NAPLETON AUTO WERKS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the Napleton Auto Werks 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan was adopted effective May 1, 1990. The Plan is a defined contribution plan covering all non-union employees of Napleton Auto Werks (the Company), who meet the minimum eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Participants may elect to contribute pre-tax earnings and/or Roth contributions up to current Internal Revenue Service (“IRS”) regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. All employees, except collectively bargained employees and non-resident aliens, are eligible to enter the Plan after obtaining age 21 and completing 1,000 hours of service with the Company. Eligible employees can enter the Plan on the first day of the Plan’s quarter coinciding with or next following the date the eligibility requirements are met. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Company may contribute a discretionary profit-sharing contribution to all eligible employees. The Company did not elect to make a discretionary contribution for 2019. In addition, the Company may make matching 401(k) contributions equal to a discretionary percentage determined annually by the Company. No matching contributions were made in 2019. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

PARTICIPANT ACCOUNTS

Each participant’s account is credited with the participant’s elective contribution, the Company’s discretionary matching and profit-sharing contribution, investment earnings, and administrative expenses. Allocations for the Company’s discretionary matching and/or profit-sharing contributions are based on the participant’s deferrals for the Plan year. The benefit to which a participant is entitled is what can be provided from the participant’s vested account.

VESTING

Participants are vested immediately in their deferral contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their account is based on years of service.

Upon termination of employment for reasons other than by death, disability, or retirement, participants will receive the amount of their participant account valued at its fair market value.

Years of Vested Service	Percentage
Less than 1	0 %
1	20
2	40
3	60
4	80
5 or more	100

NOTE A - DESCRIPTION OF PLAN (Continued)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their account a minimum loan of $1,000 and up to a maximum amount equal to the lessor of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. The participants may have one loan outstanding at any time. The interest rate on outstanding loans at December 31, 2019 is from 3.25% to 5.50%.

PAYMENT OF BENEFITS

Benefit payments are made to participants or their beneficiaries upon death, disability, retirement, or severance of service in the form of a lump-sum distribution. Hardship withdrawals are also available to participants for immediate and severe financial need. Certain penalties may be assigned by the Internal Revenue Service for early withdrawal. In-service distributions are available to participants who have not incurred a severance from service if the participant has reached age 59 ½. The benefits owed to terminated participants who had requested distributions and not been paid amounted to zero at December 31, 2019 and 2018.

FORFEITED ACCOUNTS

At December 31, 2019 and 2018, forfeited non-vested totaled $0 and $75, respectively. Forfeitures may be used to reduce future employer contributions or allocated to qualified plan participants for the plan year based on the ratio of each participant's qualifying compensation to the total qualifying compensation for all eligible participants.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, which is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with generally accepted accounting principles.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect reported amounts assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments in the accompanying statements of net assets available for benefits are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

In accordance with FASB ASU 2010-25, *Plan Accounting-Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans,* the Plan has classified participant loans as notes receivable from participant. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded.

PAYMENT OF BENEFITS

Benefit obligations are recorded when paid.

EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 23, 2020, the date which the financial statements were available to be issued. See Note H for information regarding the significant event that occurred subsequent to year end.

NOTE C - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and all assets will be liquidated and paid to participants.

NOTE D - TAX STATUS

The Plan is a volume submitter plan sponsored by Ascensus Trust Company that has been adopted by the Company. The volume submitter plan obtained its latest opinion letter on March 31, 2014, by which the Internal Revenue Service has determined and informed the Company that the Plan and related trust, as then designed, were designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Federal or Illinois taxing jurisdictions. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus Trust Company (the trustee of the Plan).

NOTE F - FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE F - FAIR VALUE MEASUREMENTS Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Registered investment companies: Valued at the net asset value (NAV) of shares, which are based on quoted market prices, held by the Plan as of the end of the year.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 9,690,225	$ -	$ -	$ 9,690,225

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 7,782,384	$ -	$ -	$ 7,782,384

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits) and the statement of changes in net assets available for plan benefits.

NOTE H – SUBSEQUENT EVENTS

Subsequent to year-end, an outbreak of a novel strain of coronavirus (COVID-19) has had a significant impact on the world economy. The impact to the Plan of the COVID-19 pandemic during 2020 has resulted in significant reductions in values to many investments of the Plan. It has also significantly decreased interest rates. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. The long-term impact of the effects of the COVID-19 pandemic to the Plan and Plan sponsor as well as any relief from regulatory authorities are currently not known. The extent of the adverse impact of the COVID-19 pandemic on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.
