## 1. DESCRIPTION OF THE PLAN

The following description of the Quick Quack Car Wash 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General** – The Plan was established by S&D Car Wash Management, LLC (the "Sponsor") on July 1, 2016, and is a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Eligibility** – Eligible employees of the Sponsor become eligible to make salary deferrals in the Plan on the first day of the first month, or the first day of the seventh month of the Plan year, coincident with or next following their date of hire or their attainment of age 21, whichever is later. Eligible employees become eligible to receive employer safe harbor match and discretionary match contributions in the Plan at the same time that they become eligible for salary deferrals.

**Contributions** – The Plan provides salary deferrals for eligible employees for amounts not to exceed the limit set by law. The Sponsor provides a 100% safe harbor matching contribution for each eligible participant's salary deferrals, limited to 4% of the participant's eligible compensation. In addition, the Sponsor may provide a discretionary additional matching contribution to the Plan not to exceed 6% of the participant's compensation. No discretionary contributions were provided during the years ended December 31, 2019 or 2018.

**Vesting** – Participants are immediately vested in their voluntary and employer safe harbor matching contributions plus earnings thereon. Vesting in the discretionary additional matching contributions is progressive, based upon length of service. A participant is 100% vested in the discretionary profit sharing contributions after six years of credited service. Participants must complete 1000 hours of service during a vesting compensation period to receive credit for a year of service. Forfeitures of discretionary additional matching contributions by participants may be used as additional employer contributions, to reduce subsequent employer contributions or pay Plan administrative expenses. Forfeitures totaled $865 in 2019 and these were applied in 2019 to reduce funding of 2019 Plan year Sponsor contributions.

**Payment of benefits** – Distributions from the Plan are available to participants or their beneficiaries at retirement, upon termination of employment, or as a result of total and permanent disability, or death in a lump-sum distribution equal to the value of his or her account. Mandatory distributions greater than $175 and not exceeding $5,000 are rolled over to an individual retirement plan if the participant does not elect otherwise.

**Participant accounts** – Individual accounts are maintained for each Plan participant to reflect the participant's contributions and the employer's contributions. Each participant's account is credited with the participant's contributions and an allocation of the plan earnings. Allocations are based on participant's account balances, as defined by the Plan. Participants may direct the investment of their account balances into various investment options offered by the Plan.

**Administrative expenses** – Under terms of the Plan agreement, administrative expenses are paid by the Plan unless paid by the Sponsor. In 2019 there were no administrative expenses paid for by the Sponsor.

**Party-in-Interest Transactions** – Certain Plan investments are managed by John Hancock Trust Company, LLC, the asset custodian and recordkeeper, and therefore, transactions with such investments qualify as parties-in-interest. Any purchases and sales of these funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of parties-in-interest transactions under ERISA.

## 2. SIGNIFICANT ACCOUNTING POLICIES

**Basis of accounting** – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**Investment valuation and income recognition** – Investments are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and gains (losses) are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

**Contributions** – Employee contributions and the related employer match are recorded in the period payroll deductions are made.

**Payment of benefits** – Benefits are recorded when paid.

**Excess contributions** – Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

**Income taxes** – The Plan, which is a Volume Submitter Plan, obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the plan is in compliance with the applicable requirements of the Internal Revenue Code.

**Use of estimates** – The preparation of financial statements in conformity with accounting principles generally accepting in the United States of America requires Plan management to make estimates and assumptions that affect certain reportable amounts and disclosures. Actual results could differ from those estimates.

**Subsequent events** have been evaluated through October 5, 2020, the date the financial statements were available to be issued. See Note 7.

## 3. INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within a fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

*Mutual funds*: Valued at the closing price reported on the active market on which the individual funds are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

| | Assets at Fair Value as of December 31, 2019 | | |
|---|---|---|---|
| **Investment type** | **Level 1** | **Level 2** | **Level 3** |
| Mutual Funds | $ 2,212,700 | | |
| Total | $ 2,212,700 | $ | $ |

| | Assets at Fair Value as of December 31, 2018 | | |
|---|---|---|---|
| **Investment type** | **Level 1** | **Level 2** | **Level 3** |
| Mutual Funds | $ 1,138,444 | | |
| Total | $ 1,138,444 | $ | $ |

## 4. INFORMATION CERTIFIED BY THE PLAN'S ASSET CUSTODIAN (UNAUDITED)

During the years ended December 31, 2019 and 2018, the Plan's investments were held by John Hancock Life Insurance Company (the Custodian). The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedule based on information certified by the Custodian as complete and accurate in accordance with Section 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Interest, dividends and net appreciation in fair value of investments as reported by the Custodian was $304,467 for the year ended December 31, 2019. Investments at fair value were $2,212,700 and $1,138,444, respectively, at December 31, 2019 and 2018.

## 5. PLAN TERMINATION

Although it has not expressed the intent to do so, the Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

## 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## 7. SUBSEQUENT EVENT

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance. No other subsequent events were identified through October 5, 2020, the date these financial statements were issued.
