**WOODWARD
HRT RETIREMENT ACCOUNT PLAN**

Notes to Financial Statements

December 31, 2019 and 2018

(1) Description of Plan

The following description of the Woodward HRT Retirement Account Plan (RAP or Plan) provides only general information. The Plan became effective April 3, 2009 and is a profit sharing plan under section 401(a) of the Internal Revenue Code. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

Effective February 27, 2009, Woodward, Inc. (Company) entered into an agreement with Textron, Inc. for the purchase, among other things, of the stock of HR Textron Inc. (HRT). In the agreement, the Company agreed to establish a tax-qualified defined contribution plan to provide benefits for, and assume the liabilities and assets attributable to, salaried employees and non-bargained hourly employees who were employed by HRT on April 3, 2009 and were participating in the Textron Inc. Retirement Account Plan as of such date. The assets and liabilities attributable to such HRT employees under the Textron Inc. Retirement Account Plan were transferred to the RAP.

The RAP and the Woodward HRT Pension Plan (Pension Plan) together are the Woodward HRT Retirement Program, which is designed to be a "floor-offset" arrangement. The Pension Plan formula that guarantees a minimum pension is called the "floor benefit". If the participant's RAP account balance, converted to a monthly single-life annuity, is more valuable than the floor benefit, participants receive their RAP account balance. If the participant's RAP account balance, converted to a monthly single-life annuity, is less valuable than the floor benefit, participants receive the floor benefit. The benefit from the RAP and the Pension Plan together will always be the greater of (a) the floor benefit or (b) the value in the RAP.

Covered employees generally include all salaried and non-bargained hourly employees of Woodward HRT, Inc. or any other Company division, plant or other entity which has been approved by the Company as an "Employer Unit" for the RAP. Covered employees became a participant in the RAP on the date of employment on or after April 3, 2009 with credit for prior service at HRT Textron, Inc. On November 18, 2009 the Plan was amended to prohibit any new participants from entering the Plan on or after January 1, 2010.

The Plan was amended on December 31, 2014 to freeze future contributions for participants eligible under this Plan.

**WOODWARD
HRT RETIREMENT ACCOUNT PLAN**

Notes to Financial Statements

(b) Vesting

Participants were fully vested in their RAP account after the completion of 3 years of vesting service, or if occurring prior to termination, the attainment of age 60, death or permanent disability. Vesting service included prior service for participants previously employed at HRT Textron, Inc. When the Plan was amended December 31, 2014, all participant accounts were considered fully vested.

(c) Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the employer contributions, and an allocation of Plan investment income and forfeitures. Participant accounts are decreased by benefits paid, an allocation of plan investment losses, forfeitures and administrative expenses. Allocations are based upon the participant's earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Investment Management

Investments are trustee directed unless the Company appoints an investment manager or delegates investment authority to another named fiduciary.

(e) Payment of Benefits

The vested balance of a participant's account may be distributed after severance from service for any reason. Unless a participant elects otherwise, distribution will begin no later than the 60th day after the plan year in which the latest of the following occurs: 1) participant attains age 65; 2) the 10th anniversary of commencement of plan participation; or 3) termination of employment. If a participant dies before distribution commences and has a vested balance, the beneficiary may elect to commence distributions. Distributions may be as a single sum, single life annuity, joint and 50% surviving spouse annuity, or joint and 75% surviving spouse annuity under terms more fully described in the plan document. If a participant's vested account balance is less than \$5,000, payment shall be made as a single sum.

(f) Forfeited Accounts

As of December 31, 2019 and 2018, there were unused forfeitures of \$95 and \$4,980, respectively. Forfeitures were used to reduce future employer contributions which have now ceased.

**WOODWARD
HRT RETIREMENT ACCOUNT PLAN**

Notes to Financial Statements

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Date of Management's Review

Subsequent events were evaluated through September 22, 2020 which is the date the financial statements were available to be issued.

(c) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(d) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Operating Expenses

Administrative expenses are to be paid from Plan assets unless the Company elects to pay such expenses.

**WOODWARD
HRT RETIREMENT ACCOUNT PLAN**

Notes to Financial Statements

(3) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

(4) Certification of Financial Information

The following financial data included in the accompanying financial statements and supplemental schedule has been certified as complete and accurate by the Vanguard Fiduciary Trust Company, the trustee, and has not been audited by the independent auditors for the Plan: investments at fair value, interest and dividend income and net appreciation (depreciation) in fair value of investments.

(5) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements authoritative literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Investments in mutual funds are valued at the net asset value of shares held by the Plan at year end.

**WOODWARD
HRT RETIREMENT ACCOUNT PLAN**

Notes to Financial Statements

Within the fair value hierarchy, the Plan's investments (all considered Level 1 as of December 31, 2019 and 2018) were mutual funds with a fair value of \$6,982,192 and \$5,648,495, respectively.

(6) Related Party Transactions

Plan investments are shares of mutual funds managed by an affiliate of Vanguard Fiduciary Trust Company (Vanguard). Vanguard is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

(7) Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated April 18, 2017, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

As a result of the recent spread of the novel coronavirus (COVID-19) subsequent to December 31, 2019, economic uncertainties have arisen which have negatively impacted the market values of investment securities. Other financial impact could occur though such potential impact is unknown at this time.
