Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

The following description of the Ideal Clamp Products 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan was established May 1, 1979 and was most recently amended and restated effective January 1, 2015. The Plan is a defined contribution plan available for qualifying employees of Ideal Clamp Products, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Trustee and Administration of the Plan

The trustee of the Plan is Charles Schwab Bank (“Trustee”). The recordkeeper of the Plan is TRI-AD Actuaries, Inc. (“Recordkeeper”). The administrator of the Plan is the Company. The Plan’s Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Eligibility

Full time employees, as defined, are eligible to participate in the Plan after completing 30 consecutive days of employment. Temporary employees, as defined, are eligible to participate in the Plan after completing 12 consecutive months of service with at least 1,000 hours.

Union employees whose employment is governed by a collective bargaining agreement, leased employees, non-resident aliens, employees who participate in the Company’s work co-op or internship programs and temporary employees who fail to complete a period of service are not eligible to participate in the Plan.

Contributions

Participants may contribute on a pre-tax or after-tax Roth basis up to 100% of their eligible compensation, subject to certain Internal Revenue Code (“IRC”) limitations (\$19,000 for 2019). Participants who have attained or will attain the age of 50 by the last day of the plan year may elect to make catch-up contributions, as defined by the Plan, subject to IRC limitations (\$6,000 for 2019). Participants may also increase or decrease their deferral percentages on the first day of any pay period.

The Plan includes an automatic-enrollment provision whereby eligible employees will be automatically enrolled in the Plan at a 3% pre-tax contribution. Participants may waive the automatic enrollment.

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

The Company makes a safe harbor basic matching contribution equal to 100% of the first 3% of participant contributions, plus 50% of the next 2% of participant contributions. Catch-up contributions are matched. See Note 8, *Subsequent Events*, for discussion on the suspension of the safe harbor basic matching contribution.

The Company may also make an annual discretionary profit-sharing contribution. Participants are eligible to receive a discretionary profit-sharing contribution if they have completed a year of service (12 months of service with at least 1,000 hours) and are employed by the Company on the last day of the plan year. These discretionary contributions will be allocated in the ratio that a participant's annual total compensation bears to the compensation paid to all eligible participants for the plan year. The Company did not elect to make a discretionary profit-sharing contribution for the year ended December 31, 2019.

Rollover contributions transferred from other qualified retirement plans or Individual Retirement Accounts ("IRA") are accepted as permitted by the Plan Document.

Participants Accounts and Investment Options

Each participant's account is credited with (1) the participant's pre-tax, after-tax Roth, catch-up, and rollover contributions; (2) the Company's safe harbor basic matching contribution and discretionary profit-sharing contribution; and (3) an allocation of plan earnings or losses thereon. Each participant's account is charged with withdrawals and expenses. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option.

Participants may direct the investment of their account balances into various investment options offered by the Plan, and may change their investment elections at any time. The Plan offers various registered investment companies and a collective investment trust as investment options for participants. If a participant does not affirmatively elect an investment allocation, a Target Date Fund appropriate for the participant's age will be selected for them. Participants may make investment election changes at any time. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting and Forfeitures

Participants are immediately 100% vested in their pre-tax, after-tax Roth, catch-up, rollover and employer safe harbor basic matching contributions. Participants are 100% vested in the discretionary profit-sharing contribution upon completion of three years of service. A participant's vesting percentage in discretionary contributions shall be 100% if the participant dies while employed, becomes disabled, or reaches normal retirement age (age 65).

In the event the Plan has forfeited balances, forfeitures may be applied to reduce future employer contributions or pay plan administrative expenses. The forfeitures account had a zero balance at December 31, 2019 and 2018. During the year ended December 31, 2019, there were no forfeitures used to reduce employer contributions or applied to administrative expenses.

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

Payment of Benefits

A participant's vested interest in the Plan is payable upon termination of employment for any reason or upon death. Upon termination of service, the participant may (1) elect to receive the distribution in a lump sum, (2) roll over their account balance to another qualified plan or IRA, or (3) leave the account in the Plan up to age 70½, at which time one of the above distribution options must be selected if the participant is no longer employed.

If a participant dies before benefits have begun, the vested portion of the account is paid to the beneficiary in a lump sum.

Terminated participants whose account balance is less than \$1,000 will receive a lump-sum cash distribution if the participant does not elect another form of distribution. If the participant's balance is over \$1,000 but no more than \$5,000 it will be rolled into an IRA in the name of the participant. Terminated participants may elect to withdraw any portion of their accounts at any time after they terminate, provided the minimum amount requested is at least \$1,000.

Actively employed participants can begin withdrawing their employer safe harbor basic matching contribution account along with their pre-tax, after-tax Roth and rollover balances without penalty at age 59½. In-service hardship distributions are allowed if certain criteria are met. A beneficiary may elect to rollover any portion of a distribution that would constitute an eligible rollover distribution, if it were made by a participant, surviving spouse or alternate payee.

Notes Receivable from Participants

A participant may borrow a minimum of \$1,000 up to 50% of his or her non-forfeitable balance not to exceed \$50,000. Notes are secured by the balance in the participant's account and bears an interest rate based on the rates available for similar borrowings from commercial institutions and is fixed for the term of the note. Interest rates on outstanding notes at December 31, 2019 range from 5.25% to 7.50%. Notes are repaid ratably through payroll deductions over a period of five years or less, unless the note qualifies as a home loan. Only one note may be outstanding at a time, and a participant may not originate more than one new note in a twelve-month period.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan Document to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. To the extent not already vested, participants would be fully vested upon termination of the Plan.

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. See Note 4, *Fair Value Measurements and Disclosures*, for discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchase and sales are recorded on the trade-date basis. Interest and dividend income include interest on the collective investment trust funds and dividends on holdings in registered investment companies. The net appreciation (depreciation) in the fair value of investments represents the realized and unrealized gains and losses on the investments and capital gains reinvested.

Contributions

Participant contributions and the related safe harbor basic matching contributions are recognized in the Plan year during which the Company makes payroll deductions from the participant's compensation.

Payment of Benefits

Benefits paid to participants are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2019 or 2018.

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest was de minimus. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses

The Plan may pay for eligible Plan expenses as provided by the Plan Document. Fees, primarily loan origination, distribution fees, and asset-based fees, are charged directly to the participant's account and are included in administrative expenses. Administrative expenses of \$63,004 were paid by the Plan for the year ended December 31, 2019. Certain investment expenses charged within the registered investment companies and the collective investment trust are presented net of the net income or loss of each investment option in net appreciation (depreciation) in fair value of investments. All other expenses of the Plan incurred during 2019 were paid by the Company and are excluded from these financial statements.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Cash, investments and participant notes receivable as reported in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Net investment income and interest earned on notes receivable from participants as reported on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019;
- Investment information included in the Notes to Financial Statements;
- All investment information included in the Supplemental Schedule - Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) – As of December 31, 2019.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

4. FAIR VALUE MEASUREMENTS AND DISCLOSURES

Financial Accounting Standards Board Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets for identical assets and liabilities. Level 2 inputs are inputs for quoted prices for similar assets or liabilities in active markets; inputs for quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

The asset’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There were no changes in the valuation methodology used at December 31, 2019 and 2018:

Registered investment companies (mutual funds): The shares of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund Collective Investment Group Trust: The Wilmington Trust Collective Investment Trust III for MetLife Group Annuity Contract No. 25554 (the “Fund”) was formed as a collective investment group trust. The Fund is comprised of a group annuity contract which primarily consists of fully benefit responsive investment contracts. The Fund is valued daily at the NAV of the units of the collective investment trust. NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from the reported NAV. Participant transactions may occur daily. If the Plan initiates a full redemption of the Fund, the issuer reserves the right to require 12 months’ notification in order to ensure that security liquidations will be carried out in an orderly manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between levels for the year ended December 31, 2019.

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

<i>As of December 31, 2019</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 25,252,001	\$ -	\$ -	\$ 25,252,001
Total assets in the fair value hierarchy	\$ 25,252,001	\$ -	\$ -	25,252,001
Investments measured at net asset value (a)				4,646,471
Total investments at fair value				\$ 29,898,472

<i>As of December 31, 2018</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 21,546,334	\$ -	\$ -	\$ 21,546,334

Investments measured at net asset value (a)				4,988,209
Total investments at fair value				\$ 26,534,543

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<i>Investment Type</i>	<i>Fair Value – December 31, 2019</i>	<i>Fair Value – December 31, 2018</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Collective Investment Group Trust (a)	\$ 4,646,471	\$ 4,988,209	None	Daily	May require up to 12 months for full liquidation

- (a) The fund was created to establish a stable value fund investment strategy. The fund's objective is to provide safety of principal, adequate liquidity and a competitive yield with low return volatility.

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

5. INCOME TAX STATUS

The Company adopted a Volume Submitter plan document sponsored by SunGard Business Systems, LLC. The Internal Revenue Service (“IRS”) has determined and informed SunGard Business Systems, LLC, by a letter dated March 31, 2014, that the Volume Submitter Profit Sharing Plan with a Cash or Deferred Arrangement (“CODA”) qualifies under Code Section 401. The plan administrator and Company management believe that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. The plan administrator and Company management believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date, therefore no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan has a service agreement with the Recordkeeper which shall continue indefinitely, unless cancelled by either party with prior written notice. Payments to the Recordkeeper by the Plan consisted of administrative fees totaling \$63,004 for the plan year ended December 31, 2019. Also, the Trustee receives indirect fees charged within the investment accounts. In addition, participants could borrow from their accounts (notes receivable from participants). The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan provides for various investments in registered investment companies and a collective group investment trust. Investments securities are exposed to various risks such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity and related income of the investments are sensitive to changes in economic conditions and may be adversely affected by shifts in the market’s perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits. See Note 8, *Subsequent Events*, for discussion regarding 2020 market volatility.

As of December 31, 2019 and 2018 there was one investment held which individually accounted for more than 10% of net assets available for plan benefits. See the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2019.

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

8. SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events through September 29, 2020 which is the date the financial statements were available to be issued. Management determined there were no material subsequent events that required recognition or additional disclosure in these financial statements, other than the items mentioned below.

The COVID-19 outbreak was declared a worldwide pandemic on March 11, 2020 by the World Health Organization (“WHO”). The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to deterioration and instability in financial markets. As a result, the Plan’s investment portfolio has incurred significant volatility. However, because the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan’s liquidity cannot be reasonably estimated at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was passed into law. The CARES Act expands the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts, increases the participant loan limit, and delays loan repayments for up to one year, subject to the certain participant eligibility criteria. The Plan adopted certain provisions of the CARES Act and will subsequently amend the Plan to incorporate these provisions. The Plan has elected not adopt the increased loan limits or the one-year delayed loan payments.

The Company has taken certain measures to limit the impacts of COVID-19. Among the measure taken by the Company, which could impact the Plan, are employee reductions, delays in hiring, reduced plant operating days, and certain pay and bonus reductions.

On May 15, 2020, the Plan was amended to terminate their Safe Harbor Contributions for salaried employees beginning after May 15, 2020 and for hourly employees beginning after May 16, 2020. The amendment only applies to the plan year beginning January 1, 2020. For subsequent plan years, the Plan will operate as though the amendment had not been adopted.
