INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Miller Environmental Group Inc. 401K Plan
Calverton, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Miller Environmental Group Inc. 401K Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Prudential Bank & Trust, F.S.B., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 1 – Description of Plan

The following description of the Miller Environmental Group Inc. 401K Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Miller Environmental Group Inc. (the "Company") who are age 18 or older and complete 90 days of service. Employees who work less than 1,000 hours or who are bona fide residents of or perform services in Puerto Rico are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective January 1, 2019, the Plan added an auto-enrollment provision whereby all employees contributing less than 3% will automatically be increased to 3% and all newly eligible employees will be automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a Qualified Default Investment Account (QDIA) until changed by the participant.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary matching contribution. For the year ended December 31, 2019, the company made discretionary matching contributions equal to 100% of the first 3% of the participants' elective contributions which totaled $269,336. Additional nonelective amounts may be contributed at the option of the Plan sponsor. During the year ended December 31, 2019, the Company did not make a nonelective contribution. Company matching and nonelective contributions are invested in a portfolio of investments as directed by participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The note interest rate, determined quarterly, is set at 2% above the prime rate, as defined. Principal and interest is paid ratably through weekly payroll deductions.

Note 1 – Description of Plan (continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a single-sum amount equal to a portion of the value of the participant's vested interest in his or her account if the vested benefit in the Plan exceeds $5,000, as defined. If the vested benefit in the Plan does not exceed $5,000, a participant may only receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Annual installments are permitted for required minimum distributions only.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $29,484 and $14,169, respectively. These accounts will be used to reduce future employer contributions or pay Plan expenses. Also, in 2019, employer contributions were reduced by $11,945 from forfeited non-vested accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by investment advisers, trustee and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Corrective Distributions Payable

Corrective distributions payable generally represent the distribution of certain assets to participants in order for the Plan to comply with non-discrimination rules. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019. There were no excess contributions for the 2019 Plan year.

Note 2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued. See Note 13 for further discussion on subsequent events.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. There were no level 2 or 3 assets held by the Plan at December 31, 2019 and 2018:

	Assets at Fair Value (Level 1)	
	2019	2018
Mutual funds	$ 8,177,634	$ 6,664,923
Total investments at fair value	$ 8,177,634	$ 6,664,923

Note 4 – Fully Benefit Responsive Investment Contract

The Plan has a fully benefit-responsive investment contract with The Prudential Retirement Insurance and Annuity Company (Prudential) totaling $1,287,104 for 2019 and $1,106,288 for 2018. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include: (1) amendments to the Plan documents, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify from exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreements without the consent of the issuer.

Note 5 – Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by The Prudential Retirement Insurance and Annuity Company and Prudential Mutual Funds, affiliates of Prudential Bank & Trust, F.S.B. Prudential Bank & Trust F.S.B., is the trustee as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Direct payments paid by the Plan for recordkeeping and audit fees total $14,361 and are included in administrative expenses.

MILLER ENVIRONMENTAL GROUP INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 7 – Tax Status

The Plan is structured and follows a prototype non-standardized cash or deferred profit-sharing plan, pre-approved by the IRS. The IRS issued an opinion letter dated April 29, 2014, that the prototype plan is acceptable in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Trustee Certification

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Prudential Bank & Trust, F.S.B., the trustee of the Plan.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Delinquent Participant Contributions

During 2019, the Company failed to remit to the Plan's trustee certain participant contributions and loan repayments totaling $46,944 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions and loan repayments to the trustee were due to administrative errors. The Company made contributions to the affected participants' accounts during 2019 and will compensate affected participants for lost income due to the delays.

During 2018 and 2017, the Company failed to remit to the Plan's trustee certain participant contributions totaling $6,000 and $9,068, respectively, within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors. The Company made contributions to the affected participants' accounts during 2019 and will compensate affected participants for lost income due to the delays. A participant contribution receivable totaling $15,068 is included in the accompanying statements of net assets available for benefits related to this administrative error at December 31, 2018.

Note 11 – Voluntary Compliance Program

The Company intends to correct a limited number of operational errors related to employee deferrals and employer matching contributions under the IRS's Employee Plans Compliance Resolution System using the Self Correction Program. Plan management does not expect the financial impact to be material to the financial statements as a whole.

Change in contribution receivables	25,508
Change in corrective distributions payable	(17,435)
Net increase in net assets available for benefits per Form 5500	$ 1,657,623

Note 13 - Subsequent Events

On January 1, 2020, the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) of 2019, which was enacted and signed into law on December 20, 2019 to incentivize saving and investing for retirement, went into effect. The SECURE Act a) increases the required minimum distribution (RMD) age for retirement accounts from age 70.5 to age 72; b) repeals the maximum age for traditional IRA contributions; c) requires employers to include long-term part-time employees who have completed at least 500 hours of service each year for three consecutive years and are age 21 or older, as participants in 401(k) plans, except in the case of collectively bargained plans. However, these participants can be excluded from safe harbor contributions, nondiscrimination and top-heavy requirements; d) allows for distributions of up to $5,000 from retirement accounts penalty-free within a year of birth or adoption for qualified expenses; e) allows automatic-enrollment safe harbor plans to increase the cap on raising payroll contributions from 10 percent to 15 percent; and f) allows individuals to withdraw up to $10,000 from 529 plans to repay their child's student loans.

In March 2020, the novel coronavirus (COVID-19) outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has adversely affected and may continue to adversely affect economic activity globally, nationally and locally. Following the COVID-19 outbreak, the values of investment securities declined significantly. Such events may also adversely affect business and consumer confidence, generally, and the Plan sponsor and its customers, and their respective suppliers, vendors and processors may be adversely affected. These economic and market conditions and other effects of the COVID-19 outbreak may continue to adversely affect the Plan. The extent of the impact of COVID-19 on the Plan and on participants' account balances, and amounts reported in the 2019 statement of net assets available for benefits, will depend on future developments that are highly uncertain and cannot be predicted at this time.

Note 13 - Subsequent Events (continued)

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), was enacted and signed into law. Section 2202 of the CARES Act provides for special distribution options and rollover rules for retirement plans and IRAs and expands permissible loans from certain qualified retirement plans. The CARES Act a) provides for expanded distribution options and waives the 10% early distribution penalty, for up to $100,000 of coronavirus-related distributions from eligible retirement plans (certain employer retirement plans, such as section 401(k) and 403(b) plans, and IRAs) to qualified individuals, as well as providing special rollover rules with respect to such distributions; b) allows plan sponsors to adopt a provision to allow participants who were impacted by COVID-19 and meet certain criteria, to increase the maximum amount eligible participants may borrow from their account to the lesser of $100,000 (minus outstanding plan loans of the individual), or 100% of the participant's vested balance for loans established from March 27, 2020, to September 22, 2020. Furthermore, it allows participants with existing loans to defer their loan repayments with a due date from the enactment date through December 31, 2020, for up to one year; and c) waives the requirement for participants to take a required minimum distribution (RMD) from their retirement account for the 2020 calendar year.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Miller Environmental Group Inc. 401K Plan
Calverton, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Miller Environmental Group Inc. 401K Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Prudential Bank & Trust, F.S.B., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MILLER ENVIRONMENTAL GROUP INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 1 – Description of Plan

The following description of the Miller Environmental Group Inc. 401K Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Miller Environmental Group Inc. (the "Company") who are age 18 or older and complete 90 days of service. Employees who work less than 1,000 hours or who are bona fide residents of or perform services in Puerto Rico are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective January 1, 2019, the Plan added an auto-enrollment provision whereby all employees contributing less than 3% will automatically be increased to 3% and all newly eligible employees will be automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a Qualified Default Investment Account (QDIA) until changed by the participant.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary matching contribution. For the year ended December 31, 2019, the company made discretionary matching contributions equal to 100% of the first 3% of the participants' elective contributions which totaled $269,336. Additional nonelective amounts may be contributed at the option of the Plan sponsor. During the year ended December 31, 2019, the Company did not make a nonelective contribution. Company matching and nonelective contributions are invested in a portfolio of investments as directed by participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The note interest rate, determined quarterly, is set at 2% above the prime rate, as defined. Principal and interest is paid ratably through weekly payroll deductions.

MILLER ENVIRONMENTAL GROUP INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 1 – Description of Plan (continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a single-sum amount equal to a portion of the value of the participant's vested interest in his or her account if the vested benefit in the Plan exceeds $5,000, as defined. If the vested benefit in the Plan does not exceed $5,000, a participant may only receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Annual installments are permitted for required minimum distributions only.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $29,484 and $14,169, respectively. These accounts will be used to reduce future employer contributions or pay Plan expenses. Also, in 2019, employer contributions were reduced by $11,945 from forfeited non-vested accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by investment advisers, trustee and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Corrective Distributions Payable

Corrective distributions payable generally represent the distribution of certain assets to participants in order for the Plan to comply with non-discrimination rules. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019. There were no excess contributions for the 2019 Plan year.

Note 2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued. See Note 13 for further discussion on subsequent events.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. There were no level 2 or 3 assets held by the Plan at December 31, 2019 and 2018:

	Assets at Fair Value (Level 1)	
	2019	2018
Mutual funds	$ 8,177,634	$ 6,664,923
Total investments at fair value	$ 8,177,634	$ 6,664,923

Note 4 – Fully Benefit Responsive Investment Contract

The Plan has a fully benefit-responsive investment contract with The Prudential Retirement Insurance and Annuity Company (Prudential) totaling $1,287,104 for 2019 and $1,106,288 for 2018. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include: (1) amendments to the Plan documents, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify from exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreements without the consent of the issuer.

Note 5 – Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by The Prudential Retirement Insurance and Annuity Company and Prudential Mutual Funds, affiliates of Prudential Bank & Trust, F.S.B. Prudential Bank & Trust F.S.B., is the trustee as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Direct payments paid by the Plan for recordkeeping and audit fees total $14,361 and are included in administrative expenses.

MILLER ENVIRONMENTAL GROUP INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 7 – Tax Status

The Plan is structured and follows a prototype non-standardized cash or deferred profit-sharing plan, pre-approved by the IRS. The IRS issued an opinion letter dated April 29, 2014, that the prototype plan is acceptable in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Trustee Certification

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Prudential Bank & Trust, F.S.B., the trustee of the Plan.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Delinquent Participant Contributions

During 2019, the Company failed to remit to the Plan's trustee certain participant contributions and loan repayments totaling $46,944 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions and loan repayments to the trustee were due to administrative errors. The Company made contributions to the affected participants' accounts during 2019 and will compensate affected participants for lost income due to the delays.

During 2018 and 2017, the Company failed to remit to the Plan's trustee certain participant contributions totaling $6,000 and $9,068, respectively, within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors. The Company made contributions to the affected participants' accounts during 2019 and will compensate affected participants for lost income due to the delays. A participant contribution receivable totaling $15,068 is included in the accompanying statements of net assets available for benefits related to this administrative error at December 31, 2018.

Note 11 – Voluntary Compliance Program

The Company intends to correct a limited number of operational errors related to employee deferrals and employer matching contributions under the IRS's Employee Plans Compliance Resolution System using the Self Correction Program. Plan management does not expect the financial impact to be material to the financial statements as a whole.

	2019
Net increase in net assets available for benefits per the financial statements	$ 1,649,550
Change in contribution receivables	25,508
Change in corrective distributions payable	(17,435)
Net increase in net assets available for benefits per Form 5500	$ 1,657,623

Note 13 - Subsequent Events

On January 1, 2020, the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) of 2019, which was enacted and signed into law on December 20, 2019 to incentivize saving and investing for retirement, went into effect. The SECURE Act a) increases the required minimum distribution (RMD) age for retirement accounts from age 70.5 to age 72; b) repeals the maximum age for traditional IRA contributions; c) requires employers to include long-term part-time employees who have completed at least 500 hours of service each year for three consecutive years and are age 21 or older, as participants in 401(k) plans, except in the case of collectively bargained plans. However, these participants can be excluded from safe harbor contributions, nondiscrimination and top-heavy requirements; d) allows for distributions of up to $5,000 from retirement accounts penalty-free within a year of birth or adoption for qualified expenses; e) allows automatic-enrollment safe harbor plans to increase the cap on raising payroll contributions from 10 percent to 15 percent; and f) allows individuals to withdraw up to $10,000 from 529 plans to repay their child's student loans.

In March 2020, the novel coronavirus (COVID-19) outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has adversely affected and may continue to adversely affect economic activity globally, nationally and locally. Following the COVID-19 outbreak, the values of investment securities declined significantly. Such events may also adversely affect business and consumer confidence, generally, and the Plan sponsor and its customers, and their respective suppliers, vendors and processors may be adversely affected. These economic and market conditions and other effects of the COVID-19 outbreak may continue to adversely affect the Plan. The extent of the impact of COVID-19 on the Plan and on participants' account balances, and amounts reported in the 2019 statement of net assets available for benefits, will depend on future developments that are highly uncertain and cannot be predicted at this time.

Note 13 - Subsequent Events (continued)

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), was enacted and signed into law. Section 2202 of the CARES Act provides for special distribution options and rollover rules for retirement plans and IRAs and expands permissible loans from certain qualified retirement plans. The CARES Act a) provides for expanded distribution options and waives the 10% early distribution penalty, for up to $100,000 of coronavirus-related distributions from eligible retirement plans (certain employer retirement plans, such as section 401(k) and 403(b) plans, and IRAs) to qualified individuals, as well as providing special rollover rules with respect to such distributions; b) allows plan sponsors to adopt a provision to allow participants who were impacted by COVID-19 and meet certain criteria, to increase the maximum amount eligible participants may borrow from their account to the lesser of $100,000 (minus outstanding plan loans of the individual), or 100% of the participant's vested balance for loans established from March 27, 2020, to September 22, 2020. Furthermore, it allows participants with existing loans to defer their loan repayments with a due date from the enactment date through December 31, 2020, for up to one year; and c) waives the requirement for participants to take a required minimum distribution (RMD) from their retirement account for the 2020 calendar year.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Miller Environmental Group Inc. 401K Plan
Calverton, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Miller Environmental Group Inc. 401K Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Prudential Bank & Trust, F.S.B., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MILLER ENVIRONMENTAL GROUP INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 1 – Description of Plan

The following description of the Miller Environmental Group Inc. 401K Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Miller Environmental Group Inc. (the "Company") who are age 18 or older and complete 90 days of service. Employees who work less than 1,000 hours or who are bona fide residents of or perform services in Puerto Rico are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective January 1, 2019, the Plan added an auto-enrollment provision whereby all employees contributing less than 3% will automatically be increased to 3% and all newly eligible employees will be automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a Qualified Default Investment Account (QDIA) until changed by the participant.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary matching contribution. For the year ended December 31, 2019, the company made discretionary matching contributions equal to 100% of the first 3% of the participants' elective contributions which totaled $269,336. Additional nonelective amounts may be contributed at the option of the Plan sponsor. During the year ended December 31, 2019, the Company did not make a nonelective contribution. Company matching and nonelective contributions are invested in a portfolio of investments as directed by participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The note interest rate, determined quarterly, is set at 2% above the prime rate, as defined. Principal and interest is paid ratably through weekly payroll deductions.

MILLER ENVIRONMENTAL GROUP INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 1 – Description of Plan (continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a single-sum amount equal to a portion of the value of the participant's vested interest in his or her account if the vested benefit in the Plan exceeds $5,000, as defined. If the vested benefit in the Plan does not exceed $5,000, a participant may only receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Annual installments are permitted for required minimum distributions only.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $29,484 and $14,169, respectively. These accounts will be used to reduce future employer contributions or pay Plan expenses. Also, in 2019, employer contributions were reduced by $11,945 from forfeited non-vested accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by investment advisers, trustee and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Corrective Distributions Payable

Corrective distributions payable generally represent the distribution of certain assets to participants in order for the Plan to comply with non-discrimination rules. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019. There were no excess contributions for the 2019 Plan year.

Note 2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued. See Note 13 for further discussion on subsequent events.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. There were no level 2 or 3 assets held by the Plan at December 31, 2019 and 2018:

	Assets at Fair Value (Level 1)	
	2019	2018
Mutual funds	$ 8,177,634	$ 6,664,923
Total investments at fair value	$ 8,177,634	$ 6,664,923

Note 4 – Fully Benefit Responsive Investment Contract

The Plan has a fully benefit-responsive investment contract with The Prudential Retirement Insurance and Annuity Company (Prudential) totaling $1,287,104 for 2019 and $1,106,288 for 2018. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include: (1) amendments to the Plan documents, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify from exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreements without the consent of the issuer.

Note 5 – Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by The Prudential Retirement Insurance and Annuity Company and Prudential Mutual Funds, affiliates of Prudential Bank & Trust, F.S.B. Prudential Bank & Trust F.S.B., is the trustee as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Direct payments paid by the Plan for recordkeeping and audit fees total $14,361 and are included in administrative expenses.

MILLER ENVIRONMENTAL GROUP INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 7 – Tax Status

The Plan is structured and follows a prototype non-standardized cash or deferred profit-sharing plan, pre-approved by the IRS. The IRS issued an opinion letter dated April 29, 2014, that the prototype plan is acceptable in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Trustee Certification

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Prudential Bank & Trust, F.S.B., the trustee of the Plan.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Delinquent Participant Contributions

During 2019, the Company failed to remit to the Plan's trustee certain participant contributions and loan repayments totaling $46,944 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions and loan repayments to the trustee were due to administrative errors. The Company made contributions to the affected participants' accounts during 2019 and will compensate affected participants for lost income due to the delays.

During 2018 and 2017, the Company failed to remit to the Plan's trustee certain participant contributions totaling $6,000 and $9,068, respectively, within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors. The Company made contributions to the affected participants' accounts during 2019 and will compensate affected participants for lost income due to the delays. A participant contribution receivable totaling $15,068 is included in the accompanying statements of net assets available for benefits related to this administrative error at December 31, 2018.

Note 11 – Voluntary Compliance Program

The Company intends to correct a limited number of operational errors related to employee deferrals and employer matching contributions under the IRS's Employee Plans Compliance Resolution System using the Self Correction Program. Plan management does not expect the financial impact to be material to the financial statements as a whole.

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2019, to the Form 5500:

	2019
Net increase in net assets available for benefits per the financial statements	$ 1,649,550
Change in contribution receivables	25,508
Change in corrective distributions payable	(17,435)
Net increase in net assets available for benefits per Form 5500	$ 1,657,623

Note 13 - Subsequent Events

On January 1, 2020, the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) of 2019, which was enacted and signed into law on December 20, 2019 to incentivize saving and investing for retirement, went into effect. The SECURE Act a) increases the required minimum distribution (RMD) age for retirement accounts from age 70.5 to age 72; b) repeals the maximum age for traditional IRA contributions; c) requires employers to include long-term part-time employees who have completed at least 500 hours of service each year for three consecutive years and are age 21 or older, as participants in 401(k) plans, except in the case of collectively bargained plans. However, these participants can be excluded from safe harbor contributions, nondiscrimination and top-heavy requirements; d) allows for distributions of up to $5,000 from retirement accounts penalty-free within a year of birth or adoption for qualified expenses; e) allows automatic-enrollment safe harbor plans to increase the cap on raising payroll contributions from 10 percent to 15 percent; and f) allows individuals to withdraw up to $10,000 from 529 plans to repay their child's student loans.

In March 2020, the novel coronavirus (COVID-19) outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has adversely affected and may continue to adversely affect economic activity globally, nationally and locally. Following the COVID-19 outbreak, the values of investment securities declined significantly. Such events may also adversely affect business and consumer confidence, generally, and the Plan sponsor and its customers, and their respective suppliers, vendors and processors may be adversely affected. These economic and market conditions and other effects of the COVID-19 outbreak may continue to adversely affect the Plan. The extent of the impact of COVID-19 on the Plan and on participants' account balances, and amounts reported in the 2019 statement of net assets available for benefits, will depend on future developments that are highly uncertain and cannot be predicted at this time.

Note 13 - Subsequent Events (continued)

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), was enacted and signed into law. Section 2202 of the CARES Act provides for special distribution options and rollover rules for retirement plans and IRAs and expands permissible loans from certain qualified retirement plans. The CARES Act a) provides for expanded distribution options and waives the 10% early distribution penalty, for up to $100,000 of coronavirus-related distributions from eligible retirement plans (certain employer retirement plans, such as section 401(k) and 403(b) plans, and IRAs) to qualified individuals, as well as providing special rollover rules with respect to such distributions; b) allows plan sponsors to adopt a provision to allow participants who were impacted by COVID-19 and meet certain criteria, to increase the maximum amount eligible participants may borrow from their account to the lesser of $100,000 (minus outstanding plan loans of the individual), or 100% of the participant's vested balance for loans established from March 27, 2020, to September 22, 2020. Furthermore, it allows participants with existing loans to defer their loan repayments with a due date from the enactment date through December 31, 2020, for up to one year; and c) waives the requirement for participants to take a required minimum distribution (RMD) from their retirement account for the 2020 calendar year.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Miller Environmental Group Inc. 401K Plan
Calverton, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Miller Environmental Group Inc. 401K Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Prudential Bank & Trust, F.S.B., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MILLER ENVIRONMENTAL GROUP INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 1 – Description of Plan

The following description of the Miller Environmental Group Inc. 401K Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Miller Environmental Group Inc. (the "Company") who are age 18 or older and complete 90 days of service. Employees who work less than 1,000 hours or who are bona fide residents of or perform services in Puerto Rico are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective January 1, 2019, the Plan added an auto-enrollment provision whereby all employees contributing less than 3% will automatically be increased to 3% and all newly eligible employees will be automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a Qualified Default Investment Account (QDIA) until changed by the participant.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary matching contribution. For the year ended December 31, 2019, the company made discretionary matching contributions equal to 100% of the first 3% of the participants' elective contributions which totaled $269,336. Additional nonelective amounts may be contributed at the option of the Plan sponsor. During the year ended December 31, 2019, the Company did not make a nonelective contribution. Company matching and nonelective contributions are invested in a portfolio of investments as directed by participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The note interest rate, determined quarterly, is set at 2% above the prime rate, as defined. Principal and interest is paid ratably through weekly payroll deductions.

MILLER ENVIRONMENTAL GROUP INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

Note 1 – Description of Plan (continued)

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a single-sum amount equal to a portion of the value of the participant's vested interest in his or her account if the vested benefit in the Plan exceeds $5,000, as defined. If the vested benefit in the Plan does not exceed $5,000, a participant may only receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Annual installments are permitted for required minimum distributions only.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $29,484 and $14,169, respectively. These accounts will be used to reduce future employer contributions or pay Plan expenses. Also, in 2019, employer contributions were reduced by $11,945 from forfeited non-vested accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by investment advisers, trustee and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Corrective Distributions Payable

Corrective distributions payable generally represent the distribution of certain assets to participants in order for the Plan to comply with non-discrimination rules. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019. There were no excess contributions for the 2019 Plan year.

Note 2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued. See Note 13 for further discussion on subsequent events.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 3 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. There were no level 2 or 3 assets held by the Plan at December 31, 2019 and 2018:

	Assets at Fair Value (Level 1)	
	2019	2018
Mutual funds	$ 8,177,634	$ 6,664,923
Total investments at fair value	$ 8,177,634	$ 6,664,923

Note 4 – Fully Benefit Responsive Investment Contract

The Plan has a fully benefit-responsive investment contract with The Prudential Retirement Insurance and Annuity Company (Prudential) totaling $1,287,104 for 2019 and $1,106,288 for 2018. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include: (1) amendments to the Plan documents, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify from exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreements without the consent of the issuer.

Note 5 – Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by The Prudential Retirement Insurance and Annuity Company and Prudential Mutual Funds, affiliates of Prudential Bank & Trust, F.S.B. Prudential Bank & Trust F.S.B., is the trustee as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Direct payments paid by the Plan for recordkeeping and audit fees total $14,361 and are included in administrative expenses.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 7 – Tax Status

The Plan is structured and follows a prototype non-standardized cash or deferred profit-sharing plan, pre-approved by the IRS. The IRS issued an opinion letter dated April 29, 2014, that the prototype plan is acceptable in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Trustee Certification

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Prudential Bank & Trust, F.S.B., the trustee of the Plan.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Delinquent Participant Contributions

During 2019, the Company failed to remit to the Plan's trustee certain participant contributions and loan repayments totaling $46,944 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions and loan repayments to the trustee were due to administrative errors. The Company made contributions to the affected participants' accounts during 2019 and will compensate affected participants for lost income due to the delays.

During 2018 and 2017, the Company failed to remit to the Plan's trustee certain participant contributions totaling $6,000 and $9,068, respectively, within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors. The Company made contributions to the affected participants' accounts during 2019 and will compensate affected participants for lost income due to the delays. A participant contribution receivable totaling $15,068 is included in the accompanying statements of net assets available for benefits related to this administrative error at December 31, 2018.

Note 11 – Voluntary Compliance Program

The Company intends to correct a limited number of operational errors related to employee deferrals and employer matching contributions under the IRS's Employee Plans Compliance Resolution System using the Self Correction Program. Plan management does not expect the financial impact to be material to the financial statements as a whole.

	2019
Net increase in net assets available for benefits per the financial statements	$ 1,649,550
Change in contribution receivables	25,508
Change in corrective distributions payable	(17,435)
Net increase in net assets available for benefits per Form 5500	$ 1,657,623

Note 13 - Subsequent Events

On January 1, 2020, the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) of 2019, which was enacted and signed into law on December 20, 2019 to incentivize saving and investing for retirement, went into effect. The SECURE Act a) increases the required minimum distribution (RMD) age for retirement accounts from age 70.5 to age 72; b) repeals the maximum age for traditional IRA contributions; c) requires employers to include long-term part-time employees who have completed at least 500 hours of service each year for three consecutive years and are age 21 or older, as participants in 401(k) plans, except in the case of collectively bargained plans. However, these participants can be excluded from safe harbor contributions, nondiscrimination and top-heavy requirements; d) allows for distributions of up to $5,000 from retirement accounts penalty-free within a year of birth or adoption for qualified expenses; e) allows automatic-enrollment safe harbor plans to increase the cap on raising payroll contributions from 10 percent to 15 percent; and f) allows individuals to withdraw up to $10,000 from 529 plans to repay their child's student loans.

In March 2020, the novel coronavirus (COVID-19) outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has adversely affected and may continue to adversely affect economic activity globally, nationally and locally. Following the COVID-19 outbreak, the values of investment securities declined significantly. Such events may also adversely affect business and consumer confidence, generally, and the Plan sponsor and its customers, and their respective suppliers, vendors and processors may be adversely affected. These economic and market conditions and other effects of the COVID-19 outbreak may continue to adversely affect the Plan. The extent of the impact of COVID-19 on the Plan and on participants' account balances, and amounts reported in the 2019 statement of net assets available for benefits, will depend on future developments that are highly uncertain and cannot be predicted at this time.

Note 13 - Subsequent Events (continued)

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), was enacted and signed into law. Section 2202 of the CARES Act provides for special distribution options and rollover rules for retirement plans and IRAs and expands permissible loans from certain qualified retirement plans. The CARES Act a) provides for expanded distribution options and waives the 10% early distribution penalty, for up to $100,000 of coronavirus-related distributions from eligible retirement plans (certain employer retirement plans, such as section 401(k) and 403(b) plans, and IRAs) to qualified individuals, as well as providing special rollover rules with respect to such distributions; b) allows plan sponsors to adopt a provision to allow participants who were impacted by COVID-19 and meet certain criteria, to increase the maximum amount eligible participants may borrow from their account to the lesser of $100,000 (minus outstanding plan loans of the individual), or 100% of the participant's vested balance for loans established from March 27, 2020, to September 22, 2020. Furthermore, it allows participants with existing loans to defer their loan repayments with a due date from the enactment date through December 31, 2020, for up to one year; and c) waives the requirement for participants to take a required minimum distribution (RMD) from their retirement account for the 2020 calendar year.
