Note 1 – Description of the Plan

The following description of the Bonney Plumbing 401(K) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all leased employees of Bonney Plumbing, LLC (the "Company" or the "Plan Sponsor") who have at least one year of service, as defined, and are age 21 or older. The Board of Trustees of the Plan control and manage the operation and administration of the Plan. Massachusetts Mutual Life Insurance Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute 100% of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). During the year ended December 31, 2019, the Company made safe-harbor matching contributions of 100% of the first 4% of base compensation that a participant contributes to the Plan. The Company may also make qualified non-elective contributions ("QNEC") and discretionary additional matching contributions.

Delinquent Participant Contributions

During the years ended December 31, 2019 and 2018, the Company did not remit certain participant contributions to the Plan in a timely manner as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Such contributions aggregated $458,840 for the years ended December 31, 2019 and 2018 which are summarized on the Schedule of Delinquent Participant Contributions. The Company will pay lost earnings of $1,335 to the plan during 2020 relating to the late remittances of participant contributions for the years ended December 31, 2019 and 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and allocations of the Plan's earnings and charged with the participant's withdrawals and allocations of the Plan's losses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' non-vested accounts may be used to reduce Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of the Plan (continued)

Vesting

Participants are immediately vested in their contributions, safe-harbor matching contributions and qualified non-elective contributions, plus actual earnings thereon. Vesting in Company nonelective and additional matching contributions is based on years of continuous service, as defined. A participant becomes 20% vested after two years of service, 40% after three years of service, 60% after four years of service, 80% after five years of service and 100% vested after six years of service. However, upon reaching normal retirement age, or if an active participant dies or becomes permanently disabled prior to attaining normal retirement age, the participant's account becomes 100% vested.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan.

Notes Receivable from Participants

Participants may borrow up to a maximum of $50,000 or 50% of the vested portion of their account balance, whichever is less. The notes are secured by the balance in the respective participant's account and bear interest at rates that range from 5.25% to 7.50%, which were commensurate with local prevailing rates for similar notes at the time funds were borrowed. Principal and interest are paid ratably through payroll deductions.

Benefit Payments

On termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments, as permitted under the terms of the Plan.

Forfeited Accounts

Forfeitures of both discretionary Company matching contributions and discretionary profit sharing contributions may be used for Plan expenses or to reduce current or future Company matching and profit sharing contributions. No forfeitures were used to reduce Company contributions during the year ended December 31, 2019. As of December 31, 2019, there were forfeitures of $6,880 available for future use.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. These financial statements were approved by the trustees of the Plan and available for issuance on October 7, 2020. Subsequent events have been evaluated through this date.

Note 2 – Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments, including guaranteed interest accounts and pooled separate accounts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Notes receivable are terminated when a participant withdraws from the Plan. Any unpaid loan balance will reduce the amount of the participant's vested interest in the account balance upon distribution. Notes with any scheduled repayment that remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which repayment was due, or with an outstanding principal balance existing after the last scheduled repayment date, are considered delinquent. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Fully benefit-responsive investment contracts, such as those held in the MassMutual GIA, are reported at contract value pursuant to Accounting Standards Update ("ASU") No. 2015-12. Contract value (generally equal to historical cost plus accrued interest) is the relevant measure for fully benefit-responsive investment contracts because it represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the accounting standards update, all Plan investments in such contracts are presented at contract value in the Statements of Net Assets Available for Benefits. The guaranteed interest rate was 1.80%, as of December 31, 2019. The guaranteed interest rate is determined every six months.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination); (ii) breach of contract; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such event is probable.

Note 2 – Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Plan as provided in the Plan document. However, the Company may also pay the Plan expenses directly. Transaction charges for loan and benefit payment transactions, if any, are paid by the Plan by reducing the balances of those participants initiating the transaction.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Note 3 – Federal Income Tax Status

The Internal Revenue Service has determined and informed the Company, by a letter dated September 18, 2001, that the Plan is qualified, and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter, however, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there were no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities and other jurisdictions, however, there are currently no audits in progress for any tax periods.

Note 4 – Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain Plan investments are managed by Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company is the Plan's trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid by the Plan to Massachusetts Mutual Life Insurance Company for other services amounted to $4,503 for the year ended December 31, 2019. Notes receivable from participants held by the Plan are also considered party-in-interest transactions.

Note 5 – Information Certified by the Trustee

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedules, which was prepared by Massachusetts Mutual Life Insurance Company, the trustee of the Plan, and furnished to the Plan Administrator. The plan administrator has obtained certifications from Massachusetts Mutual Life Insurance Company that such information is complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

a. Investments as of December 31, 2019 and 2018, as indicated in the Statements of Net Assets Available for Benefits and Note 7;

b. Investment income information, as indicated on the Statement of Changes in Net Assets Available for Benefits and all investment balances in Note 6 for the year ended December 31, 2019; and

c. Supplemental schedule of assets (held at end of year) as of December 31, 2019.

Note 6 – Investments

As reported by the Plan's trustee, the Plan's participant-directed investments (including investments bought, sold or held during the year) collectively increased in net value by $700,510 during the year ended December 31, 2019.

Note 7 – Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* ("ASC Topic 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted market prices in active markets, that the Plan has the ability to access, for identical assets and liabilities.

Level 2: Observable inputs other than quoted market prices in active markets for identical assets and liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: These inputs into the valuation methodology are unobservable and developed using estimates and assumptions.

The assets' or liabilities' fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 7 – Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded and to be Level 1 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at December 31, 2019 and 2018.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

December 31, 2019	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,874,928	$ -	$ -	$ 3,874,928

December 31, 2018	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,020,157	$ -	$ -	$ 3,020,157

In accordance with ASC Top 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in economic conditions or valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2019 and 2018, there were no transfers in or out of levels 1, 2 or 3.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants will become 100% vested in their employer contributions.

Note 9 – Reconciliation of Plan Financial Statements to the Form 5500

The Annual Return / Report of Employee Benefit Plan (the "Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of the Form 5500 differ from those included in these financial statements. The ending net asset balances as of December 31, 2019 and 2018 are reconciled as follows:

	2019	2018
Net assets - reflected on Form 5500	$ 4,169,970	$ 3,272,808
Employer contributions receivable	1,335	1,224
Participant contributions receivable	-	206
Corrective distributions payable	-	(2,099)
Net assets - reflected in these financial statements	$ 4,171,305	$ 3,272,139

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2019 to Form 5500:

Change in net assets per Form 5500	$ 897,162
Sponsor contributions receivable at December 31, 2019 not included in Form 5500	1,335
Sponsor contributions receivable at December 31, 2018 not included in Form 5500	(1,224)
Participant contributions receivable at December 31, 2018 not included in Form 5500	(206)
Corrective distributions payable at December 31, 2018 not included in Form 5500	2,099
Change in net assets per these financial statements	$ 899,166

Note 10 – Subsequent Events

ASC Topic 855, “Subsequent Events”, establishes general standards of accounting for and disclosure of events that occur after the balance sheet date, but before financial statements are issued. Accordingly, management has evaluated events occurring subsequent to December 31, 2019 through the date these financial statements were approved by management and available for issuance.

The COVID-19 outbreak, which was declared a pandemic by the World Health Organization on March 11, 2020, has negatively impacted the world economy. The impact of COVID-19 on companies continues to evolve rapidly and its future effects on the Company’s operations are uncertain
