VH LISLE, LLC 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

General

VH LISLE LLC (the ―Company‖) sponsors VH LISLE LLC 401(k) Plan (the ―Plan‖), which is a defined contribution plan. Substantially all employees of the Company are eligible to participate in the Plan subject to the eligibility criteria discussed below.

The Retirement Committee, which reports to Board of Directors, controls and manages the operation and administration of the Plan. The Plan enables qualified employees of the Company to voluntarily defer pre-tax and/or after-tax compensation to provide additional income for retirement in accordance with Internal Revenue Code (―IRC‖) Section 401(k). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (―ERISA‖).

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan provisions.

Eligibility and Contributions

Employees are eligible to participate in the Plan after completion of a Three-month period. You will receive credit for one Month of Service for each month in which you complete one Hour of Service. An Hour of Service is any hour for which you are paid or are entitled to payment. If you are absent from employment with the Employer because of qualified military service, your military service will count as service for purposes of meeting the Plan's eligibility requirements. Employees covered under collective bargaining agreements are eligible to participate in the Plan only if participation has been provided for in the collective bargaining agreement.

The Company will make a Matching Contribution equal to 25.0% of your Elective Deferrals. The Company will not match Elective Deferrals that exceed 4.0% of your eligible earnings. For example, if you contribute 4.0% of your eligible earnings to the Plan as an Elective Deferral, the Company will contribute 25.0% of your Elective Deferral or 1% of your eligible earnings.

Assume instead that you contribute 5% of your eligible earnings to the Plan as an Elective Deferral. In this case, the Company will make a Matching Contribution equal to 25.0% of your Elective Deferral but will not match the portion of your Elective Deferral that exceeds 4.0% of your eligible earnings, and your total Matching Contribution will still be 1% of your eligible earnings.

You must make Elective Deferrals in order to receive the Matching Contribution. The Matching Contribution is made each pay period that your Elective Deferrals are made and is calculated based on your eligible earnings for that pay period. Once your Elective Deferrals stop, the Matching Contribution also stops.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant’s account is credited with the participant’s contributions, the Company’s matching contributions, the supplemental Company contributions and any Plan earnings or losses.

Investments Information

The Plan is called "an individual account plan". This means that you and all other participants have their own account in the Plan. The Plan is intended to satisfy the requirements of Section 404(c) of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), .and Department of Labor Regulation Section 2550.404c-1 (29 C.F.R. 2550.404c-1). An ERISA Section 404(c) plan is an individual account plan which is designed to provide you with the opportunity to exercise control over the assets in your individual account, and also provides you with the opportunity to choose, from among a range of investment funds, the manner in which the assets in your account are invested. This means that you will have the responsibility for the investment decisions you make and the Plan's fiduciaries may be relieved of any liability to you under ERISA for any investment losses that are the direct and necessary result of your investment instructions.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The Company's matching and supplemental contributions are generally subject to a Four-year schedule vesting requirement.

Payment of Benefits

Following termination of employment, retirement, disability, or death, a distribution to a participant shall be made in a lump-sum cash payment except as otherwise provided in the Plan document.

Administrative Expenses

Fees and expenses of the Plan for legal, accounting, and other administrative services may be paid directly by the Company, or, at the Company's discretion, may be paid in whole or in part from Plan assets. Recordkeeping and investment management fees are paid by participants via fund expense ratios.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right at any time to amend the Plan document to discontinue future matching contributions or to terminate the Plan, subject to the provisions of the ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles (―GAAP‖) in the United States of America.

Investments Valuation and Income Recognition

The Company's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Financials information on cash basis.

Payment of Benefits

Payment of benefits is recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. No allowance for loan losses has been recorded as of December 31, 2019. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

Recently Adopted Accounting Pronouncements

In May 2016, the Financial Accounting Standards Board (―FASB‖) issued ASU No. 2015-07, ―*Fair Value Measurement (Topic 820); Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).*‖ ASU 2015-07 removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. It also eliminated certain disclosures for investments eligible to be measured at fair value using this practical expedient. We adopted this standard as of January 1, 2016, and applied it retrospectively to all periods presented. It did not have a material impact on the Plan's financial statement disclosures.

In July 2015, the FASB issued ASU 2015-12, ―*Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.*‖ Part II eliminated the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplified the level disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Parts I and III were not applicable

to the Plan. We adopted Part II of this standard as of January 1, 2016, and applied it retrospectively to all periods presented. It did not have a material impact on the Plan's financial statement disclosures.

3. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the unaudited information regarding the Plan, as included in the Plan's financial statements and supplemental schedule prepared by or derived from information reported by the trustee of the Plan for 2019. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate as of the years ended December 31, 2019.

4. INVESTMENTS

The Plan's investments are held in trust by the trustee. The Plan's trust agreement requires the trustee to invest the Plan's assets into various fund options as directed by each participant.

During the year ended December 31, 2019, the Plan's net appreciation (depreciation) in investments (including gains and losses on investments bought and sold, as well as held during the year) resulted primarily from funds.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are held in investments managed by the Plan trustee, and therefore, these transactions qualify as exempt party-in-interest transactions. Participant loans are also considered party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

6. FAIR VALUE MEASUREMENTS

The Plan accounts for certain assets and liabilities at fair value. The hierarchy below lists three levels of fair value based on the extent to which inputs used in measuring fair value are observable in the market. The Plan categorizes each of our fair value measurements in one of these three levels based on the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 – Unadjusted quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Observable inputs to the valuation methodology are other than Level 1 inputs, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The Plan's policy is to recognize significant transfers between levels at the actual date of the event or circumstance that caused the transfer. For the years ended December 31, 2019.

The Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels discussed as of December 31, 2019.
