Notes to Financial Statements

1. Description of the Plan

The following brief description of the Avaap USA, LLC 401k (the Plan) provides only general information. Participants should refer to the Plan documents for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Avaap USA, LLC (the Company or Employer) who have satisfied the Plan's eligibility requirements. The Plan was effective January 1, 2012 and was amended and restated as of July 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Reliance Trust Company is the Trustee of the Plan, and Automatic Data Processing, Inc. (ADP) is the recordkeeper for the Plan.

Eligibility

An employee is eligible to participate in the Plan on the first day of the month once the employee has reached the age of 21 and has completed one month of service.

Contributions

Participants may elect to defer up to 90% of eligible compensation in the Plan. Contributions may be made to the Plan on a pre-tax and/or after-tax Roth salary deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Contributions are subject to certain annual limitations, as imposed by the Internal Revenue Code (IRC).

Each year, the Company may decide to make a matching and/or nonelective contributions to the Plan. These contributions are determined at the sole discretion of the Company. For the Plan year 2019, the Company elected to match 1% of eligible compensation, up to \$275,000, for all eligible participants. The Company made matching contributions of \$175,528 for the year ended December 31, 2019.

Participants' Accounts

Each participant's account is credited with the participant's contributions, Company matching, and nonelective contributions, if any, as well as an allocation of Plan earnings and losses. Participant accounts are charged for withdrawals and certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Avaap USA, LLC 401k
Notes to Financial Statements

Vesting

Participants are vested immediately in their salary deferral and rollover contributions, plus actual earnings thereon. Company matching contributions and nonelective contributions vest in accordance with the following schedule:

<u>Years of Service for Vesting</u>	<u>Vesting (%)</u>
Less than 2	0
At least 2, but less than 3	20
At least 3, but less than 4	40
At least 4, but less than 5	60
At least 5, but less than 6	80
6 or more	100

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. Forfeiture allocations may be used to pay administrative expenses or to reduce Company contributions, in accordance with the Plan document. The unallocated forfeiture balances totaled \$20,529 and \$21,516 as of December 31, 2019 and 2018, respectively. No forfeitures were used during 2020 to reduce the Company matching contributions for the 2019 Plan year. Forfeitures in the amount of \$17,322 were used during 2019 to reduce the Company matching contributions for the 2018 Plan year.

Payment of Benefits

Participants are eligible to receive distributions from their accounts at normal retirement age, disability, death, or termination of employment. Participants who leave the Company can receive their vested benefits in a single lump-sum payment or have the payment paid as a direct rollover to an individual retirement account or individual retirement annuity (IRA) or to another employer's tax qualified plan. If participants are eligible to establish a Roth IRA, they may also elect a direct rollover of the non-Roth portion of their vested benefit to a Roth IRA.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of six months.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000, reduced by their highest outstanding loan balance during the previous 12 months, or 50% of their vested account balance. The terms of the loans range from one to five years and may be longer for the purchase of a principal residence but not to exceed 30 years. The loans are collateralized by the vested account balance and bear interest at a rate 2% above the prime rate, as defined at the time of the loan. Principal and interest is paid ratably through payroll deductions.

Avaap USA, LLC 401k
Notes to Financial Statements

Investment Options

A participant may direct their contributions to any of the various investment options available to the Plan. Participants may change their investment options at any time.

Administrative Expenses and Other Income

Certain administrative expenses of the Plan are paid directly by the Company and are excluded from these financial statements. These include legal and audit fees. Other administrative expenses, such as investment management, consulting, recordkeeping, and individual participant transaction fees, are paid for by the Plan.

An ERISA Budget Account (EBA) is maintained by ADP, LLC, which may be used to pay Plan expenses. Asset-based payments are calculated based upon an average daily balance of the investments for the month. During the year ended December 31, 2019, the Plan received \$32,029 from the EBA and utilized \$22,360 to pay certain Plan expenses. Such amounts are reflected as other income and administrative expense in the accompanying statement of changes in net assets available for benefits.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Avaap USA, LLC 401k
Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions, based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

3. Risks and Uncertainties

The Plan provides various investment options that are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices in active markets for identical assets or liabilities at the measurement date.

Level 2 - Inputs to the valuation methodology include: quoted market prices of investments for similar assets or liabilities in active markets; quoted prices for the identified or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Valuation is based on inputs that are unobservable and significant to the fair value measurement and reflect management's best estimate of what market participants would use as fair value.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value, as well as the general classification of such items pursuant within the fair value hierarchy. There have been no changes in the valuation methodologies of these items held at December 31, 2019 and 2018.

Avaap USA, LLC 401k

Notes to Financial Statements

Mutual Funds

Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded.

Common Collective Trust

The common collective trust (CCT) is stated at fair value using the NAV practical expedient. The NAV of the CCT is determined using the market price of the underlying securities and the contract value of investment contracts held by the CCT, as determined by the trustee of the CCT. There are no restrictions on the redemption of this investment and no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value:

December 31, 2019

	Level 1	Total
Mutual funds	\$ 4,655,659	\$ 4,655,659
Common collective trust*		2,886,234
Total Investments, at fair value		\$ 7,541,893

December 31, 2018

	Level 1	Total
Mutual funds	\$ 5,393,721	\$ 5,393,721
Common collective trust*		479,680
Total Investments, at fair value		\$ 5,873,401

* Investments measured at fair value using the NAV per share (or its equivalent) practical expedient are not categorized in the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis at December 31, 2019 and 2018. There are no Plan liabilities recorded at fair value at December 31, 2019 and 2018. There were no transfers between levels during 2019 and 2018.

Avaap USA, LLC 401k
Notes to Financial Statements

5. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable to participants for the year ended December 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

6. Related-Party and Party-in-Interest Transactions

Notes receivable from participants and revenue sharing related to the EBA also qualify as party-in-interest transactions. Such transactions are permitted under the Plan and are exempt from the prohibition of party-in-interest transactions.

7. Tax Status

The Plan has adopted the ADP, LLC Prototype Non-Standardized Profit Sharing Plan with a cash or deferred arrangement. The Internal Revenue Service (IRS) has determined and informed ADP, LLC by letter dated July 8, 2014 that the Plan is designed in accordance with the applicable sections of the IRC. Accordingly, the Plan is permitted to rely on the opinion letter. Effective July 1, 2018, the Plan was amended and restated. The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, each participant will become 100% vested and the net assets of the Plan will be distributed, as prescribed by ERISA.

9. Subsequent Events

On June 30, 2019, Avaap USA, LLC acquired Navigator Management Partners LP. Effective January 2, 2020, the Navigator Management Partner's 401(k) Plan was merged with and into the Plan and the former participants became eligible to participate in the Plan.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In

Avaap USA, LLC 401k

Notes to Financial Statements

March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to volatility in financial markets. As a result, the Plan's investment portfolio has incurred instability in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that could be recognized in subsequent periods, if any, cannot be determined at this time.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Increase the available loan amount as described in Note 1 to the lesser of \$100,000 or 100% of the participant's vested account balance
- Extend the period for loan repayments, if applicable, up to one year
- Suspended required minimum distributions for 2020

Plan management has evaluated subsequent events through October 8, 2020, the date the financial statements were available to be issued and has determined the Plan had no other material subsequent events that require disclosure.
