Note 1 – Description of the Plan

The following description of the ATS Employees' 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Austin Traffic Signal Construction Co., Inc. (formerly known as Austin Traffic Signal Construction Co., LP) and ATS Drilling, Inc. (formerly known as ATS Drilling, L.P.) (collectively, the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and qualifies under Section 401(a) of the Internal Revenue code (the "IRC").

On December 17, 2019, the Plan was amended and all employees of ATS Drilling, Inc. are no longer eligible to participate in the Plan. The assets of employees of ATS Drilling, Inc. were transferred to a new plan, the ATS Drilling, Inc. 401(k) Plan.

Administration

The Plan assets are held by Ascensus Trust Company (the "Trustee"). The financial records of the Plan are maintained by The Vanguard Group, Inc. ("Vanguard"), the "Third Party Administrator".

Eligibility

Employees are eligible to participate in the Plan once they complete six months of service and are at least 21 years of age, as defined by the Plan document, and are actively employed by the Plan Sponsor on the last day of the plan year.

Participant Contributions

Contributions are made to the Plan by the Plan Sponsor on behalf of each eligible participant based upon the participant's elected compensation deferral through payroll deductions. The Plan Sponsor funds the contributions at the end of each payroll period. Eligible participants may elect to contribute amounts not to exceed the annual limit established by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants age 50 and older as of December 31 of the Plan year are permitted to make elective catch-up deferrals in accordance with Section 414(v) of the IRC.

Employer Contributions

The Plan Sponsor has the option to make a discretionary matching contribution. During the year ended December 31, 2019, the Plan Sponsor elected not to make a discretionary matching contribution. Additionally, the Plan Sponsor may make a discretionary profit share contribution. Each employee's share of the Plan Sponsor's discretionary profit-sharing contribution is determined by the ratio of their compensation divided by total eligible compensation times the Plan Sponsor's discretionary profit-sharing contribution. The Plan Sponsor elected to make a discretionary profit-sharing contribution of $0 and $584,756 for the plan years ended December 31, 2019 and 2018, respectively. The Plan Sponsor used $22,886 in forfeitures to fund the 2018 discretionary profit-sharing contribution. The remaining $561,870 was funded with a cash contribution from the Plan Sponsor in 2019. The $22,886 of forfeitures are reflected as a negative employer contribution during the year ended December 31, 2019.

Note 1 – Description of the Plan (continued)

Participant Accounts
Each participant's account is credited with the participant's contributions, the Plan Sponsor's contributions and an allocation of Plan earnings, and may be charged with Plan expenses, as applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants are allowed to direct their investments under the Plan.

Notes Receivable from Participants
No loans to participants are permitted under this Plan.

Forfeited Accounts
Forfeited non-vested accounts totaled $16,102 and $22,876, as of December 31, 2019 and 2018, respectively. These accounts may be used to reduce future Plan administrative expenses and employer contributions. The non-vested portion of terminated participants' account balances becomes forfeitures on the earlier of a requested distribution or five consecutive years without credit service at the Plan Sponsor, not on the date of termination. In 2019, $22,886 and $9,221 of forfeited non-vested accounts were utilized to fund the discretionary profit-sharing contribution and reduce administrative expenses, respectively.

Vesting
Participants are vested in employer contributions at a rate of ten percent (10%) per year for the first two years and twenty percent (20%) for each year thereafter. A participant is one hundred percent (100%) vested after six years of service. Upon death, disability retirement, or normal retirement age, the participant becomes 100% vested in its account, irrespective of the vesting schedule. Participants are immediately and fully vested in their elective salary deferral contributions to the Plan.

Payment of Benefits
Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participant's spouse or beneficiary), (3) disability of the participant, or (4) the participant's retirement.

Terminating participants with balances under $1,000 are automatically distributed to the terminating participant regardless of whether participant consent is received. Terminating participants with balances greater than $1,000 are permitted to stay in the Plan.

On termination of service due to death prior to retirement, the account balance is paid to the participant's spouse or beneficiary in a lump sum. At the termination of service at the Plan's determined retirement age of 55, the account balance will become 100% vested with distributions being made at the request of the participant. If the participant remains employed past the normal retirement date, distributions may be deferred until termination of employment for non-owners. Active participants can withdraw benefits once they reach 59 ½ years of age.

Plan Termination
Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions would be made as soon as administratively practicable after the Plan terminates.

Note 1 – Description of the Plan (continued)

Distributions During Employment
As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Plan Sponsor. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Sponsor) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- Post-secondary education for participant or their dependents,
- To prevent eviction from or foreclosure on the participant's principal residence, and
- Payment of funeral expenses for a member of the participant's family
- Repair of damage to a primary residence that would qualify for the casualty deduction und the Internal Revenue Code.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainty
Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 2 – Summary of Significant Accounting Policies (continued)

Subsequent Events
The Plan has evaluated subsequent events through September 29, 2020, the date the financial statements were available to be issued.

Note 3 – Information Certified by the Trustee

All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investment assets at December 31, 2019 and 2018, and the related net investment gain for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

Note 4 – Tax Status

The Plan Sponsor has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document is based upon a volume submitter plan instrument from Ascensus LLC, which received an IRS advisory letter dated January 1, 2018. The volume submitter plan instrument has been updated for legislative and regulatory changes. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 5 – Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 — Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; input other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 5 – Fair Value Measurements (continued)

- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission ("SEC") and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

September 29, 2020

To The Plan Administrator
ATS Employees' 401(k) Profit Sharing Plan:

We have conducted a DOL limited-scope audit of the financial statements of ATS Employees' 401(k) Profit Sharing Plan (the "Plan") for the year ended December 31, 2019 and have issued our report dated September 29, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated April 27, 2020. Professional standards also require that we communicate to you the following information related to our audit:

Significant Audit Findings

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2019. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

- The disclosure regarding investment valuation and income recognition in Note 5 to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Significant Unusual Transactions

For purposes of this letter, professional standards define *significant unusual transactions* as transactions that are outside the normal course of business for the Company or that otherwise appear to be unusual due to their timing, size or nature. We noted no significant unusual transactions during our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Uncorrected and Corrected Misstatements

Professional standards require us to accumulate all audit adjustments identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. A list of the corrected misstatements is included in Appendix A. There were no uncorrected adjustments identified as part of the audit procedures.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the plan administrator and members of management charged with governance and of the ATS Employees' 401(k) Profit Sharing Plan and is not intended to be, and should not be, used by anyone other than these specified parties.
