NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Red Hawk Fire & Security Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan, formed on November 1, 2012, covering all eligible employees of Red Hawk Fire & Security, LLC (the "Company"), and certain affiliated companies, who are age 21 or older, provided they are not union employees as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. On December 3, 2018, the Company became an indirect wholly owned subsidiary of ADT Inc.

Plan Transfers

Effective December 31, 2019, the Plan merged into the ADT Security Corporation Retirement Savings and Investment Plan (the "ADT Plan"). As a result of the merger, assets in the amount of \$76,522,231 were transferred out of the Plan as presented in the accompanying statement of changes in net assets available for benefits. Accordingly, there are no assets available for benefits as of December 31, 2019.

Administration of Plan Assets

The Plan is administered by the Company. Effective as of July 1, 2016, Reliance Trust Company ("RTC") was engaged as the Trustee for the Plan. Automatic Data Processing, Inc. ("ADP") functions as the Plan's record-keeper.

Eligibility and Contributions

On May 1, 2019, the Plan was amended to allow all full-time employees of the Company to be eligible to become participants in the Plan subsequent to reaching an age of 21 years or older. There is no service requirement to participate in the Plan.

Participants are automatically enrolled in the Plan on their first day of eligibility at a contribution rate of 6% unless they opt out. Participants may elect to contribute in whole percentages ranging from 1%-70% of eligible compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain limitations under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified plans ("rollovers"). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company matches 50% up to the first 6% of employee contributions. Contributions are subject to certain limitations. All contributions made during a Plan year are subject to maximum dollar limitations established by the IRC. For the year ended December 31, 2019, the total maximum allowable tax-deferred contribution to the Plan under the IRC from employee sources was \$19,000, plus catch-up contributions of \$6,000 for eligible employees.

Participant Accounts

Each participant's account is credited and/or debited with the participant's contributions, employer contributions, and a proportionate share of Plan earnings/losses, investment fees, and any other administrative expenses paid out of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Investment Options

Upon enrollment in the Plan, participants may direct their contributions plus actual earnings thereon to be invested in any of the investment options offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are immediately fully vested in their contributions plus/minus actual earnings/losses thereon. The Plan uses the equivalency method for employer contributions, which means that if an employee works at all during a month, he or she is credited with 190 hours. Once a participant reaches 1,000 hours in the Plan year, he or she is credited with a year of service. On January 1, 2019, the Plan was amended related to employer contributions. For participants hired by the Company as of and subsequent to January 1, 2019, participants vest in employer contributions based upon the following schedule, subject to the same hourly requirement/year equivalency noted above:

Vesting Schedule Matching Contributions	
<u>Years of Service</u>	<u>Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

For participants hired by the Company prior to January 1, 2019, participants vest in employer contributions based upon the following schedule:

Vesting Schedule Matching Contributions	
<u>Years of Service</u>	<u>Percentage</u>
1	50%
2	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Each participant is allowed to have a maximum of one loan outstanding at a time. The notes are secured by the balance in the participant's vested account, or other collateral, and bear interest at a rate commensurate with prime rate plus 1%. The prime rate is determined based upon the prime rate of interest that is published in the Wall Street Journal on the 14th day of each month. There were no notes receivable from participants at December 31, 2019. Interest rates on participant loans ranged from 4.25% to 6.25% at December 31, 2018.

The maximum note repayment period is five years unless the note is for the purchase of a primary residence in which case the repayment schedule may be for a term in excess of five years. Principal and interest payments with respect to the notes are credited solely to the account of the borrowing participant from which the note was made.

December 31, 2019 and 2018

Forfeited Accounts

Forfeitures of non-vested account balances are used to offset plan administrative expenses and to reduce employer contributions. As of December 31, 2019 and 2018, there were approximately \$0 and \$7,900, respectively, of forfeited non-vested accounts. During the year ended December 31, 2019, employer contributions were reduced from forfeitures by approximately \$6,700.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Payment of Benefits

Upon death, disability, or retirement, participants' accounts become 100% vested and participants or their beneficiaries may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if the benefit payable does not exceed \$5,000. If the benefit payable exceeds \$5,000, the participant or his or her beneficiaries may elect to receive a single lump sum payment, a partial withdrawal, or an annuity. If a participant meets certain criteria, benefits may also be received as an in-service withdrawal.

Upon termination of service, benefits relating to employee contributions and vested employer contributions are distributed and subject to the applicable taxes and penalties or rolled over if the total investment amount is \$5,000 or less. If the investment amount is greater than \$5,000, a participant may elect to have the funds remain in the Plan until age 70-1/2. Upon termination of service, an automatic lump-sum distribution will be made for vested amounts less than \$1,000 and unless otherwise directed by the participant, automatic individual retirement account rollovers will be made for vested amounts between \$1,000 and \$5,000. If the investment amount is greater than \$5,000, a distribution of the participant's account may not be made without the participant's consent, until age 70-1/2.

Benefits paid to participants are recorded as deductions from net assets available for benefits when paid.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Red Hawk Fire & Security Employee Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2019 and 2018

Net Appreciation in Fair Value of Investments

Net realized and unrealized appreciation of investments is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments and includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document. As of December 31, 2019 and 2018, there were no allowance for credit losses recorded by the Plan.

Administration of the Plan

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Certain administration expenses, such as professional fees, are paid directly by the Company and are excluded from these financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurement*, provides a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Valued at the net asset value ("NAV") of shares sold by the Plan at year end. The mutual funds provide for daily redemptions by the Plan at reported NAVs with no advance notice requirement.

Common/Collective Trusts - The Plan has an interest in collective trusts valued at the NAV of units sold. The NAV is used as a practical expedient to estimate fair value. The collective trusts invests primarily in guaranteed investment contracts, synthetic guaranteed investments contracts, and separate account investment contracts. The accounts are credited with contributions and earnings on the underlying

Red Hawk Fire & Security Employee Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED

investments and charges for participant withdrawals and administrative expenses charged by the trustee of the collective trust funds. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. There are no reserves against the collective trust funds for credit risk of the contract issuer or otherwise. There are no participant redemption restrictions or unfunded commitments. Redemption can occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 52,202,594	\$ -	\$ -	\$ 52,202,594
Total assets in the fair value hierarchy	\$ 52,202,594	\$ -	\$ -	52,202,594
Investments measured at NAV				4,504,073
Investments, at fair value	\$ 52,202,594	\$ -	\$ -	\$ 56,706,667

NOTE 4 - RISKS AND UNCERTAINTIES

The Plan provides for investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 5 - TAX STATUS

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the IRC, and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's policy is to recognize interest and penalties as a component of administrative expenses, and there were no interest and penalties recognized during the year ended December 31, 2019. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee certified that the following data included in the financial statements is complete and accurate:

- a. Investments, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.
- b. Net investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information certified by the Trustee to the related information included in the financial statements.

NOTE 7 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants are considered party-in-interest transactions because they are transacted with Plan participants. Investment transactions with funds managed by RTC are considered party-in-interest transactions. Certain Plan recordkeeping functions are performed by ADP and are considered party-in-interest transactions.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to amounts reported in the Form 5500 as of December 31:

NOTE 9 - SUBSEQUENT EVENTS

The Plan evaluated its financial statements for subsequent events through September 30, 2020, which is the date these financial statements were available to be issued.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization (the "COVID-19 Pandemic"). The COVID-19 Pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect the Plan's assets. While the potential economic impact and the duration of the COVID-19 Pandemic may be difficult to assess or predict, the COVID-19 Pandemic could result in significant disruption of global financial markets. The extent to which the COVID-19 Pandemic impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

The Coronavirus Aid Relief, and Economic Security Act (the "CARES Act") was passed by the U.S. Senate on March 25, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to the COVID-19 Pandemic.

Schedule C, Line 2(h) Formula Description

For those service providers listed on Line 2 for which Line 2(h) has been checked “yes”:
