NOTE A – DESCRIPTION OF PLAN:

The following description of the Sam Schwartz Engineering, DPC (“Company”) 401(K) (“Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General:

The Plan is a defined contribution plan covering all full time employees of the company who are age twenty-one or older and completed 1,000 hours of service within the 6 month time period following the employee’s employment commencement date. Eligible employees may enroll the first day of each month. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trustee:

Great-West Trust Company, LLC is the directed trustee for the plan.

Administration of the Plan:

ACEC Retirement Trust is the fiduciary responsible for the general operation and administration of the Plan. Empower Retirement Services (Empower) is the Plan’s record keeper.

Employee Contributions:

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Contributions are subject to annual Internal Revenue Service limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants have the Roth option, where it can designate all or part of its elective 401(k) deferrals as Roth contributions. All Roth contributions are made with after-tax dollars. Also, the Plan allows employees to rollover certain eligible governmental 457(b), 401(k), 403(b) or 401(a) from previous employers to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions:

The Company match 33% of participant contribution up to the first 9% of included compensation. Additional profit sharing amounts may be contributed at the option of the Company’s board of directors. Profit sharing contributions will be allocated to each participant as a uniform percentage of included compensation on a pro rata method and are subject to certain limitations. To be eligible for this contribution, employees must be employed on the last day of the Plan Year or must have more than 500 hours of service during the Plan Year.

Participant Accounts:

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Sam Schwartz Engineering, DPC 401(k)
Notes to Financial Statements
December 31, 2019

Vesting:

Participants are immediately 100% vested in their contributions (including rollovers from previous employers) plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.25%, which are commensurate with local prevailing rates determined by the Plan administrator. Principal and interest is paid ratably through regular payroll deductions over a period not to exceed five years.

Investments

The plan is participating in ACEC Retirement Trust with divided interest and established as a stand-alone plan on the Empower platform, the provider of Plan Services. Participants may choose from a wide array of core investment options offered by the Plan. Each option is explained in further details in Plan's Fund sheets. Participants can move all or a portion of its existing balances among investment options (subject to Plan rules) and change how payroll contributions are invested. Participants should refer to the Plan document for more complete information concerning the Plan's investment options.

Payment of Benefits:

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures:

If participants terminate employment prior to being vested in their employer contributions, upon distribution of vested portion of their accounts, or, if earlier, a five-year break in service, the non-vested portion of their account is forfeited. Forfeitures may be used for future employer contributions. There were forfeitures, including interest earned on such non-vested amounts of \$27,007 and \$3,847 for 2019 and 2018 respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting:

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis; investment income is recognized when received and disbursements are recognized when made, except for investments which are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's Investments, held in ACEC Retirement Trust, are 100% participant directed and reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of mutual funds are valued at quoted prices in an active market.

Investment in collective trust funds are valued using net asset value (NAV). NAV is use as a practical expedient to estimate fair value. Unit values are determined by the financial institution sponsoring such funds by dividing the funds' net assets at fair value by its units outstanding at the valuation dates. The Plan holds the right to liquidate its positions in these common and collective trust funds at any time, subject to a reasonable notification period. No unfunded commitments existed with respect to these common and collective trust funds at December 2019 and 2018.

Net realized and unrealized appreciation (depreciation) in fair value of investment includes the net realized gain (loss) on investments sold during the year and the net change in unrealized appreciation (depreciation) during the year on investments held at the end of the year.

The Plan's trustee in consultation with the Plan's investment advisor determines the Plan's valuation policies. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Sam Schwartz Engineering, DPC 401(k)
Notes to Financial Statements
December 31, 2019

Notes Receivable from Participants:

Participant loans are classified as notes receivable from participants on the statements of net assets available for benefits and are valued at their unpaid principal. The interest earned on these loans is included with interest and dividend income on the statement of changes in net assets available for benefits.

Payment of Benefits:

Benefits to participants are recorded when paid.

Administrative Expenses :

Administrative expenses are paid by the Plan and the Company as provided in the Plan document. Management fees and operating expenses charged to the Plan for investments are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Excess Contributions Payable :

The Plan is required to return contributions to participants in the event certain non-discrimination tests defined under the IRC are not satisfied. During 2019 and 2018, the Plan did not pass the non-discrimination requirements of the IRC Section 402(g) (participants exceeded annual deferral limit) as well as the Plan Limits Test (after tax limits exceeded). As a result, for the year ended December 31, 2019 and 2018, a de minimis amount of contributions were refundable to certain participants.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Subsequent Events::

Subsequent events were evaluated through October 8, 2020, which was the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS:

ASC 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2019 and 2018:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Un- observable Inputs (Level 3)	Total
<hr/> 2019 <hr/>				
Mutual Funds	\$ 7,239,752	\$ —	—	\$ 7,239,752
Guaranteed Interest Fund	—	1,569,049	—	1,569,049
Collective Trust Fund at <i>NAV</i>	—	—	—	5,051,896
Total Assets at Fair Value	<u>\$ 7,239,752</u>	<u>\$ 1,569,049</u>	<u>—</u>	<u>\$ 13,860,697</u>

Total Assets at Fair Value	<u>\$ 6,913,433</u>	<u>\$ 461,519</u>	<u>—</u>	<u>\$ 10,451,827</u>

In accordance with Subtopic 820-10, certain investment that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net asset available for benefits.

NOTE D – INVESTMENT CONTRACTS

Guaranteed Interest Fund

The plan invested \$ 1,569,049 and \$461,519 for 2019 and 2018 in Guaranteed Interest Fund (GIF). GIF is a general account product offered through the group annuity contract, participant principal and interest are fully guaranteed by the entire general account assets of GWL&A of NY. The average yield earned by the fund is 1.45% for 2019 and 1.35% for 2018. Participants may transfer their account balance to any other investment option offered under the plan at any time with no restrictions or penalties. If a participant transfer out of the Guaranteed Interest Fund, GWL&A of NY reserves the right to restrict transfers for 30 days. If the Employer chooses to terminate the product, there may be participant transfer restrictions until the money is paid to the next provider. If there is a plan Sponsor initiated event (such as, but not limited to, a merger, acquisition or plan termination), a Market Value Adjustment is assessed on Participant distributions for a period of 12 or 36 months, depending on market conditions. These transactions are processed after the resolution of closed or disrupted financial exchanges or markets. Each quarter an interest rate is established for all money, regardless of when it was deposited. The credited interest rate may stay the same or change each quarter.

Collective Trust Funds

Plan also invested \$5,051,896 and \$3,076,875 for 2019 and 2018 in certain Collective Trusts Funds. Due to the various unique investment that maybe allowed in a collective trust fund, and the various restrictions that maybe imposed, the net asset value per share (NAV) practical expedient was used for fair value measurement as defined in ASC 820. In general the use of the practical expedient requires that the NAV is not publicly available. See NOTE C.

Notes to Financial Statements
December 31, 2019

NOTE E – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED):

All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investment assets and notes receivable from participants at December 31, 2019 and 2018, and the related net investment gain (loss) and interest and dividend income for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee and Custodian.

NOTE F – TAX STATUS:

The Plan has adopted a Non-Standardized Prototype Plan Document sponsored by Orchard Trust Co that obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Prototype Document, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE G – PARTY-IN-INTEREST TRANSACTIONS

The Plan hold investments issued by Great West Trust Company, LLC, and its affiliates, qualifies as party-in-interest transactions. The plan held \$5,346,604 and \$3,280,362 of investments for 2019 and 2018 respectively, issued by Great-West Trust, LLC and its affiliates. Also, fees paid to Empower Retirement Advisory Services, as record keeper, qualify as party in interest transactions. However, they are exempt from the ERISA prohibited transaction rules.

Also, participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA.

NOTE H – RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The potential economic impact to Plan's assets and operation brought by, and duration of, Covid-19 pandemic is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted at this time.
