We were engaged to audit the accompanying financial statements of Weir's Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, the related statement of changes in net assets available for benefits for the year ended 2019 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Mid Atlantic Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

The supplemental schedules of assets held at end of year, reportable transactions and delinquent participant contributions, for the year ended December 31, 2019, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter – 2018 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Mid Atlantic Trust Company, the custodian of the Plan. Their report, dated August 20, 2019, indicated that (a) because of the significance of the information they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of the Plan

The following description of the Weir's Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees of Weir's Furniture Village, Inc. ("the Company"), who are not covered by a collective bargaining agreement which includes retirement benefits and non-resident aliens who receive no compensation from the employer which constitutes US source income. All employees should be at least 18 years of age or older and should have completed six months of service to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. The Plan also allows for participants to submit after-tax contributions designated as Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Plan provides that each year the employers may make discretionary matching and discretionary profit sharing contributions at the option of the Company's board of directors. For the year ending December 31, 2019, the Company did not elect to contribute a discretionary match or profit sharing contribution.

Investment Options
Upon enrollment in the Plan, a participant may direct employee and matching contributions in any of the available investment options. These investment options are comprised of a variety of mutual funds and a money market fund. Each of these investment vehicles has a distinct investment strategy, allowing adequate selection for participants wishing to thoroughly diversify their portfolios. Participants may change their investment options and their contribution percentages at any time.

Participant Accounts
Each participant's account is credited with the participant's contributions, the Company's matching contributions and allocations of Plan earnings(losses), and charged with an allocation of Plan expenses. Allocations of Plan earnings and expenses are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon as well as in the employers' discretionary matching contributions and discretionary profit sharing contributions plus actual earnings thereon.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50 percent of their vested account balance or $50,000 reduced by the outstanding balance of all other loans during the prior twelve-month period. There are no restrictions on the number of loans a participant may have outstanding at any time. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Note fund. Loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest (Prime rate plus 1%) determined at the time the loan is made. Principal and interest is paid in level payments throughout the duration of the loan.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum or direct rollover distributions. Employees may also make hardship withdrawals

Note 1 – Description of the Plan, continued

on the balance of their account related to their elective deferral contributions. Account balances of terminated employees of $5,000 or less will be 'cashed out' as either a lump sum or by rollover into another individual retirement account or other eligible retirement plan.

Forfeited Accounts
The Plan does not have any forfeitures as all participants are immediately vested in their own contributions as well as in the discretionary employer match and profit sharing contributions.

Administrative Expenses
All Plan administrative expenses are paid by the Company, but may be paid by the Plan with the exception of investment advisory fees and participant-initiated charges which include loan activity charges, charges to set up an annuity or installment payments, and activity charges for other withdrawals, which are directly from the individual participants' account.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

Note 2 – Summary of Significant Accounting Policies

Date of Management's Review
Subsequent events were evaluated through September 25, 2020, which is the date the financial statements were available to be issued.

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Estimates
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Investment earnings are recorded on the accrual basis. Benefits are recorded when paid. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Notes Receivable from Participants are measured at their unpaid principal plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based on the terms of the Plan document.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification 820 (FASB ASC 820), Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified or contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In May 2015, FASB issued Accounting Standards Update ("ASU") No. 2015-7, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share as the practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share as the practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and after December 15, 2016 for all other entities with early adoption permitted. The Plan adopted ASU 2015-7in 2017 with no material financial statement impact.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following methodologies were used for each type of investment:

Money market funds: Valued at cost of $1 per unit, which represents the NAV at year end.

Mutual funds of registered investment companies and common stocks: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

Note 3 – Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the plan's investments at fair value.

		Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets	Other Observable Inputs	Unobservable Inputs

Note 4 – Information Prepared and Certified by the Custodian (Unaudited)

Consistent with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the independent auditors not to audit the information certified as complete and accurate by the Plan's custodian. The investment information as of December 31, 2019 and 2018 was certified by Mid Atlantic Trust Company. The value of investments as reported by the custodian is summarized as follows:

	2019	2018
Non-interest bearing cash	$ 12,783	$ 20,459

Note 5 – Tax Status

The Internal Revenue Service has determined and informed the custodian of the Plan by letter dated March 31, 2014 that the Prototype plan adopted by the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been made in the financial statements.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 6 – Concentration of Credit Risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Assets invested in the various funds are not guaranteed by the trustee or the custodian of the Plan, are not federally insured by the Federal Deposit Insurance Corporation.

Note 7 – Party-in-Interest Transactions

Certain plan investments may include shares in a money market fund and mutual funds managed by Mid-Atlantic Trust Company, the Plan's custodian. Such transactions qualify as party-in-interest transactions and are reported on the Schedule of Assets (Held at End of Year), as part of the financial statements.

Fees paid by the Plan to July Business Services for the record keeping services amounted to $23,247 in 2019.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 9 - Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

Note 10 – Subsequent events

As a result of the spread of the COVID-19 corona virus, economic uncertainties have arisen which may negatively impact the Plan's performance in the current and future periods. Other financial impacts could occur though such potential impact is unknown and cannot be determined at this time.
