# **Marrs Electric, Inc. 401(k) Plan**

## **Notes to Financial Statements**

**December 31, 2019 and 2018**

### **Note 1: Description of the Plan**

The following description of Marrs Electric, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan sponsored by Marrs Electric, Inc. (the Company) for the benefit of its employees who have at least one year of service (defined as 1,000 hours of service) and are age 18 or older (21 or older prior to October 2015). Marrs Electric, Inc. of Arkansas is a related employer who also participates in the Plan. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Effective November 1, 2018, the Plan's custodian changed from AXA Equitable (AXA) to Minnesota Life Insurance Company (Minnesota Life). Effective November 1, 2018, the Plan's record-keeper changed from AXA to Securian Financial.

#### **Contributions**

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 100% of eligible compensation. Employee rollover contributions are also permitted. Company profit-sharing contributions are discretionary as determined by the Company's Board of Directors. Contributions are subject to certain limitations.

Employees are eligible for the Company's safe harbor match immediately upon enrollment in the Plan. The Company matches pre-tax contributions up to a maximum of 4% of eligible compensation. The Plan also provides for discretionary matching contributions and profit-sharing contributions. No discretionary matching or profit-sharing contributions were made in 2019 or 2018.

#### **Participant Investment Account Options**

Each participant has the option of directing his or her contributions into any of the separate investment options offered by the Plan and may change the allocation daily.

#### **Participant Accounts**

Each participant's account is credited with the participant's contributions, the Company's contributions, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting**

Participants are immediately vested in their voluntary contributions and safe harbor matching contributions plus earnings thereon. Vesting in the Company's discretionary matching and profit-

**December 31, 2019 and 2018**

sharing contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant becomes vested after three years of continuous service.

### ***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through monthly payroll deductions.

### ***Payment of Benefits***

On termination of service, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service distributions are allowed if an individual has attained age 59½ or has become disabled.

### ***Forfeited Accounts***

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$0 and \$2,081, respectively. These accounts will be reallocated to participants in the following plan year. Also, in 2019 and 2018, employer contributions were reduced by \$0 and \$11,798, respectively, from forfeited nonvested accounts.

## **Note 2: Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

# **Marrs Electric, Inc. 401(k) Plan**

## **Notes to Financial Statements**

**December 31, 2019 and 2018**

### ***Investment Valuation and Income Recognition***

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Pooled separate accounts are valued at estimated fair value as provided by the custodian.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

### ***Payment of Benefits***

Benefit payments to participants are recorded upon distribution.

### ***Administrative Expenses***

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

### **Note 3: Certifications of Plan Custodian**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AXA has certified the following information through October 31, 2018, and Minnesota Life has certified the following information from November 1, 2018 through December 31, 2019, included in the accompanying financial statements and schedule of assets (held at end of year) is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018
- Investment income and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2019

# **Marrs Electric, Inc. 401(k) Plan**

## **Notes to Financial Statements**

### **December 31, 2019 and 2018**

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the accompanying financial statements and schedule of assets (held at end of year).

#### **Note 4: Related-Party and Party-in-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are units of pooled separate accounts and a guaranteed return account managed by the custodian; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue-sharing, rather than a direct payment. The Company provides certain administrative services at no cost to the Plan. The Plan paid administrative expenses of \$2,258 and \$9,314 to Minnesota Life during 2019 and Minnesota Life and AXA during 2018, respectively.

#### **Note 5: Disclosures About Fair Value of Plan Assets**

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy.

### Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such investments are classified in Level 2 of the valuation hierarchy and consist of pooled separate accounts. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy. The Plan held no Level 1 or Level 3 investments at December 31, 2019 or 2018.

### Note 6: Investment Contract with Minnesota Life

The Plan has entered into a fully benefit-responsive investment contract with Minnesota Life in the form of a guaranteed return account. Minnesota Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

## **Notes to Financial Statements**

**December 31, 2019 and 2018**

As described in the basis of accounting disclosure, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Minnesota Life, represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan); 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; 3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The carrying value of the guaranteed return account, considered a traditional investment contract, was \$748,262 and \$755,175 at December 31, 2019 and 2018, respectively.

### **Note 7: Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

### **Note 8: Tax Status**

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Minnesota Life. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

### Note 10: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets but no later than the 15<sup>th</sup> business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of \$8,546 were not remitted within the required time period for the year ended December 31, 2019. Lost earnings have not yet been calculated or funded to the Plan.

### Note 11: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

### **Note 12: Subsequent Events**

Subsequent events have been evaluated through October 7, 2020, which is the date the financial statements were available to be issued.

#### ***Current Economic Conditions***

As a result of the spread of the SARS-CoV-2 virus and the incidence of COVID-19, economic uncertainties have arisen that may negatively affect the investments of the Plan. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
