WHITE CASTLE 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2019 and 2018

Plan Description

The following brief description of the White Castle 401(k) Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information. Copies of this document are available from the plan administrator. The Plan commenced operations on September 20, 2015.

General

The Plan is a defined contribution plan covering substantially all employees of White Castle System, Inc. and Subsidiaries (the Corporation and Plan Sponsor), who meet certain eligibility requirements set forth in the plan agreement. Employees who are age 21 or older and have completed 60 uninterrupted days of service may enroll in the Plan on the first day of the next month after attaining eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Vanguard Fiduciary Trust Company (Vanguard) is the record keeper and trustee of the Plan.

Contributions

The Plan allows for participants to defer up to 100% of their compensation up to the maximum allowable amount, including both after-tax Roth and pre-tax elective deferral contributions, as stated by the Internal Revenue Service (IRS). Participants may also contribute amounts representing rollovers from other qualified defined benefit or contribution plans. The Plan allows catch-up contributions from eligible employees who have attained the age of 50.

The Plan includes a safe harbor matching contribution and allows for an annual profit sharing contribution by the Corporation. The employer matching contributions are made on eligible participant's elective deferrals at a rate of 100% up to 3% of eligible compensation and 50% between 3% and 5% of eligible compensation. The amount of the profit sharing contribution is determined by the Board of Directors of the Corporation and is allocated to the participants in the same proportion the participant's compensation bears to the total compensation paid to all eligible participants. Employees must have completed one year of service in order to be eligible for employer contributions. There were no profit sharing contributions made in 2019 or 2018.

All contributions are invested as directed by each participant into the various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Corporation's contributions, (b) Plan earnings and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are vested immediately in their contributions and the employer safe harbor matching contributions plus actual earnings thereon. Vesting in the employer profit sharing contribution portion of their accounts plus earnings thereon is based upon years of continuous service and is subject to the following vesting percentage provisions:

Years of Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants

The plan agreement allows participants to borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of the participant's vested account balance, whichever is less. Loans must be repaid within five years unless the loan is granted to allow the participant to purchase his or her principal residence. The loans are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates and range from 4.50% to 6.50%. Principal and interest are paid ratably primarily through payroll deductions.

Payment of Benefits

Upon termination of employment for any reason, including death or disability, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant is also eligible to receive a distribution from their account upon reaching normal retirement age, which is 65 years of age. The Plan also provides for in-service distributions if certain financial hardship conditions are met or upon reaching age 59½ while employed by the Corporation. In the case of termination of employment, the plan includes mandatory cash-out provisions for account balances less than \$5,000.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$25,290 and \$8,293, respectively. These accounts will be first used to pay administrative expenses, and then may be used to reduce future employer contributions. Forfeitures used to pay administrative expenses were \$7,093 and \$9,993 during 2019 and 2018, respectively.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect certain reported assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded as of the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowances for credit losses have been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by the Plan to the extent not paid by forfeited non-vested accounts or by the Corporation, as provided by the Plan agreement.

Total	\$ 41,823,771	\$ 28,238,800

The trustee also certified the completeness and accuracy of the following related to the aforementioned assets for the periods ended December 31:

	2019	2018
Net appreciation (depreciation) in fair value of investments	\$ 5,296,995	\$ (2,495,041)
Interest and dividends income	986,795	703,896
Interest income on notes receivables from participants	98,656	51,863

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the quoted market prices of shares held by the Plan at year-end.

Common Collective Trust: Valued at the net asset value (NAV) provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions and participants can transact daily.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 39,121,736	\$ -	\$ -	\$ 39,121,736
Investments measured at net asset value*	-	-	-	563,313
Total assets at fair value	\$ 39,121,736	\$ -	\$ -	\$ 39,685,049

Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 26,478,700	\$ -	\$ -	\$ 26,478,700
Investments measured at net asset value*	-	-	-	473,441
Total assets at fair value	\$ 26,478,700	\$ -	\$ -	\$ 26,952,141

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Tax Status

The Company adopted a prototype non-standardized profit sharing plan with a cash or deferred arrangement, which received a favorable opinion letter from the IRS on May 28, 2014, that stated that the Plan and related trust were designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by applicable taxing authorities. The plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

Party-in-Interest Transactions

Certain plan investments are managed by Vanguard. Vanguard is the trustee as defined by the Plan; and, therefore, these transactions qualify as party-in-interest transactions. Fees are also paid to the Plan's independent auditor and legal counsel which qualify as party-in-interest transactions. Administrative expenses totaled \$226,646 and \$153,996 during 2019 and 2018, respectively.

WHITE CASTLE 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2019 and 2018

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2019 statement of net assets available for benefits.

Subsequent Events

The Plan Sponsor concluded that subsequent to the date of the financial statements, due to the outbreak of the COVID-19 pandemic, supply chains and affected production and sales across a range of industries has been disrupted. The extent of the impact of COVID-19 on the Plan Sponsor's performance and the Plan's investments will depend on certain developments, including the duration and spread of the outbreak. Impact of the Plan cannot be predicted, and the extent to which COVID-19 may impact the statement of net assets available for benefits is uncertain at this time.

As a result of the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act includes relief provisions available to tax-qualified retirement plans and their participants.

Plan management is continuing to evaluate the relief provisions available to plan participants under the CARES Act and has implemented the following provisions effective April 1, 2020:

- In-service withdrawals will be allowed for COVID-19 related distributions up to \$100,000. Early withdrawal penalties on these distributions will be waived.
- The overall outstanding loan balance will be increased from \$50,000 to \$100,000 and will allow outstanding loans up to 100% of the participant's account balance. In addition, the Plan will also offer a payment deferral on participant loans until January 2021.
- Waiver of required minimum distributions for the 2020 plan year.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
