1. DESCRIPTION OF PLAN

The following description of the Costas Provisions 401(k) & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution 401(k) plan covering all eligible employees of Costas Provisions Corporation (the Plan Sponsor) (the Company) who have rendered at least one year of service and are age twenty-one or older, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Eligibility

All employees are eligible to participate in the Plan and are eligible for the employer matching contributions upon attaining the age of twenty-one and completing one year of service and a minimum of 1,000 hours worked. All employees are eligible for the discretionary profit sharing contributions provided they are employed on the last day of the Plan year.

c. Contributions

Eligible participants may contribute up to 100% of pre- or post-tax annual compensation, as defined in the Plan, up to the maximum allowed by the Internal Revenue Service (IRS). Participants may also contribute amounts distributed from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes matching contributions as defined in the Plan document, but which may not exceed more than 4% of an individual participant's compensation. The Company contributed $129,943 in matching contributions during the year ended December 31, 2019. The Company may also make discretionary profit sharing contributions, as determined by the Board of Directors, allocated based on a formula comparing an employee's compensation to the compensation of all employees within the same category of employment. The Company contributed $330,294 in discretionary profit sharing contributions during the year ended December 31, 2019.

d. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in the Company's matching and discretionary profit sharing contributions after six years of credited service based upon a 20% graded schedule after the one year anniversary date. Participants are immediately vested upon death or disability.

1. DESCRIPTION OF PLAN (Continued)

f. Forfeitures

Forfeitures of terminated participants' non-vested accounts are retained by the Plan and are used to reduce employer matching and discretionary profit sharing contributions. There were no forfeited non-vested accounts at December 31, 2018. Forfeited non-vested accounts totaled approximately $750 at December 31, 2019. There was $19,190 of forfeitures used to reduce the Company's discretionary profit sharing contributions in 2019.

g. Payment of Benefits

The Plan provides for a normal retirement benefit to be paid to participants who have reached the age of 65. Upon termination of service, a participant may receive a lump-sum amount equal to the value of his or her account, installments of the participant's vested balance or annuity payments. There are also retirement benefits available upon disability and death. Beneficiaries are entitled to receive benefit payments on behalf of the participant upon the death of the participant. The Plan requires balances of $1,000 or less to be paid out to participants upon termination.

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may also request a withdrawal upon demonstration to the plan administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code (the Code) or standards established by the Secretary of the Treasury or his delegate.

h. Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance. Repayment terms range from one to five years, unless for the purchase of a primary residence, in which the term of the loan cannot exceed fifteen years. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 5.50%, which are commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting standards and principles established by the Financial Accounting Standards Board (FASB). References to generally accepted accounting principles (U.S. GAAP) in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments consist of mutual funds as of December 31, 2019 and 2018, and are stated at fair value which is computed using the shares of registered mutual funds at quoted market prices on public exchanges, which represent the net asset value (NAV) of shares held by the Plan at year-end. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowances for credit losses have been recorded as of December 31, 2019 and 2018.

If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. There were no loan default distributions during the year ended December 31, 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of administering the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of participant loans and processing of distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in appreciation in fair value of investments, net of interest and dividends.

Subsequent Events

Subsequent events have been evaluated through October 5, 2020, which is the date the financial statements were available to be issued. Except as noted in Note 9, there were no events that met the criteria for recognition for disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, Nationwide Retirement Plans (Nationwide), the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year, as complete and accurate:

- Mutual funds, at fair value as shown in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.
- Appreciation in fair value of investments, net of interest and dividends, as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.
- All investment-related information in the accompanying supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2019.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and accompanying supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, as of the measurement date. ASC 820, *Fair Value Measurements and Disclosures*, establishes a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The following summarizes the fair value hierarchy:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. FAIR VALUE MEASUREMENTS (Continued)

The determination of where assets and liabilities fall within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There have been no changes in the methodology used at December 31, 2019 and 2018.

All of the Plan's assets at fair value as of December 31, 2019 and 2018, are valued using Level 1 inputs.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all accrued benefits shall be paid to participants in accordance with the provisions of the Plan. In the event of Plan termination, participants would become 100% vested in their total accounts.

6. PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the custodian, expenses paid to the Plan's third-party administrator out of Plan assets, and notes receivable from participants are considered party-in-interest transactions. Direct administrative expenses charged to the Plan and paid to Nationwide totaled $29,511 for the year ended December 31, 2019.

7. TAX STATUS

The IRS has determined in its opinion letter dated September 30, 2014, that the prototype non-standardized plan document adopted by the Plan constitutes a qualified plan under Section 401(k) of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

8. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in a number of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant balances and the amounts reported in the statements of net assets available for benefits.

9. SUBSEQUENT EVENTS

The COVID-19 pandemic has resulted in closures of many businesses and a marked reduction in economic activity. While this disruption is expected to be temporary, there is considerable uncertainty around the duration. The Plan Sponsor is presently managing the economic impact to its business and by extension to the Plan. While the Plan Sponsor anticipates this pandemic could negatively impact its operating results in 2020, which in turn could impact Plan contributions and operations in 2020, the related impact and duration of the pandemic to the Plan cannot be reasonably estimated at this time.

Additionally, subsequent to year end, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, the $50,000 loan limit was also increased to $100,000 and the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.
