Independent Auditor's Report

To the US Foods, Inc. Benefits
Administration Committee
US Foods 401(k) Plan

We have audited the accompanying financial statements of US Foods 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of December 31, 2019 and 2018 and the changes in net assets for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year as of December 31, 2019 and delinquent participant contributions for the year ended December 31, 2019 are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

US Foods 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

(In thousands)

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the US Foods 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for more information.

General

The Plan is a defined contribution plan covering all full-time employees of US Foods, Inc. (the "Company" or "Plan Sponsor") who (i) are not covered by a collective bargaining agreement for which retirement benefits have been the subject of good-faith negotiations, (ii) are not leased employees, or (iii) are not employees specifically excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute 1% to 75% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 100% of the first 3% of a participant's compensation and 50% of the next 2% of a participant's compensation, for a maximum company matching contribution of 4%. The Company may also make a discretionary supplemental matching contribution to the Plan on behalf of a participant. Generally, the Company will not make a profit-sharing contribution, except in certain circumstances covered by collective bargaining agreements.

In September 2019, the Company completed the acquisition of five foodservice companies (the "Food Group") from Services Group of America, Inc.: Food Services of America, Inc., Systems Services of America, Inc., Amerifresh, Inc., Ameristar Meats, Inc. and GAMPAC Express, Inc. Food Group acquired employees became eligible for the US Foods 401(k) Plan during 2019 and retained existing contribution and profit sharing thresholds as applicable individual foodservice company. Food Group employer contribution match will cease on September 12, 2020, and participants will be transitioned onto the US Foods 401(k) Plan contribution match on September 13, 2020.

There were delinquent contributions of approximately $4 during the plan year ended December 31, 2019. The Company corrected the late contributions and remitted all lost earnings during 2020.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Participant Accounts

An individual account is established for each participant and provides benefits that are based on (a) amounts the participant and the Company contributed to a participant's account and (b) investment earnings (losses) less any administrative expenses charged to the Plan. Investment earnings (losses) are allocated to each participant's account based on a pro-rata share of the individual's investment allocation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon. A participant becomes fully vested in the Company's contributions upon the participant's death, disability, or attainment of normal retirement age while employed, the occurrence of a plan termination, or in accordance with the vesting schedule.

If a participant was employed by the Company, or if one of the Company's affiliates adopted the Plan on or after March 1, 2007, the participant's vested interest in the matching and discretionary contributions made to his or her account, and any earnings (losses) thereon made for periods on or after January 1, 2002, are as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1 to 2	33%
2 to 3	67%
3 or more	100%

Prior service at one of the Company's affiliates is included in the calculation of years of service.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1 up to a maximum equal to the lesser of $50 or 50% of their vested account balance. Notes receivable transactions are treated as

NOTE A - DESCRIPTION OF THE PLAN - Continued

a transfer between one of the other funds and the note receivable fund. The notes receivable are secured by the balance in the participant's account and bear interest at *The Wall Street Journal* published prime rate plus 1%. Notes receivable terms range from one to five years; however, terms can be extended over a 10-year period for the purchase of a principal residence. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account balance, a direct rollover to another qualified plan, or a combination of both. When a participant attains age 59½, the participant is entitled to receive 100% of his or her vested account balances.

Forfeitures

In accordance with the provisions of the Plan, the nonvested portion of a participant's account is forfeitable upon termination. Participant terminations prior to vesting resulted in forfeitures of $1,714 and $1,502 in 2019 and 2018, respectively. In 2019 and 2018, employer contributions were reduced by $1,584 and $1,313, respectively, from the prior forfeitures of nonvested accounts. At December 31, 2019 and 2018, forfeited nonvested accounts totaled $378 and $312, respectively, which amounts are available to offset future employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan pays for a majority of the administrative expenses, with the remaining fees paid by the plan participants. Certain administrative expenses are paid by the Plan Sponsor.

Subsequent Events

The Plan has evaluated subsequent events through September 25, 2020, the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan follows current guidance which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure

NOTE C - FAIR VALUE MEASUREMENTS - Continued

fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE C - FAIR VALUE MEASUREMENTS - Continued

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2019 and 2018:

	Asset Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 403,190	$ -	$ -	$ 403,190
Investments measured at net asset value - Common collective trust funds				1,432,408
Total Plan's assets				$ 1,835,598

	Asset Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 309,918	$ -	$ -	$ 309,918
Investments measured at net asset value - Common collective trust funds				1,158,318
Total Plan's assets				$ 1,468,236

Following is a description of the valuation methodologies used for assets measured at fair value. The methods described below may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual Funds: Valued at the closing price reported on the active market where the individual fund is traded.

NOTE C - FAIR VALUE MEASUREMENTS - Continued

Common Collective Trusts: Valued at net asset value per share (or its equivalent) of the funds, which is based on the fair value of the fund's underlying net assets.

The collective trust funds allow for daily liquidity with no additional days' notice required for redemption. There were no unfunded commitments.

NOTE D - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by the Plan's Trustee, Fidelity Management Trust Company, and, as such, these transactions qualify as party-in-interest transactions. Fees paid during the year for legal, accounting, actuarial, and other professional services rendered by parties in interest were based on customary and reasonable rates for such services.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would become 100% vested in their employer contributions.

NOTE F - TAX STATUS

The Plan has received a determination letter dated November 3, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code (IRC).

NOTE G - RISKS AND UNCERTAINTIES

The Plan offers a number of investment options including a variety of mutual funds, some of which are registered investment companies, and common collective trusts. The investment funds include U.S. equities, international equities, and fixed-income securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk.

NOTE G - RISKS AND UNCERTAINTIES – Continued

Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across participant-directed fund elections. Additionally, the investments within each participant- directed election are further diversified into various financial instruments.
