INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Access Sciences Corporation 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Access Sciences Corporation 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with U.S. generally accepted auditing standards. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by WyStar Global Retirement Solutions, trustee of the Plan and a division of Wells Fargo Bank, N.A., except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4i, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. generally accepted auditing standards, and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Access Sciences Corporation 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2019

Note 1 - Description of Plan

The following description of the Access Sciences Corporation 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan, adopted effective January 1, 1991, with its latest amendment effective January 1, 2019, is a defined contribution plan generally covering all employees of Access Sciences Corporation (the "Company" or "Employer"). WyStar Global Retirement Solutions ("Trustee"), a division of Wells Fargo Bank, N.A., is the Plan trustee and USI Consulting Group, Inc. is the Plan recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility and service

The Plan allows participation to all employees except those covered by a collective bargaining agreement or nonresident aliens. The minimum age for participation is 21 and the minimum service requirement is six months.

Participant and employer contributions

The Plan provides for voluntary pre-tax and after-tax participant contributions expressed as a percentage of the participant's eligible compensation, as defined, up to the maximum amount allowed by law. The contributions are not to exceed the limits set by the Internal Revenue Code (the "IRC"), which limits the annual amount of salary deferrals that may be made by any participant. Eligible participants may also make catch-up contributions upon attaining 50 years of age, as defined by the IRC.

The Company may match employee contributions made to the Plan. The Company elected to match 50% up to a maximum of 6% of an employee's eligible compensation (as defined) for the Plan year. The Company may also make a non-elective, discretionary contribution, such as a profit sharing contribution, in addition to any matching contribution, that is allocated to eligible employees whether or not the employee makes a contribution. The Company did not make a non-elective, discretionary contribution for the Plan years 2019 and 2018.

Participant accounts

Each participant's account is credited with the participant's contribution, an allocation of the Employer's contribution, Plan earnings and losses, and administrative expenses. Allocations are based on participant compensation and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are 100% vested at all times in their voluntary contributions. Each participant whose employment terminated for reasons other than death, disability, attainment of normal or early retirement age, is entitled to a non-forfeitable right to his or her employer non-elective, discretionary or matching contribution account based on a graded vesting schedule.

Note 1 - Description of Plan (Continued)

Vesting (continued)

Employer contributions become vested based on years of service as follows:

Years of Service	Percent Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment options

Plan participants can direct the investment of their contributions and the Company's matching contributions into any or all of the investment options available under the Plan. Participants can change their investment allocation among the various investment options either through direct transfer from one option to another or by changing the percentage allocation of future contributions.

Administrative expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 and a maximum equal to the lesser of $50,000 reduced by the highest outstanding note receivable balance in the participant's account during the prior 12-month period or 50% of the participant's vested account balances. Additionally, a participant may not have more than one note receivable outstanding at any time. Each note receivable under the Plan must mature within five years from the date on which it was made unless the note receivable is used to acquire a principal residence, in which case the note receivable may permit a longer repayment term. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with similar types of loans by other lenders as determined by the Plan administrator.

Distributions to participants

Participants are eligible for distributions of their vested account balances upon the event of death, disability, retirement, termination of employment, or other reasons.

Distributions may be made in a lump-sum payment or in substantially equal installments. If the vested account balance exceeds $5,000, participants must elect how to receive their distribution. If the vested balance is $5,000 or less and no election is made, the amount will be automatically rolled over into an individual retirement account established on behalf of the participant. Any taxable distribution paid directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Note 1 - Description of Plan (Continued)

Forfeitures

Upon termination of service, a participant's vested account balance will be distributed to the participant or directly rolled into other qualified plans depending on the status of the original contribution and participant direction. The unvested amount is forfeited and maintained in the forfeiture cash account and may be used to pay administrative expenses or to reduce future employer contributions payable under the Plan. Forfeitures allocated to reduce employer contributions were $17,955 and $11,216 during 2019 and 2018, respectively. As of December 31, 2019 and 2018, there were $8,716 and $2,025, respectively, of forfeitures available for use.

Plan termination

Although it has not expressed any intent to do so, management of the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested and the net assets of the Plan are to be distributed to participants.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation along with realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants, if any, are reclassified as distributions based upon terms of the *Plan Document*.

Note 2 - Summary of Significant Accounting Policies (Continued)

Financial instruments and credit risk

Financial instruments which are potentially subject to credit risk include investments in a money market fund, mutual funds and a pooled separate account. Investments are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from these estimates.

Distributions to participants

Distributions are recorded when paid.

Recent accounting pronouncement

The Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement* in August 2018. The ASU modifies the disclosure requirements for the fair value measurements in Topic 820, including the removal, modification to, and addition of certain disclosure requirements. The ASU and its provisions will be effective for the Plan's fiscal year beginning after December 15, 2019. The provisions of the ASU are not expected to have a material impact on the Plan's financial statements.

Note 3 - Information Certified by the Trustee (Unaudited)

For Plan years 2019 and 2018, the financial information included in the Plan's financial statements and supplemental schedule, except for employee and employer contributions receivable, contributions, distributions to participants, and administrative expenses, has been derived from information certified as complete and accurate by the Trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 - Fair Value Measurements

The Plan uses a three-level hierarchy for disclosure of fair value measurements of its assets and liabilities, depending on the observability of the inputs employed in the measurement. The hierarchy of fair value measurements is described below:

- Level 1 – quoted prices in active markets for identical assets or liabilities;

Note 4 - Fair Value Measurements (Continued)

- Level 2 – inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or

- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Money market fund - this investment is valued at cost, which approximates fair value.

- Mutual funds - these investments are valued daily using quoted market prices.

- Pooled separate account - this investment is valued daily at the net asset value of the units held by the Plan based on the quoted market value of the underlying funds. Fair value of shares of underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund. All investments can be redeemed daily and have no unfunded commitments. Distributions from the underlying funds are reinvested in additional shares on that date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of fair values subsequent to the reporting date. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments held by the Plan as of December 31, 2019 measured at fair value are as follows:

	Level	Total
Money market fund	1	$ 8,716
Mutual funds	1	8,075,215
Pooled separate account	(a)	526,573
Total investments, at fair value		$ 8,610,504

Note 4 - Fair Value Measurements (Continued)

The Plan's investments held by the Plan as of December 31, 2018 measured at fair value are as follows:

	Level	Total
Money market fund	1	$ 2,025
Mutual funds	1	6,538,668
Pooled separate account	(a)	488,861
Total investments, at fair value		$ 7,029,554

(a) The pooled separate account is measured at net asset value per share (or its equivalent) as a practical expedient and has not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

Note 5 - Tax Status

The volume submitter plan adopted by the Company received its latest advisory letter dated March 31, 2014, in which the Internal Revenue Service (the "IRS") stated that the plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan has been amended and restated since receiving the opinion letter. However, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of December 31, 2019. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan underwent an IRS audit of the 2008 - 2016 Plan years which was concluded on February 12, 2019 and no sanctions were issued. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2019	2018

The following is a reconciliation of the net increase (decrease) in net assets available for benefits per the financial statements to net income (loss) per Form 5500 for the years ended December 31:

	2019	2018
Net increase (decrease) in net assets available for benefits per the financial statements	$ 1,617,916	$ (367,556)
Change in employee contributions receivable	(120)	-
Change in employer contributions receivable	(11,688)	-
Change in deemed distributions	-	13,645
Other	-	(3)
Net income (loss) per Form 5500	$ 1,606,108	$ (353,914)

Note 7 - Subsequent Events

The Coronavirus Aid Relief and Economic Security Act ("CARES Act") was passed by Congress and signed into law on March 27, 2020. Plan Management is reviewing the CARES Act and its impact on the Plan.

Management has evaluated subsequent events through August 28, 2020, which was the date that the financial statements were available to be issued. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen and have caused significant volatility in the U.S. markets. However, the financial impact and duration cannot be reasonably estimated at this time.
