 2019). Principal and interest are paid ratably through periodic payroll deductions.

Payment of Benefits – Upon reaching the age of 59 1/2, retirement, disability, or death, participants or beneficiaries may elect to receive a lump sum payment equal to the value of the vested funds in the participant's account, or non-recurring partial payments of such vested value. If no election is made by the participant, vested accounts of \$1,000 or less will be paid in a single lump sum and vested accounts greater than \$1,000 but not exceeding \$5,000 will be rolled over to an individual retirement account.

Forfeited Accounts – Forfeited participant balances are retained by the Plan and used to offset future Agency contributions or to pay Plan administrative expense. No amount of forfeitures was used to offset Agency contributions during the year ending December 31, 2019. There was \$47,144 of forfeited account balances as of December 31, 2019. There were no significant forfeited account balances as of December 31, 2018.

2. Summary of Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements and Note 5 for discussion of the investment contract.

Purchases and sales of securities are recorded on the trade-date. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2019 AND 2018

2. Summary of Accounting Policies - Continued

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019. Delinquent participant loans, if applicable, were recorded as distributions based upon the terms of the plan document.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Trustee fees and administrative costs are paid by the Plan, except the Agency, at its discretion, may pay for certain administrative costs. Costs directly related to notes receivable from participants are charged to the participants' account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events – Management evaluated transactions and events occurring subsequent to December 31, 2019, and through September 16, 2020 (the date the financial statements were available to be issued), to determine whether any events should be recognized or disclosed in these statements.

3. Investments

The following information included in the financial statements and information in the supplemental schedules at December 31, 2019 and 2018, and for the year ended December 31, 2019, was obtained or derived from information certified as complete and accurate by Matrix Trust Company (Matrix).

4. Fair Value Measurements

The frame work for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Separate Account (SA): Valued at the net asset value (NAV), based upon the market value of its underlying investments, which may include equities, bonds, real estate, mutual funds, separate accounts and collective trust funds. SA NAV is provided by the issuer, United of Omaha Life Insurance Company (United), and is not a publicly-quoted price in an active market.

In accordance with FASB ASC 820-10, the Plan's SA measured at NAV per share as a practical expedient should not be classified in the fair value hierarchy. As the Plan invests entirely in a separate account measured at NAV per share along with guaranteed accounts valued at contract value, the fair value hierarchy table is not required to reconcile to investments at fair value presented in the statement of net assets available for benefits.

Separate Accounts	\$5,491,534	n/a	Daily	n/a

5. Group Annuity Contract with United

The Plan entered into a fully benefit-responsive guaranteed investment contract with United totaling \$53,461 and \$137,554 at December 31, 2019 and 2018, respectively. United maintains the contributions to the Guaranteed Account (account) in a general account. The account under the contract is credited with interest and charged for participant withdrawals and administrative expenses. United is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by United and reviewed monthly for resetting. United may terminate the contract with the Plan by providing 60 days prior written notice and may delay the payment of the account up to twelve months from the notice.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by United, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the United's ability to meet its financial obligations. United's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2019 AND 2018

5. Group Annuity Contract with United - Continued

Withdrawals from the account directed by the Agency, or an unusual volume of participant directed transfers or withdrawals which United reasonably concludes an employer directed withdrawal has occurred, may limit the ability of the Plan to transact at contract value with the United. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with United and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Plan Termination

Although it has not expressed any intent to do so, the Agency has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will immediately become 100% vested.

7. Tax Status

The Plan is a prototype non-standardized plan created by United and adopted by the Agency on May 15, 2018. On March 31, 2014, the Internal Revenue Service stated the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party-in-interest Transactions

Plan assets are held in investment options issued by United, therefore, these transactions qualify as party-in-interest transactions.

9. Risks and Uncertainties

The Plan provides for investment options in various investment securities which are exposed to interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in value of investments will occur, and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Heartland Family Service Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Matrix Trust Company (Matrix), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Matrix holds the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from Matrix as of and for the year ended December 31, 2019 and as of December 31, 2018, that the information provided to the plan administrator by Matrix is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of delinquent participant contributions and assets held as of December 31, 2019, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Matrix, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

1. Description of Plan

The following description of the Heartland Family Service Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

General – The Plan was established effective May 15, 2018 and is a defined contribution plan covering eligible employees of Heartland Family Service (the Agency), as defined in the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Upon reaching age twenty-one, employees are immediately eligible to participate in the Plan and make elective contributions to the Plan. Employees who have completed one year of service, during which at least 1,000 hours of service have been completed, as defined in the Plan document, are eligible to receive safe harbor matching contributions and qualified matching contributions from the Agency. Age and service requirements are waived if an employee was employed by the Agency at the effective date of the Plan, provided they are at least eighteen years of age.

Contributions – Participants may contribute up to 100% of their annual compensation, as defined by the Plan, not to exceed the maximum allowed by the Internal Revenue Code, through either pre-tax or after-tax Roth contributions. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute rollover distributions from other qualified benefit plans. The Agency makes safe harbor matching contributions equal to 100% of participant contributions up to 5% of total compensation. In addition, the Agency can make additional discretionary matching contributions. For the year ended December 31, 2019, if the participant contributed 5% or more of their compensation, the Agency made an additional discretionary matching contribution equal to 2% of the participant's compensation. Participants direct the investment of all contributions into various options offered by the Plan.

Participants Accounts – Each participant's account is credited with the participant's contribution and allocations of the Agency's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants immediately vest in their contributions and agency safe harbor contributions plus earnings thereon. Vesting in other discretionary Agency contributions is subject to the following schedule.

<u>Number of Years of Credited Service at Date of Termination</u>	<u>Nonforfeitable Vested Percentage</u>
Less than 3 years	0%
3 years or more	100%

**HEARTLAND FAMILY SERVICE
RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2019 AND 2018

1. Description of Plan – Continued

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are not to have more than two outstanding loans at any time. The loans are secured by the balance in the participant's account. The loan interest rate is set at the Wall Street Journal prime rate plus 1%, as defined (5.75% at December 31, 2019). Principal and interest are paid ratably through periodic payroll deductions.

Payment of Benefits – Upon reaching the age of 59 1/2, retirement, disability, or death, participants or beneficiaries may elect to receive a lump sum payment equal to the value of the vested funds in the participant's account, or non-recurring partial payments of such vested value. If no election is made by the participant, vested accounts of \$1,000 or less will be paid in a single lump sum and vested accounts greater than \$1,000 but not exceeding \$5,000 will be rolled over to an individual retirement account.

Forfeited Accounts – Forfeited participant balances are retained by the Plan and used to offset future Agency contributions or to pay Plan administrative expense. No amount of forfeitures was used to offset Agency contributions during the year ending December 31, 2019. There was \$47,144 of forfeited account balances as of December 31, 2019. There were no significant forfeited account balances as of December 31, 2018.

2. Summary of Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements and Note 5 for discussion of the investment contract.

Purchases and sales of securities are recorded on the trade-date. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2019 AND 2018

2. Summary of Accounting Policies - Continued

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019. Delinquent participant loans, if applicable, were recorded as distributions based upon the terms of the plan document.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Trustee fees and administrative costs are paid by the Plan, except the Agency, at its discretion, may pay for certain administrative costs. Costs directly related to notes receivable from participants are charged to the participants' account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events – Management evaluated transactions and events occurring subsequent to December 31, 2019, and through September 16, 2020 (the date the financial statements were available to be issued), to determine whether any events should be recognized or disclosed in these statements.

3. Investments

4. Fair Value Measurements

The frame work for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Separate Account (SA): Valued at the net asset value (NAV), based upon the market value of its underlying investments, which may include equities, bonds, real estate, mutual funds, separate accounts and collective trust funds. SA NAV is provided by the issuer, United of Omaha Life Insurance Company (United), and is not a publicly-quoted price in an active market.

In accordance with FASB ASC 820-10, the Plan's SA measured at NAV per share as a practical expedient should not be classified in the fair value hierarchy. As the Plan invests entirely in a separate account measured at NAV per share along with guaranteed accounts valued at contract value, the fair value hierarchy table is not required to reconcile to investments at fair value presented in the statement of net assets available for benefits.

5. Group Annuity Contract with United

The Plan entered into a fully benefit-responsive guaranteed investment contract with United totaling \$53,461 and \$137,554 at December 31, 2019 and 2018, respectively. United maintains the contributions to the Guaranteed Account (account) in a general account. The account under the contract is credited with interest and charged for participant withdrawals and administrative expenses. United is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by United and reviewed monthly for resetting. United may terminate the contract with the Plan by providing 60 days prior written notice and may delay the payment of the account up to twelve months from the notice.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by United, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the United's ability to meet its financial obligations. United's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2019 AND 2018

5. Group Annuity Contract with United - Continued

Withdrawals from the account directed by the Agency, or an unusual volume of participant directed transfers or withdrawals which United reasonably concludes an employer directed withdrawal has occurred, may limit the ability of the Plan to transact at contract value with the United. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with United and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Plan Termination

Although it has not expressed any intent to do so, the Agency has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will immediately become 100% vested.

7. Tax Status

The Plan is a prototype non-standardized plan created by United and adopted by the Agency on May 15, 2018. On March 31, 2014, the Internal Revenue Service stated the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party-in-interest Transactions

Plan assets are held in investment options issued by United, therefore, these transactions qualify as party-in-interest transactions.

9. Risks and Uncertainties

The Plan provides for investment options in various investment securities which are exposed to interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in value of investments will occur, and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
