SOUTHWEST OHIO ENT SPECIALISTS, INC. 401(k) RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

1. DESCRIPTION OF PLAN

The following description of Southwest Ohio ENT Specialists, Inc. 401(k) Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established by Southwest Ohio ENT Specialists, Inc. (the Company or Plan Sponsor), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan trustees oversee the governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's trustees. Everhart Advisors serves as a fiduciary investment advisor to the Plan under an ERISA 3(21) service agreement. Creative Retirement Systems is the current third party administrator and recordkeeper (formerly Principal Financial Group). An eligible employee is any person employed by the Company meeting the minimum requirements of 18 years of age and one year of service in which the employee has worked 1,000 hours or more.

Aegon USA, LLC is a principal holding company of Aegon USA. Business is conducted through its subsidiaries. Aegon USA's primary insurance subsidiaries include Transamerica Life Insurance Company and Transamerica Financial Life Insurance Company. Transamerica Retirement Solutions, LLC is a marketing unit of Transamerica Life Insurance Company and Transamerica Financial Life Insurance Company. Transamerica Retirement Solutions, LLC specializes in the promotion of retirement plan products and services. All references to Transamerica include Transamerica Life Insurance Company, Transamerica Financial Life Insurance Company and Transamerica Retirement Solutions, LLC.

Reliance Trust Company is the trustee for the Plan assets provided through Transamerica. Transamerica has a service agent agreement with Reliance to administer all ministerial duties regarding fund and plan administration. Therefore, Transamerica acts and signs on behalf of Reliance Trust. As an insurance company, Transamerica cannot register investments with the SEC and are limited to separate accounts and certain collective trust investment options. Reliance Trust Company has specific fiduciary responsibilities, most of which are delegated to Transamerica through a Passive Trustee arrangement. One of these responsibilities is not necessarily certifying the assets unless they specifically have custody of the assets. Although Transamerica owns the contract and is able to certify the financial statements pursuant to the DOL requirements, the certification of information provided to the plan administrator will be provided by Reliance Trust Company effective with the 2019 audit.

Principal Trust Company is the trustee for the Plan assets held with Principal Financial Group.

Contributions – Each year, participants may contribute to the Plan up to 100% of pretax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan or may choose the self-directed option. The Plan currently offers various mutual funds and a guaranteed investment contract as investment options for participants. The Sponsor will withhold an automatic deferral percentage of 6%

of eligible compensation each payroll period unless a participant makes an affirmative salary deferral election. The Company is required to make a qualified nonelective contribution of 3% of pretax compensation for all participants. The Company may, but is not required to, make discretionary matching contributions and discretionary profit sharing contributions to the Plan in an amount determined annually by the Board of Directors. Company qualified nonelective contributions were \$235,341 in 2019 and \$231,227 in 2018. Discretionary profit sharing contributions were \$422,546 and \$362,806 in 2019 and 2018, respectively. The Company did not make any discretionary match contributions in 2019 or 2018. Contributions are subject to certain statutory limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's qualified nonelective contributions, (b) the Sponsor's discretionary profit sharing contributions, and (c) Plan earnings (losses), and charged with any administrative expenses paid by the Plan. Allocations are based on participant's compensation, earnings or account balances, as provided in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and Company qualified nonelective contributions plus earnings thereon. Participants' vested interests in all other Company contributions plus earnings thereon increase from 20% after the first year of service to 100% after the fifth year.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between an investment fund and the loan fund. Loans must be repaid within five years except loans used for the purchase of a principal residence must be repaid within 30 years. Each loan is secured by the vested account balance in the participant's account and bears a rate of interest commensurate with the local prevailing rates as set by the plan administrator. Interest rates range from 4.25% to 6.5% at December 31, 2019. Principal and interest is paid ratably through biweekly automatic payroll deductions.

Payment of Benefits – Upon termination of employment, participants receive vested interests either in a lump-sum amount or over a period of time not to extend beyond the participant's life expectancy (or the life expectancy of the participant and his designated beneficiary). There were no benefits payable to terminated participants at December 31, 2019 and 2018.

Forfeiture Accounts – Forfeitures may first be used to reduce the amount of any legally permitted expenses incurred in connection with the administration of the Plan which are not otherwise paid by the Sponsor. Forfeitures are then used to reduce the Sponsor's future matching contributions. Forfeited nonvested accounts were \$956 and \$15 at December 31, 2019 and 2018, respectively. Employer contributions were reduced by \$6,550 in 2019 and \$3,893 in 2018 from forfeited nonvested accounts.

Tax Status – The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain

position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years 2016 and later remain open and subject to examination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

The Plan has evaluated subsequent events through October 7, 2020, the date the financial statements were approved and authorized by the plan administrator.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the statement of net assets available for benefits.

Investment Contracts – Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

The plan has an investment in the Stable Value Core Option Fund, which is a group annuity contract issued by Transamerica Life Insurance Company, at December 31, 2019. This contract is a fully benefit-responsive investment contract which is presented at contract value in the statement of net assets available for benefits at December 31, 2019.

ASU 2015-12 clarifies that the measurement and presentation requirements of a fully benefit-responsive investment contract apply only to direct investments. The Plan has an indirect investment in a guaranteed investment contract for the Principal Stable Value Fund, which is a collective investment trust held by Union Bond & Trust Company, as trustee, at December 31, 2019 and 2018. Therefore the statements of net assets available for benefits presents the fair value of this investment contract.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between

market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess contributions – Contributions made by certain active participants during a plan year are returned to them in order to satisfy the relevant nondiscrimination provisions of the Plan. There were no excess deferral contributions payable at December 31, 2019 and 2018.

Payment of Benefits – Benefits are recorded when paid.

Expenses of the Plan – Certain expenses of maintaining the Plan are paid by the Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees for the administration of notes receivable from participants and benefits paid to participants are included in administrative expenses and are charged directly to the participant's account.

Reclassifications – Certain amounts in the 2018 financial statements have been reclassified for comparative purposes to conform to 2019 presentation.

3. INVESTMENTS

The following information included in the Plan's financial statements and supplemental schedule as of and for the years ended December 31, 2019 and 2018 was obtained from data prepared by Transamerica Life Insurance Company and Principal Trust Company, trustees of the Plan. The plan administrator has obtained certifications from Reliance Trust Company and Principal Trust Company that such information is complete and accurate. The following represents the fair values or contract values of the investments in the separate identifiable funds administered by the trustees:

	2019	2018
Investments, at fair value	\$ 16,466,124	\$ 17,008,232
Investments, at contract value	2,000,353	
Notes receivable from participants	148,245	146,657
Interest and dividends	210,857	45,567
Interest income on notes receivable from participants	9,798	5,706
Net appreciation (depreciation) in fair value of investments	2,964,858	(856,116)
Net appreciation in contract value of investments	10,203	

4. FAIR VALUE MEASUREMENTS

The Plan's measurement of fair value for assets and liabilities is based on the framework established in the fair value accounting guidance. The framework is based on the inputs used in valuation, gives the highest priority to quoted prices in active markets, and requires that observable inputs be used in the valuations when available. The three levels of the hierarchy are as follows:

- Level 1: observable inputs such as unadjusted quoted prices in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included in active markets that are observable either directly or indirectly
- Level 3: unobservable inputs in which there is little or no market data, which requires the Plan to develop its own assumptions

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Most of the pooled separate accounts invest in mutual funds or stocks having observable level 1 quoted prices. While the underlying asset values are quoted prices, the net asset value (NAV) of a separate account is not publicly quoted. The pooled separate account real estate fund invests mainly in commercial real estate and mortgage loans with unobservable level 3 pricing inputs. The fair value of the underlying investments is estimated using discounted cash flow valuation methods and independent appraisals.

Common stocks within brokerage account: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/Collective trust: Guaranteed investment contract is valued based on the net asset value at which the plan transacts with the fund.

For those assets with fair value measured using Level 3 inputs, the plan administrator and trustee determine the fair value measurement policies and procedure. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total

Balance, December 31, 2018	<u>\$ 748,603</u>

Unrealized gains relating to instruments still held at the reporting date are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. INVESTMENT CONTRACTS

The Plan offers the option to invest in a group annuity contract, the Stable Value Core Option Fund, with Transamerica Life Insurance Company. Contributions are maintained in the insurance company's general account which has a portfolio investment rate design in which all deposits in the investment choice are credited with the same interest rate on a daily basis, and with no set maturity. This contract is a fully benefit-responsive investment contract.

Because the Stable Value Core Option Fund is considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Stable Value Core Option Fund. The Stable Value Core Option Fund is presented on the statement of net assets available for benefits at contract value which equals fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Prior to each January 1 and July 1, the effective annual rate of interest is established for the following six month period. Interest is credited based upon the daily balance at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. There is no stated minimum or maximum interest rate for the Stable Value Core Option Fund.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include certain transfers, withdrawals for purposes other than benefits, or termination of the contract.

The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The Stable Value Core Option Fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. As of December 31, 2019 Transamerica Life Insurance Company's credit ratings were as follows: A by A.M. Best Company, A+ by Fitch Ratings, A1 by Moody's Investor Service, and A+ by Standard & Poor's. These high credit ratings of Transamerica Life Insurance Company as of the measurement date substantiate the Stable Value Core Option Fund's ability to meet obligations set forth in the contract.

The average yields earned by the Stable Value Core Option Fund are as follows at December 31, 2019:

Average Yields:		
Based on actual earnings		.90%
Based on interest rate credited to participants		.90%

6. NONPARTICIPANT - DIRECTED INVESTMENTS

Information about the net assets and the significant components of the changes in net assets relating to nonparticipant-directed investments is as follows:

	2019	2018
Net assets	\$ 956	\$ 15
Changes in net assets:		
Forfeitures from participants	\$ 7,330	\$ 3,908
Forfeitures used to reduce employer contributions	(6,550)	(3,893)
Investment gain	161	
Change in net assets	\$ 941	\$ 15

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds or units of bank common trust funds managed by the trustees (or affiliates of the trustees) of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. SUBSEQUENT EVENT

The novel coronavirus (or "COVID-19") has adversely affected, and may continue to adversely affect, economic activity globally, nationally and locally. These economic and market conditions and other effects of the COVID-19 pandemic may adversely affect the volatility of Plan assets. The extent of any

adverse impact of the COVID-19 pandemic on the Plan's participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits are unknown at this time. Operation of the Plan has not been adversely impacted.

On March 27, 2020, President Trump signed the Coronavirus Aid, Relief and Economic Security Act (CARES Act) permitting plans to adopt certain provisions allowing qualified individuals to defer loan repayments, increase the borrowing limit from their account, or take coronavirus-related distributions without a 10% early withdrawal penalty. Plans are permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management does not intend to adopt these provisions.
