INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Futureguard

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Futureguard (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Charles Schwab Bank and The Northern Trust Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Charles Schwab Bank held the Plan's investment assets and executed investment transactions from January 1, 2018 to March 31, 2019 and that The Northern Trust Company held the Plan's investment assets and executed investment transactions from April 1, 2019 through December 31, 2019. The plan administrator has obtained certifications from the trustees as of December 31, 2019 and 2018 and for the years then ended, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of Futureguard (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Guardian Industries Holdings, LLC (the "Company") for the benefit of its employees who have three months of service. Union employees, non-resident aliens and leased employees are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective April 1, 2019, the Plan changed trustees from Charles Schwab Bank to The Northern Trust Company ("Northern Trust") and Alight Solutions became the recordkeeper for the Plan. At the time of this conversion, the Plan began participating in the Koch Companies Defined Contribution Master Trust ("Master Trust"). Northern Trust holds all investment assets of the Plan in the Master Trust with the exception of the Northern Trust Common Collective Trust Fund.

Also, effective April 1, 2019, the Plan adopted a restated customized Plan document

As described in the plan document, employment status changes permit the affected participants to transfer their balances between plans sponsored by the Company or by one of its affiliates. Such transfers are reflected in the net plan transfers in the accompanying statements of changes in net assets available for benefits.

Plan merger - Effective April 1, 2019, assets totaling \$148,477,516 from the SRG Global 401(k) Plan merged into the Plan. As of the date of this merger, employees of SRG Global Inc. became eligible to participate in the Plan.

Contributions - Participants may contribute up to 25% of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% percent of eligible compensation. The automatic deferral percentage will escalate by 1% per year each August 1st, up to a maximum of 7% of compensation, unless participants opt out. The Company contributes 100% of the first 7% of compensation that a participant contributes to the Plan. The Company may also make discretionary non-elective contributions pro rata based on compensation of plan participants. For the years ended December 31, 2019 and 2018, no discretionary non-elective contribution was made. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

(1) Description of plan (continued)

Participant investment account options - Effective April 1, 2019, the Plan offers 20 common collective trust funds and a stable value fund as investment options for participants through the Master Trust. Prior to April 1, 2019, the Plan offered 20 mutual funds and a stable value fund as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in the safe harbor and Company matching contributions after two years of credited service. A participant is 100% vested in any profit sharing contribution after three years of credited service.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may only have one outstanding loan at a time. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - Upon termination, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest, installment payments or annuity payments. Terminated participants with account balances of less than \$1,000 are mandatorily cashed out.

Forfeited accounts - At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$183,721 and \$19,724, respectively. These amounts will be used to reduce future employer contributions. For the years ended December 31, 2019 and 2018, employer contributions were reduced by \$1,122,346 and \$636,239, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

New accounting pronouncement - In February 2017, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2017-06, "*Employee Benefit Plan Master Trust Reporting*." The ASU requires an employee benefit plan to report an interest in a master trust and the change in the value of that interest as separate line items on the statements of net assets available for benefits and the statements of changes in net assets available for benefits, respectively. Additionally, the ASU requires the Plan to disclose the master trust's investments and other assets and liabilities, as well as the dollar amount of its interest in these balances. The guidance requires retrospective application and is effective for fiscal years beginning after December 15, 2018. As required, the Company has adopted this new guidance in Note 4.

Investment valuation and income recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustees. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(3) Information prepared and certified by the trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank and Northern Trust, the trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Fully benefit-responsive investment contracts at contract value
- Notes receivable from participants
- Net investment gain (loss)
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Investment in Master Trust

During 2019, the Plan began participating in the Koch Companies Defined Contribution Master Trust, which was established for the investment of assets of the Plan and several other Company sponsored retirement plans. Each participating plan has a divided interest in the Master Trust based on participant account balances. The assets of the Master Trust are held by Northern Trust Company, the trustee.

At December 31, 2019 and 2018, the Plan's interest in the net assets of the Master Trust was 5.22% and 0%, respectively. Total investment gain (loss) of the Master Trust is allocated to individual plans based on each plan's participation in investment options within the Master Trust.

The following table presents the net assets of the Master Trust as of December 31, 2019 and 2018:

<u>December 31</u>	<u>2019</u>		<u>2018</u>	
	<u>Koch Master Trust</u>	<u>Plan's Interest</u>	<u>Koch Master Trust</u>	<u>Plan's Interest</u>
Investments at fair value:				
Common collective trusts	\$ 9,263,647,210	\$509,735,151	\$ 7,180,121,631	\$ -
Stable value fund, at contract value	869,110,501	19,182,328	822,890,493	-

NOTES TO FINANCIAL STATEMENTS

(4) Investment in Master Trust (continued)

The following is the change in net assets for the Master Trust for the years ended December 31, 2019 and 2018:

For the years ended December 31	2019	2018
Appreciation (depreciation) in fair value of investments	\$ 1,798,846,798	\$ (499,177,290)
Interest	21,149,796	15,685,357
Net investment gain (loss)	1,819,996,594	(483,491,933)
Investment manager expense	(2,164,162)	(2,265,247)
Net transfers	311,879,962	492,656,644
Increase in net assets	\$ 2,129,712,394	\$ 6,899,464

(5) Fully benefit-responsive investment contracts

The Master Trust holds investments in synthetic guaranteed investment contracts (GICs) and other assets as part of the Stable Value Fund.

A synthetic GIC, also known as a wrapper contract, is an investment contract issued by an insurance company or other financial institutions designed to provide a contract value wrapper around a portfolio of bonds or other fixed income securities that are owned by the fund.

The fair value of each synthetic GIC contract is calculated based on the fair value of the investments underlying the contract, which are valued using the market approach. The fair value of each synthetic GIC wrapper is calculated using the replacement cost approach by discounting the difference between indicative replacement cost and the current annual fee multiplied by the contract value times the duration of the contract.

The contract value of synthetic GICs represents contributions made under the contract and reinvested income, less any withdrawals plus accrued income. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are currently no reserves against contract values for credit risk of the contract issuers or otherwise.

The synthetic GICs provide a fixed return on principal over a specified period of time through fully benefit-responsive contracts or wrapper contracts issued by a third party which are backed by underlying assets owned by the Stable Value Fund. The portfolio of assets underlying the synthetic GICs includes collective trust funds, U.S. government and agency securities, municipal bonds, and corporate notes and bonds.

The relationship of future crediting rates and the adjustment to contract value reported on the statements of net assets available for benefits is provided through the mechanism of the crediting rate formula. The difference between the contract value and the fair market value of the investment of each contract is periodically amortized into each contract's crediting rate. The amortization factor is calculated by dividing the difference between the fair market value of the investment and the contract value by the duration of the bond portfolio covered by the investment contract.

FUTUREGUARD

NOTES TO FINANCIAL STATEMENTS

(5) **Fully benefit-responsive investment contracts (continued)**

Key factors that could influence future average interest crediting rates include but are not limited to: Plan cash flows, changes in interest rates, total return performance of the fair market value bond strategies underlying each synthetic GIC contract, default or credit failures of any of the securities, investment contracts, or other investments held in the fund, and the initiation of an extended termination of one or more synthetic GIC contracts by the manager or the contract issuer.

There are certain events not initiated by the Plan participants that could limit the ability of the Plan to transact with the issuer of a synthetic GIC at its contract value. Specific coverage provided by each synthetic GIC may be different from each issuer and can be found in the individual synthetic GIC contracts held by the Plan. Examples of such events include but are not limited to: the Plan's failure to qualify under the Code; full or partial termination of the Plan; involuntary termination of employment as a result of a corporate merger, divestiture, spin-off or other significant business restructuring, which may include early retirement incentives or bankruptcy; changes to the administration of the Plan which decreases employee or employer contributions, the establishment of a competing Plan by the plan sponsor, the introduction of a competing investment option or other plan amendment that has not been approved by the contract issuers; dissemination of a participant communication that is designed to induce participants to transfer assets from the Stable Value Fund; and events resulting in a material and adverse financial impact on the contract issuer, including changes in the tax code, laws or regulations.

The Plan administrator does not believe that the occurrence of any of the aforementioned events, which will limit the Plan's ability to transact with the issuer of a GIC at its contract value with participants, is probable.

(6) **Fair value measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |

FUTUREGUARD

NOTES TO FINANCIAL STATEMENTS

(6) Fair value measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common collective trusts: Valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

CISC Self-Directed Brokerage Account Investments: Brokerage accounts through which participants may invest in a variety of securities, including stocks, bonds, exchange traded funds, mutual funds, and money market funds. These investments are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end.

As of December 31, 2019, all Master Trust investments and the Northern Trust common collective trust fund were measured at NAV practical expedient. In accordance with Subtopic 820-10, investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The collective trust funds are redeemed on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments as of December 31, 2019.

(6) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, a summary of investments held outside of the Master Trust at fair value as of December 31, 2019 and 2018:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
CISC self-directed brokerage account	\$ 521,632	\$ -	\$ -	\$ 521,632

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 281,622,833	\$ -	\$ -	\$ 281,622,833
Investments measured at NAV practical expedient ^(a)				94,968,229
Total investments at fair value				\$ 376,591,062

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is based on NAV per share practical expedient as of December 31, 2018.

Investments	Fair Value 12/31/2018	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Common Collective Trust	\$ 94,968,229	\$ -	Daily	(b)

(b) Units may be redeemed on a daily basis. There is a 30 day redemption notice period for benefit payments and participant transfers to noncompeting options. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a 12 month written notice.

(7) Related party transactions and party-in-interest transactions

Certain fees incurred by the Plan are included in net investment gain (loss) from Plan's interest in the Master Trust, as they are paid through revenue sharing, rather than direct payment. The Plan paid certain expenses relating to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The Plan Sponsor pays directly any other fees related to the Plan's operations.

FUTUREGUARD

NOTES TO FINANCIAL STATEMENTS

(8) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(9) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Form 5500:

	December 31,	
	2019	2018
Net assets available for benefits per the financial statements	\$ 549,529,706	\$ 389,569,020

Net assets available for benefits per Schedule H of the Form 5500	<u>\$ 549,386,988</u>	<u>\$ 389,453,143</u>

The following is a reconciliation of benefits paid per the financial statements for the years ended December 31, 2019 and 2018 to Form 5500:

	Years Ended December 31,	
	2019	2018
Benefits paid per the financial statements	\$ 113,959,287	\$ 42,707,736
Active participants with deemed loans	26,841	115,877
Benefits paid per Schedule H of the Form 5500	<u>\$ 113,986,128</u>	<u>\$ 42,823,613</u>

(10) Tax status

Prior to April 1, 2019 the Plan had adopted a prototype non-standardized profit sharing plan document with Schwab Retiree Plan Services, Inc. The Internal Revenue Service ("IRS") had determined that the prototype non-standardized profit sharing plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated June 19, 2014. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

FUTUREGUARD

NOTES TO FINANCIAL STATEMENTS

(10) Tax status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(11) Risks and uncertainties

The Plan, through the Master Trust, invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(12) Transfers

Certain participants transferred their balances between plans sponsored by the Company or by one of its affiliates. During 2019, Plan transfers in totaled \$2,139,784, while transfers out of the Plan were \$5,908,545. During 2018, Plan transfers in totaled \$915,380, while transfers out of the Plan were \$25,571.

(13) Subsequent events

The Plan has evaluated subsequent events through October 8, 2020, which is the date the financial statements were available to be issued and noted the following items for disclosure:

On January 30, 2020, the World Health Organization ("WHO") declared a global health emergency because of the coronavirus (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally beyond its point of origin. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has affected global economic activity and greatly contributes to significant instability in financial markets. As a result, the Plan's investment portfolio has experienced significant volatility in fair value since December 31, 2019.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Extended the period for loan repayments, if applicable, up to one year, and
- Required minimum distributions for the 2020 calendar are temporarily waived.
