1 – DESCRIPTION OF PLAN

GENERAL

The Amynta 401(k) Plan (formerly known as The Amynta Group 401(k) Plan) (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on March 1, 2018, and covers substantially all employees of Amynta Agency Inc. (formerly known as The Amynta Group) and certain participating employers (the "Company" or "Plan Administrator"). John Hancock Trust Company, LLC serves as the custodian ("Custodian"), and John Hancock Retirement Plan Services, LLC serves as the recordkeeper ("Recordkeeper") of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

During 2019, there were two Company acquisitions, ClearView Risk Holdings, LLC and Beacon Aviation Insurance Services, which resulted in the transfer in of assets totaled $6,611,174 and $326,510, respectively. These amounts are recorded as "Transfer in of Plan assets" in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees become eligible for participation on their employment commencement date, with the exception of members of union employees, nonresident aliens, leased employees, and independent contractors, as defined by the Plan document. Eligible employees classified as part-time/temporary/seasonal employees are eligible to participate after completion of one year of service, as defined by the Plan document.

Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company matching or profit sharing contributions, and an allocation of Plan earnings or losses and charged with administrative expenses. The allocations are based on participant earnings or account balances, as defined. Participants may modify salary deferral elections each payroll period.

CONTRIBUTIONS

Each year, a participant may elect to contribute a portion of his or her pretax compensation from 1% to 75%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,000 for 2019). The Plan also allows for after-tax, Roth contributions, subject to the same IRC limitations. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2019). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted by the Plan.

The Plan has an automatic enrollment feature. Following forty-five days after meeting eligibility requirements, newly eligible employees will be automatically enrolled in the Plan at a rate of 3% of eligible compensation, unless otherwise elected by the participant. The Plan also has an automatic increase feature. All participants will be automatically increased in increments of 1%, 2% or 3%, as elected by the participant, on the anniversary date of participation in the Plan.

The Plan allows for discretionary Company matching and profit sharing contributions in amounts to be determined by the Company. During 2019, the Company made matching contributions in the amount of 50% of participant elective deferrals up to 6% of eligible compensation. Catch-up deferrals are not subject to matching contributions. For the year ended 2019, no profit sharing contributions were made.

1- DESCRIPTION OF PLAN, CONTINUED

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits may be payable in a lump-sum amount equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Account balances of $5,000 or less at the time of distribution will be "cashed out" as an involuntary lump sum payment.

INVESTMENT OPTIONS

The Plan provides for contributions to be invested by the participants into a guaranteed interest account, common collective trusts, and mutual funds of registered investment companies in accordance with participant investment elections and the provisions of the custodial agreement. Participants should refer to the Plan website for additional fund information.

VESTING

Participants are immediately vested in participant elective deferrals, including catch-up contributions, plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions plus actual earnings, thereon, is based on years of continuous service. Participants are 100% vested after three years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts are used to reduce Company contributions or pay Plan expenses. These amounts are reported as a component of net assets available for benefits. At December 31, 2019 and 2018, $178,850 and $12,981 in forfeitures were available for use, respectively. During 2019, $12,297 in forfeitures were used to pay administrative expenses and $1,803 in forfeitures were used to reduce Company contributions.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

1- DESCRIPTION OF PLAN, CONTINUED

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A one-time origination fee is charged at inception of the note receivable. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at a rate equal to 1% above the prime rate as reported in the *Wall Street Journal*. All notes must be repaid within five years, unless for the purchase of a primary residence, in which case the repayment period may not exceed fifteen years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2019, have interest rates ranging from 4.25% to 7.25% and maturity dates from January 2020 through June 2034. Notes receivable from participants as of December 31, 2018, have interest rates ranging from 5.50% to 6.50% and maturity dates from February 2019 through July 2033.

PLAN TERMINATION

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see "Note 3 – Fair Value Measurements"). Contract value is the relevant measure attributable to a fully-benefit responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the provisions of the Plan (see "Note 5 – Guaranteed Interest Account"). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation or depreciation of fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, "*Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement"*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, "*Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements"*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

3 - FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and insignificant to the fair value measurement.

3 - FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

Common collective trusts: Valued at NAV of units of a bank common collective trust, as provided by the Custodian. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trusts, the Custodian reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 15,068,784	$ -	$ -	$ 15,068,784
Common collective trusts	-	30,999,651	-	30,999,651
Total investments at fair value	$ 15,068,784	$ 30,999,651	$ -	$ 46,068,435

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 9,569,714	$ -	$ -	$ 9,569,714
Common collective trusts	-	20,216,925	-	20,216,925
Total investments at fair value	$ 9,569,714	$ 20,216,925	$ -	$ 29,786,639

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by John Hancock Trust Company LLC, the Custodian and party-in-interest as defined by ERISA, as of December 31, 2019 and 2018, and for the year ended December 31, 2019, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedules. This information consists of the following:

	2019	2018
Investments, at fair value:		
Mutual funds of registered investment companies	$ 15,068,784	$ 9,569,714
Common collective trusts	30,999,651	20,216,925
Total investments, at fair value	46,068,435	29,786,639
Guaranteed interest account, at contract value	1,874,452	660,905
Total investments	$ 47,942,887	$ 30,447,544
Notes receivable from participants	$ 908,775	$ 673,776
Interest and dividends	$ 231,495	
Interest on notes receivable from participants	$ 44,086	
Net appreciation of fair value of investments	$ 7,833,229	

5 – GUARANTEED INTEREST ACCOUNT

The New York Life Guaranteed Interest Account is a fully benefit-responsive group annuity contract issued by New York Life Insurance Company. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specific interest rate that is guaranteed to the Plan. Certain observable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market data (ex: swap curve ratio). Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contract
- Plan terminations or mergers
- Changes to the Plan's prohibition or competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

5 – GUARANTEED INTEREST ACCOUNT, CONTINUED

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contact
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian or an affiliate of the Custodian; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

7 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by John Hancock Retirement Plan Services LLC which received a favorable opinion letter, dated May 18, 2015, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted, is operating within the guidelines of the IRC, and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in a guaranteed investment account, a variety of common collective trusts, and mutual funds of registered investment companies. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9 - RECONCILIATION TO THE FORM 5500, SCHEDULE H

The following are reconciling items between the net assets available for benefits per the financial statements to the Form 5500 at December 31, 2019 and 2018:

10 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2018, participant withholdings and loan repayments in the amount of $940,107 were late in being remitted to the Plan. The delays were unintentional, and the Company remitted lost earnings calculated using the DOL's guidelines for late deposits under the Voluntary Fiduciary Correction Program. The Company correct these delinquent participant contributions in 2019.

11– EXCESS CONTRIBUTIONS PAYABLE

The Plan failed discrimination testing for the year ended December 31, 2019. As a result, excess contributions payable amounting to $6,182, is recorded as a liability in the accompanying Statement of Net Assets Available for Benefit and as a reduction to contributions in the related Statement of Changes in Net Assets Available for Benefits.

12 - SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "Subsequent Events," the Plan has evaluated events or transactions occurring after December 31, 2019, the Statements of Net Assets Available for Benefits date, through October 6, 2020, the date the financial statements were issued, and determined there were no such events or transactions that would impact the financial statements as of and for the period ended December 31, 2019, other than those noted below.

In March 2020, the World Health Organization categorized the outbreak of the SARS-CoV-2 coronavirus ("COVID-19") as a pandemic. The COVID-19 outbreak occurred globally causing significant fluctuations in financial markets in the United States and internationally. The extent of the impact on the Plan's net assets, including the fair value of investment securities and related net investment income or loss, as well as future contributions, will depend on the duration and continued spread of the COVID-19 outbreak and any other further economic developments. Plan management is not able at this time to estimate the full impact on the Plan's financial statements.

Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") during 2020, including the following:

- Allowing participants to take distributions of up to $100,000 from the Plan,
- Increasing new notes receivable available borrowings of up to $100,000 through September 23, 2020 unless otherwise extended,
- Providing for the deferment of payments on existing notes receivable through December 31, 2020, and
- Deferring minimum required distributions.

Effective January 1, 2020, the Company resolved that the Company discretionary matching contributions would be equal to 50% of the first 7% of Plan compensation deferred by a participant,

Effective January 10, 2020, American Auto Guardian, LLC became a participating employer in the Plan.

Effective February 1, 2020, the Plan was amended and restated to due to a change in Trustee to Bank of America, N.A.
