Notes to Financial Statements

December 31, 2019

Note 1 - Description of Plan

The following description of the Evolucion Innovations, Inc. Retirement Trust ("the Plan") provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Evolucion Innovations, Inc. ("the Company"). Employees are eligible to participate in the Plan once they have reached 21 years of age and completed six months of service. The Plan excludes nonresident aliens, leased employees, and employees covered by a collective bargaining agreement.

The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

In general, participants can make deferrals (pre-tax or Roth) up to 100% of eligible annual compensation, subject to the applicable limits of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans ("participant rollovers"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may, at its discretion, elect to make a qualified matching contribution to the Plan. For the year ended December 31, 2019, the Company's matching contribution was limited to 33% of participant contributions up to 6% of eligible compensation. The Company may also elect to make nonelective contributions. No nonelective contributions were made by the Company for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct their proportionate share (vested and non-vested) of Plan assets to a variety of investment funds.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company matching portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant ratably vests 100% over four years of credited service. A participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Forfeited Accounts

Forfeited nonvested accounts may be used to reduce administrative expenses or used to reduce future Company contributions. Forfeited nonvested accounts as of December 31, 2019 totaled \$3,700. There were no such forfeited nonvested accounts as of December 31, 2018. Forfeitures for 2019 amounted to \$8,728 and forfeitures used to reduce Company contributions totaled \$5,045 for the year ended December 31, 2019.

Evolucion Innovations, Inc. Retirement Trust

Notes to Financial Statements

December 31, 2019

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Principal and interest is paid ratably through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at 1% over the Prime Rate published in the Wall Street Journal. At December 31, 2019, the interest rate on the outstanding note was 5.50%.

Benefit Payments

Upon termination of employment, death, disability, or retirement (age 59½), the participant will receive the value of the vested interest in his or her account in the form of a lump-sum distribution or in installment payments, depending on the account balance. The Plan allows for in-service distributions if a participant reaches age 59½ subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Plan Changes

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the valuation of the participant's individual account will become fully vested and non-forfeitable.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Evolution Innovations, Inc. Retirement Trust

Notes to Financial Statements

December 31, 2019

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Excess contributions payable to participants of \$56,214 and \$32,452, at December 31, 2019 and 2018, respectively, were due to excess contributions, which have been refunded to participants.

Contributions

Contributions from participants are recorded in the period in which they are withheld from the participant's compensation. Matching contributions from the Company are recorded in the period in which the related participant contributions are recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan provides that certain expenses of the Plan may be paid by the Plan or the Company. Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value (see Note 4). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments includes the realized and unrealized gains and losses on investments bought and sold during the year as well as held during the year.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2020, the date the audited financial statements were available to be issued.

In December 2019, a novel strain of coronavirus disease ("COVID-19") was first reported in Wuhan, China. Less than four months later, on March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The extent of COVID-19's effect on the Plan's financial performance and net assets will depend on future ongoing developments, including the duration, spread and intensity of the pandemic, all of which are uncertain and difficult to predict.

In March 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law. The CARES Act contains certain provisions that were adopted which will have a temporary effect on the Plan, including allowing eligible participants to receive hardship distributions, suspension of loan repayments, and delay of minimum required distributions.

Evolucion Innovations, Inc. Retirement Trust

Notes to Financial Statements

December 31, 2019

In late April 2020, as part of cost-saving steps resulting from the business impact of COVID-19, the Company decided to suspend the matching contribution.

Note 3 - Fully Benefit-Responsive Investment Contract

The Plan entered into a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company ("Great-West"). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations.

The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon by the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with Great-West. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, or the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at net asset value with Plan participants is not probable.

Note 4 - Fair Value Measurements

Fair value is defined as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement determined based on assumptions that market participants would use in pricing an asset or liability. There are three levels that prioritize the inputs used in measuring fair value as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Observable market inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions.

An asset's or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodology used for the Plan's assets measured at fair value.

Evolution Innovations, Inc. Retirement Trust

Notes to Financial Statements

December 31, 2019

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Group Annuity Contract: The group annuity contract is valued at net asset value. The net asset value is used as a practical expedient to estimate fair value. The practical expedient would not be used if it were determined to be probable that the group annuity contract would sell for an amount different from the reported net asset value.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Fair Value Measurement at December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,280,690	\$ -	\$ -	\$ 3,280,690
Total investments at fair value	<u>\$ 3,280,690</u>	<u>\$ -</u>	<u>\$ -</u>	
Group annuity contract*				<u>7,559</u>
Total investments				<u>\$ 3,288,249</u>

Fair Value Measurement at December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 1,688,357	\$ -	\$ -	\$ 1,688,357
Total investments at fair value	<u>\$ 1,688,357</u>	<u>\$ -</u>	<u>\$ -</u>	
Group annuity contract*				<u>2,438</u>
Total investments				<u>\$ 1,690,795</u>

*Certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 - Information Certified by the Custodian

Pursuant to 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Great-West, the custodian of the Plan, has provided the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the statement of changes in net assets available for benefits for the year ended December 31, 2019, and the supplementary Schedule of Assets (Held at End of Year) as of December 31, 2019.

Evolucion Innovations, Inc. Retirement Trust

Notes to Financial Statements

December 31, 2019

Note 6 - Tax Status

Effective January 1, 2018, the Plan was amended and restated to comply with recent regulatory requirements. The Plan adopted a prototype plan developed by Great-West Trust Company.

Based in part on a favorable opinion letter received for the volume submitter plan dated March 31, 2014, the Plan administrators believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-In-Interest Transactions

Some of the Plan's investments are managed by Great-West. The Plan has engaged an affiliate of Great-West for recordkeeping and consulting services. Therefore, transactions with these entities are party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. Great-West Life & Annuity Insurance Company is the custodian as defined by the Plan and, therefore, the investment transactions are party-in-interest transactions. There were no administrative fees paid by the Plan for investment management services for the year ended December 31, 2019, aside from fees charged within investments that are netted within investment earnings.

Note 8 - Reconciliation of Financial Statements to Form 5500

The following information reconciles differences between amounts reported on Form 5500 and amounts reported on the accompanying financial statements. Form 5500 is prepared on the cash basis and, therefore, does not reflect contributions receivable or payables for corrective distributions.
