INDEPENDENT AUDITOR'S REPORT

To the ESOP Committee

Report on the Financial Statements

We have audited the accompanying financial statements of Abbey Paving & Sealcoating Co., Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits for Abbey Paving & Sealcoating Co., Employee Stock Ownership Plan as of December 31, 2019 and 2018, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 3, investments amounting to $32,850,000 and $29,316,000 and representing 99.99% and 100% of total assets as of December 31, 2019 and 2018, respectively, whose fair values, in the absence of readily ascertainable fair values, have been estimated by the trustees with the assistance of an independent third party appraisal firm. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2019, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. DESCRIPTION OF PLAN

The following description of the Abbey Paving & Sealcoating Co., Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is an employee stock ownership plan (ESOP) established in January 1, 2005 to allow employees to share in the ownership of Abbey Paving & Sealcoating Co. (the Company). The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) of 1986, as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan covers substantially all employees of the Company who have completed one year of service and have reached 21 years of age. The trustees control and manage the operations of the Plan. The trustees of the Plan consist of a board of three to five individuals.

The Plan is designed to invest primarily in the common stock of the Company.

The Plan holds the common stock in a trust established under the Plan. During 2019 and 2018, the Plan allocated 29,386 shares of Company common shares with loans from the Company to eligible employees' accounts. As the Plan makes each payment of principal and interest, an appropriate percent of common stock is allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The loan from the Company is secured by the unallocated shares purchased from the note. Accordingly, the financial statements for the plan years ended December 31, 2019 and 2018, present separately the assets and liabilities and changes pertaining to (1) the accounts of employees with vested rights in allocated common stock (allocated) and (2) common stock not yet allocated to employees (unallocated). Shares are released from collateral and become allocated generally in the period in which debt services are actually paid.

Employer Contributions

During 2019 and 2018, the Company could contribute cash or common stock amounts as determined annually by its Board of Directors, subject to limitations established by the IRC. Plan shares purchased with debt proceeds are held in suspense. As debt service payments are made by the Plan, shares are released from suspense and allocated to active participants.

1. DESCRIPTION OF PLAN (Continued)

Employer Contributions (Continued)

Contributions are limited to the maximum allowable by the Internal Revenue Service (IRS). Contributions and forfeitures from the accounts of terminated participants are allocated to participants as of the end of the plan year.

Participant Accounts

Each participant's account is credited as of the last day of each plan year with an allocation of (a) shares of the Company's common stock released by the trustee from the unallocated account, (b) any Company dividends, (c) Plan earnings, and (d) forfeitures of terminated participant's nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are credited annually with Company contributions and trust income. Vesting in Company contributions and trust income is based on the following table:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Generally, payment of a participant's vested account balance occurs after normal retirement (age 65 or older) or early retirement (age 55 or older with ten years of service), death, or disability. Participants eligible to receive benefits receive the distribution in a single lump sum or in annual installments as described in the Plan document. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash or, if a participant elects, shares of Company common stock.

Upon the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits (Continued)

For the years ended December 31, 2019 and 2018, the Plan distributed and the Company repurchased from participants 20,507 and 11,960 shares each year, respectively, at the greater of the current appraised value or the floor price.

If separated from service prior to retirement, death, or disability, distributions are taken in cash over a period of time determined by the size of the vested balance.

Voting Rights

Each participant is entitled to direct the trustees how to vote the shares of Company common stock allocated in their account with regard to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets, or such similar transactions as the Secretary of Treasury may prescribe in regulations. The trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The trustee is required to vote any unallocated shares on behalf of the collective best interests of plan participants and beneficiaries.

Right of First Refusal

Any participant who receives shares of Company common stock from the trust shall be required to offer in writing to sell the shares first to the Company, and then to the trustee, before transferring the shares to any other person. The Company and the trustee then shall have the option to purchase the shares at a price equal to the greater of (i) the fair market value of the shares, as determined by the trustee based upon the valuation by an independent appraiser within the meaning of Section 401(a)(28)(C) of the IRC; or (ii) the price set forth in a bona fide written offer from an independent prospective purchaser. The Company and the trustee shall have 14 days from the date that they receive the notice of the shareholder's desire to transfer his or her shares to exercise their rights of first refusal.

Put Options

Under federal income tax regulations, the Company common stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, including a put option. The put option is a right to demand, under certain circumstances, that the Company buy any shares of its common stock distributed to participants for which there is no market. The put price is representative of the current value of the common stock.

The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

1. DESCRIPTION OF PLAN (Continued)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to distribute part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%.

Terminated Participants

Included in net assets available for benefits are amounts allocated to individuals who have elected to take a distribution from the Plan, including diversifications allowed by the Plan to other qualified retirement plans, but have not yet been paid. Plan assets allocated to these participants were $3,491,426 and $3,352,135 for the plan years ended December 31, 2019 and 2018, respectively.

Forfeited Accounts

Forfeitures for participants who terminate will be allocated after the expiration of a five-year period during which the forfeiture balances are reinstated if the participants are rehired or subsequent to the terminated participant receiving a full distribution from the Plan, whichever is earlier. Forfeitures allocated were $31,452 and $28,143 in 2019 and 2018, respectively.

Administration of Plan Assets

The Plan assets, which consist principally of the Company's common stock, are held by the trustees of the Plan.

Company contributions are held and managed by the trustees, who invest cash received, interest, and dividend income and make distributions to participants. The trustees also administer the payment of interest and principal on the loans, which was reimbursed to the Plan through contributions as determined by the Company.

Administrative expenses are paid directly by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Cash and Cash Equivalents

Cash and cash equivalents are defined as currency on hand, in demand deposits, and short-term highly liquid investments readily convertible to cash.

Use of Estimates

The preparation of financial statements is in conformity with accounting principals generally accepted in the United States of America (USGAAP) and requires management to take estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodians.

The investments in the Company's common stock is valued as of December 31, 2019 and 2018 at $32,850,000 ($54.75 per share) and $29,316,000 ($48.86 per share), respectively, based upon an appraisal performed by an independent valuation firm, and approved by the Plan's trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurements.* ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Company is currently evaluating the impact of this ASU.

Payment of Benefits

Benefits are recorded when paid.

Dividends

When declared, dividends may be used to repay any ESOP loan taken out by the trustees to finance the purchase of Company common stock or paid directly in cash by the trustees to the participants in proportion to the amounts of Company common stock allocated to their Company common stock as of the record date of the dividends.

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through October 7, 2020, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date, except as disclosed in Note 11.

3. INVESTMENTS

Investments at December 31, 2019 and 2018, were as follows:

	2019	2018
Common stock of Abbey Paving & Sealcoating Co.	$ 32,850,000	$ 29,316,000
TOTAL	$ 32,850,000	$ 29,316,000

3. INVESTMENTS (Continued)

The common stock of Abbey Paving & Sealcoating Co. owned by the Plan as of December 31, 2019 and 2018 was as follows:

	2019	2018
ALLOCATED SHARES, BEGINNING OF YEAR	389,363	359,977
Shares allocated during the year	29,386	29,386
ALLOCATED SHARES, END OF YEAR	418,749	389,363
UNALLOCATED SHARES, END OF YEAR	181,251	210,637
TOTAL ESOP SHARES	600,000	600,000
Fair market value per share	$ 54.75	$ 48.86

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets,

b. Quoted prices for identical or similar assets or liabilities in inactive markets,

c. Inputs other than quoted prices that are observable for the asset or liability, and

d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

4. FAIR VALUE MEASUREMENTS (Continued)

Level 2: (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Common stock: Investments in the Company common stock are valued by an independent appraisal as of the last day of each annual reporting period. In approaching the valuation, a variety of factors are taken into consideration, including:

a. the nature and history of the business, its current position, and its outlook;
b. the general and relevant economic conditions prevailing at the time of the appraisal; and
c. the current conditions and outlook in the market in which the subject company competes.

The approach to determining fair values of the common stock involved the following:

a. Determine estimated fair values of shares of common stock using the Guideline Public Company Method. Comparative valuation analysis is a technique that determines a value based on a direct comparison of the subject company to publicly traded companies where pricing and other financial data are available.

b. Determine estimated fair value of shares of common stock using the Discounted Cash Flow Method. Discounted Cash Flow Method values a company based on projected cash flows. Apply a Minority Interest Discount to the results. Applying a discount to reflect that a buyer of a minority interest does not have control over company policy, operations, or strategic direction.

c. Compare the findings under both the Guideline Public Company Method and the Discounted Cash Flow Method.

d. Apply a Marketability Discount to the results. Applying a discount to reflect the lack of marketability.

4. FAIR VALUE MEASUREMENTS (Continued)

Plan management accumulates the data as requests by its independent financial advisor from the audited financial statements of the Company. The Trustee's independent advisor prepares a preliminary report which the Trustee reviews in detail, discusses and approves. The results of this process are documented by the Trustee.

Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on the current market conditions and other third-party information.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
Description	Level 1	Level 2	Level 3	Total
Common stock	$ -	$ -	$ 32,850,000	$ 32,850,000
TOTAL INVESTMENTS AT FAIR VALUE	$ -	$ -	$ 32,850,000	$ 32,850,000

	Assets at Fair Value as of December 31, 2018			
Description	Level 1	Level 2	Level 3	Total
Common stock	$ -	$ -	$ 29,316,000	$ 29,316,000
TOTAL INVESTMENTS AT FAIR VALUE	$ -	$ -	$ 29,316,000	$ 29,316,000

4. FAIR VALUE MEASUREMENTS (Continued)

Changes in Fair Value Levels

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the years ended December 31, 2019 and 2018, there were no such transfers.

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2019 and 2018.

	2019	2018
BALANCE, BEGINNING OF YEAR	$ 29,316,000	$ 31,212,000
Unrealized gain (losses) relating to instruments still held at the reporting date	3,534,000	(1,896,000)
BALANCE, END OF YEAR	$ 32,850,000	$ 29,316,000

5. LOAN PAYABLE

Loan payable at December 31, 2019 and 2018 consisted of the following:

	2019	2018
Term note payable to the Company, due in annual principal and interest payments of $962,911 through December 31, 2026, and bearing interest at 5%	$ 5,007,177	$ 5,685,798
TOTAL	$ 5,007,177	$ 5,685,798

The term loan is secured by the unallocated shares purchased with the original proceeds from the loan.

5. LOAN PAYABLE (Continued)

Future annual maturities of the loan payable as of December 31, 2019 are as follows:

2020	$ 712,552
2021	748,180
2022	785,589
2023	824,868
2024	866,112
Thereafter	1,069,876
TOTAL	$ 5,007,177

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Any net unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. TAX STATUS

The IRS has determined and informed the Company by a letter dated June 9, 2015 that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, the Plan administrator believes that the Plan and related trust continue to be tax-exempt as of December 31, 2019.

USGAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions' however, there are currently no audits for any tax periods in progress.

8. PARTY-IN-INTEREST TRANSACTIONS

Plan investments as of and for the years ended December 31, 2019 and 2018 were held by the Company. As all investments are held in custody by this party, which also represents the issuer and manager of the corresponding investments that they hold, all investments and transactions thereof are considered related party transactions. Employees of the Company provide administrative services to the Plan for which no fees are charged.

9. RISKS AND UNCERTAINTIES

The Plan invests in Company common stock. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets per the financial statements	$ 27,876,613	$ 23,630,202
Less benefits payable recorded on 5500 relating to benefits applied for and not processed at year end	(33,790)	-
NET ASSETS PER FORM 5500	$ 27,842,823	$ 23,630,202

The following is a reconciliation of net increase (decrease) per the financial statements to Form 5500 for the years ended December 31, 2019 and 2018:

	2019	2018
Net increase (decrease) per the financial statements	$ 4,246,411	$ (1,249,694)
Less benefits payable recorded on 5500 at end of current year	(33,790)	-
TOTAL NET INCOME (LOSS) PER FORM 5500	$ 4,212,621	$ (1,249,694)

11. SUBSEQUENT EVENTS

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. Plan management is carefully monitoring the situation and evaluating its options related to the Plan. No adjustments have been made to these financial statements a result of this uncertainty.

11. SUBSEQUENT EVENTS (Continued)

In September 2020, the Board of Directors notified participants of the Plan that Plan management, in conjunction with the ESOP trustee, is implementing a re-leveraging strategy that will consist of a second loan between the Company and the Plan.
