Report on the Financial Statements

I was engaged to audit the accompanying financial statements of DCS 401(k) MEP Solution (the Plan) which comprise the statement of net assets available for benefits as December 31, 2019 and 2018 and the related statement of changed in net assets available for benefits for the year ended December 31, 2019 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accepted accounting principles in the United States of America; this includes the design implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain a sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 20 CFR 2520.-103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by MassMutual and Voya, the custodians of the Plan, except for comparing the information with the related information included in the financial statements. I have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes transactions. The Plan Administrator has obtained a certification for the custodian on as of December 31, 2019 and 2018 and for the year ended December 31, 2019 that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion on the 2019 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on the 2019 financial statements.

To the Administrative Committee

Other Matter – Supplementary Information

The Supplemental Schedules (Schedule H, Line 4i- Schedule of Assets Held at End of Year) for the year ended December 31, 2019 are required by the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I did not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2019 financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE A – DESCRIPTION OF THE PLAN

The following description of the DCS 401(k) MEP Solution provides only general description. Interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of the Company who are not considered highly compensated. The Plan is a multi-employer Plan with 12 participating employees remaining as of December 31, 2019. All non-highly compensated employees are eligible upon one (1) year of service and have attained age 18.

2. Contribution and Investment Options

The Plan is funded each year by voluntary contributions of participants and discretionary matching, safe harbor or non-elective contributions by the participating employers. Participants may contribute to the Plan through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code of up to 100% of pretax annual compensation, as defined in the Plan, not to exceed the maximum amount permitted by law. The maximum amount permitted by law was \$ 19,000 in 2019 and \$ 18,500 in 2018. Participants who have attained age 50 by the end of the Plan year are eligible to make 'catch-up' contributions. The maximum amount of "catch-up" contributions that could have been made in the year 2018 and 2017 was \$6,000. Participants may also contribute amounts representing distributions from other qualified benefit plans or IRA's. The Plan allows Roth elective deferrals. Participants direct the investments of their contributions into various investment options offered by the Plan.

DECEMBER 31, 2019 AND 2018

NOTE A – DESCRIPTION OF THE PLAN –(Continued)

3. Participant Accounts

The Plan has established procedures to permit participants to direct the investment of contributions made by them or on their behalf of the Plan. The participants must follow the "The Participant Direction Procedure" giving investment directions to the asset custodian and may change their investment elections at any time. If they fail to make an investment election the Trustee is responsible for investing their accounts in a prudent matter. The participant investments are segregated for the purpose of determining the gains, earnings or losses for those investments. The Plan allows for the payment of expenses by the Plan unless the Employer pays them directly. The expenses are allocated to the participant's account.

4. Vesting

Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. The portion of the participant's accounts attributable to the employer's discretionary matching or non-elective contributions becomes vested based on the vesting schedule in their employer's participation agreement. Safe harbor contributions, if applicable are also 100% vested.

5. Participant Loans

Participants may borrow from their fund accounts a minimum of \$ 1,000 up to a maximum equal to the lesser of \$ 50,000 or 50% of their account balances. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 7.25% per annum, which are commensurate with local prevailing rates as determined by the custodian. Principal and interest is paid ratably through payroll deductions.

6. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum equal of the participant's vested interest in his or her account or in annual installments or a direct rollover distribution.

7. Forfeited Account

There are no forfeited accounts, participants are 100% vested in their deferrals. Forfeitures of Plans that make a match contribution may be used first to pay administrative expenses. As of December 31, 2019 forfeitures in the Plan were \$ 52,150.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management Review

The company has evaluated subsequent events through October 6, 2020 which is the date the financial statements were made available to be issued.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require that the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenue is recognized when earned and expenses are recognized when incurred.

All investments held by a defined contribution plan are stated at fair value based upon the quoted market value of the underlying securities at the end of each period.

Loans Receivable from Participants

Loan Receivables from participants are valued at their unpaid principal balance which approximates fair value. Delinquent participant loans are reclassified as distributions based on the terms of the plan's document.

Investment Valuation and Income Recognition

The Plan's Investments are reported at fair value. Fair Value is the price that would be received to sell as an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a grade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) include the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -(Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses to maintain the Plan, with the exception of audit fees, are paid for by the Plan. The company pays for most of the audit fees.

NOTE C - INVESTMENT MEASUREMENTS

Most of the Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The Stable value/Fixed assets are recorded at Contract Value. (See Note C - Change in Accounting Principle for more details) Furthermore, although the Plan believes its valuations methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature established a fair value hierarchy that prioritizes the inputs to valuation technique used to measure fair value. This hierarchy consists of three levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No level 2 inputs were available to the Plan and Level 3 inputs were only used when Level 1 and Level 2 inputs were not available.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE C - INVESTMENT MEASUREMENT - (Continued)

Change in Accounting Principle

1) In July 2015, The Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-12 - Parts 1 and 2. Part 1 eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part 2 eliminates the requirements to disclose individual investments that represent 5% of more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part 2 also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks.

2) Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities. The 3 levels are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include some of the following:

- * Quoted prices for similar assets/liabilities in active or inactive markets;
- * Inputs other than quoted prices that are observable for the asset/liability;
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE C - INVESTMENT MEASUREMENT - (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2019 and 2018.

- 1) Common Stocks: Valued at the closing price reported on the active market on which the individual securities are traded.
- 2) Self-directed brokerage accounts: Accounts primarily consisting of mutual funds and common stocks that are valued on the basis of readily determinable market prices.
- 3) Mutual Funds: Valued at the daily closing prices reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U. S. Securities and Exchange Commission. These funds are required to publish their daily net cost value and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan, under its Stable Value Fund investment options, hold a portfolio of synthetic investments. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participant if there is initiated permitted transactions under the terms of the Plan.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions, if applicable.

NOTE F – TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter March 31, 2008 that the Plan and related trusts are designed in accordance with applicable section 401 of the Internal Revenue as a Volume Submitter. Although the Plan has been amended since receiving the determination letter, the Plan administrators believe that the Plan is designed and is currently being operated in compliance with the applicable requirements by the IRS and therefore believes the Plan is qualified and the related trust is tax exempt.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the net assets available for benefits.
