INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the AAA Club Alliance Inc. 401(k) Retirement Savings Plan

Report on the 2019 Financial Statements

We were engaged to audit the accompanying 2019 financial statements of the AAA Club Alliance 401(k) Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility on the 2019 Financial Statements

Our responsibility is to express an opinion on the 2019 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion on the 2019 Financial Statements* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements.

Basis for Disclaimer of Opinion on the 2019 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the 2019 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion on the 2019 Financial Statements

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2019 Financial Statements* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental Schedule H, Line 4(i)–Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2019 Financial Statements* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2018 Financial Statement

The financial statement of the Plan as of December 31, 2018, was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Vanguard Fiduciary Trust Company, the trustee of the Plan. Their report, dated October 11, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations 2019

The form and content of the information included in the 2019 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Our responsibility is to express an opinion on the 2019 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion on the 2019 Financial Statements* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements.

Basis for Disclaimer of Opinion on the 2019 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the 2019 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion on the 2019 Financial Statements

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2019 Financial Statements* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2019 Financial Statements* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2018 Financial Statement

The financial statement of the Plan as of December 31, 2018, was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Vanguard Fiduciary Trust Company, the trustee of the Plan. Their report, dated October 11, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the AAA Club Alliance Inc. 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Plan sponsored by AAA Club Alliance Inc. (the "Company", "Plan Sponsor" or "Employer"), as described in the Plan document. Eligible employees begin participating 60 days from the date of hire after attaining age 18. Leased employees are not eligible to participate. Eligible employees who have satisfied the eligibility requirements are able to enter the Plan on the first day the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Retirement Plan Committee is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and monitoring of the investment performance.

Contributions

Each year, participants may contribute a percentage of 1% to 50% their pre-tax annual compensation amount as defined in the Plan. The pretax contributions cannot exceed statutory limits. Contributions may be designated as Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled into the Plan. Automatically enrolled participants have their deferral rate set at 3% of pre-tax eligible compensation and their contributions invested in a designated target date fund until changed by the participant. The Plan also includes an auto escalation feature for deferral percentages for each active participant having automatic enrollment contributions made on his or her behalf to be increased annually each year by 1% on April 1st, and limited to 10% of eligible compensation.

The Company also makes an employer safe harbor matching contribution to eligible participants, as defined by the Plan, equal to 125% of the first 4% and 100% of the next 2% of amounts that a participant contributes to the plan for a maximum total Company match of 7%. Participants are eligible for employer safe harbor matching contributions immediately.

The Plan also provides for a discretionary Company profit sharing contribution. Participants are eligible for the Company profit-sharing contribution if they complete 1,000 hours of service and are employed on the last day of the Plan year. No Company profit-sharing contributions were made for the 2019 plan year.

Contributions are subject to certain Internal Revenue Service ("IRS") limits.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, the employer safe harbor matching contributions, and allocations of the Company's profit sharing contribution, if any, and Plan earnings. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participants' earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their deferral contributions, employer safe harbor matching contributions and any Company profit sharing contributions into various investment options offered by the Plan, including into various mutual fund investment options and common collective trusts. Participants may change their investment options at any time. For a participant that is automatically enrolled and in the absence of any other

election, the participant's contributions are invested in the Vanguard Target Retirement Fund most appropriate for the participant's age.

Forfeited Amounts
Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $18,323 and $37,176, respectively. Forfeitures may be applied to payment of administrative expenses and/or to reduce employer safe harbor matching contributions. During the year ended December 31, 2019, forfeitures of $148,256 were used to reduce administrative expenses and forfeitures of $615,641 were used to reduce employer safe harbor matching contributions.

Vesting
Participants are vested immediately in their contributions, including their elective pre-tax deferral contributions, Roth 401(k) deferrals, and rollover contributions, plus actual earnings thereon.

Vesting in the employer safe harbor matching contributions, plus earnings thereon, is 100% after two years of service.

Vesting in profit-sharing contributions, plus earnings thereon, is 100% after three years of service.

Vesting in employer contributions related to assets merged in from other plans or other employer contributions are subject to the terms of the Plan document.

A participant is 100% vested in both employer safe harbor matching contributions and Company profit-sharing contributions if they are employed on or after attaining age of 65 or upon death or disability.

Payment of Benefits
Upon termination of service, death, disability, retirement or separation from service, participants or their beneficiaries will receive an amount equal to the value of the participant's vested interest in his or her account. A participant may receive their vested account balance in either a single lump sum payment or annual installments. If a participant's vested account balance is less than $5,000 upon termination, a distribution of the participant's account may be made automatically in a single lump-sum cash distribution.

In-service withdrawals of all or a portion of a participant's vested account balance may be made by participants who have attained the age of 59-1/2. Participants are also permitted to make hardship withdrawals from their deferral contribution accounts.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. No more than two loans to a participant may be outstanding at any given time. The loans are secured by the balance in the participant's account and the loan interest rate is the prime rate of interest, as defined by the Plan document, plus one percentage point. Principal and interest are repaid ratably through payroll deductions and ACH payments over a period of five years or less, with the exception of loans made for the purchase of a primary residence, where the repayment period may be up to and including thirty years. Interest rates on notes receivable from participants ranged from 4.25% to 9.00% as of December 31, 2019.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price).

The Retirement Plan Committee determines the Plan's investment policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit distribution is recorded, based upon the terms of the Plan document.

Payments of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and other participant-specific fees are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

Recently Issued Accounting Guidance
In August 2018, the Financial Accounting Standards Board issued *Accounting Standards Update 2018-13, Fair Value Measurement (Topic 820), Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement* ("ASU 2018-13"). ASU 2018-13 was issued as part of a disclosure framework project to improve the effectiveness of disclosures in the notes to the financial statements. ASU 2018-13 removes, adds and modifies certain disclosure requirements from Topic 820, however, the added disclosures are not required for nonpublic entities. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. Certain amendments are to be applied prospectively while others are to be applied retrospectively. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan early adopted ASU No. 2018-13 on January 1, 2019, which did not have a material effect on the Plan's financial statements.

3. Unaudited Information Certified by the Plan Trustee

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and supplemental schedule were derived from information certified by Vanguard Fiduciary Trust Company, the trustee, as complete and accurate.

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.

- Investment activity, including interest and dividends, net appreciation in fair value of investments, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- The information for all mutual funds (registered investment companies), common collective trusts, and participant loans listed in the schedule of assets (held at end of year) at December 31, 2019 as shown in the supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the net asset value or equivalent based on units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the common collective trust less its liabilities. This practical expedient is not used when it is determined to be probable that the common collective trust will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or

assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 93,204,797	$ 93,204,797	$ -	$ -
Common collective trusts (*)	299,475,728	-	-	-
Total	$ 392,680,525	$ 93,204,797	$ -	$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2018:

	Total	Level 1	Level 2	Level 3
Investments, at fair value:				
Mutual funds	$ 68,389,869	$ 68,389,869	$ -	$ -
Common collective trusts (*)	252,084,683	-	-	-
Total	$ 320,474,552	$ 68,389,869	$ -	$ -

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers in or out of levels 1, 2, or 3.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2019 and 2018.

	Fair Value				
	December 31,	December 31,	Unfunded	Redemption	Redemption
Investment Type	2019	2018	Commitments	Frequency	Notice Period
Common collective trusts	$ 299,475,728	$ 252,084,683	$ -	Daily	Daily

The Plan's investment options include common collective trusts whose investment strategies are similar to target date funds and stable value funds. The objective of common collective trusts with target date strategies is to provide an age-based investment mix of stocks, bonds and short-term investments. The objective of the common collective trusts with a stable value strategy is to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. These common collective trusts are redeemable at net asset value under agreements with the underlying common collective trusts. However, it is possible that these redemption rights may be restricted by the common collective trusts in the future in accordance with underlying common collective trust agreements. Due to the nature of the investments held by the common collective trusts, changes in market conditions and the economic environment may significantly impact the net asset value of the common collective trusts, and consequently, the fair value of the Plan's interest in the

common collective trusts. Furthermore, changes in the liquidity provisions of the common collective trusts may significantly impact the fair value of the Plan's interest in the common collective trusts

5. Related Party and Party-in-Interest Transactions

Plan investments include mutual funds and common collective trusts managed by affiliates of Vanguard Fiduciary Trust Company ("Vanguard"). Vanguard is the trustee and record-keeper of the Plan. The Plan also permits notes receivable from participants. The Plan Sponsor pays directly certain fees related to the Plan's operations. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. Administrative fees paid by the Plan to the trustee and recordkeeper were $498,605 during 2019.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts, including any Company contributions in which they are not already vested and the net assets of the Plan would be distributed to Plan participants and beneficiaries in proportion to their respective account balances.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Tax Status

The Plan is a volume submitter plan that has received an advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2014 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code ("Code"), and therefore, the related trust is tax exempt. In accordance with IRS Revenue Procedure 2010-06 and Announcement 2005-16, the Company has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain the Plan's qualified status. Although the Plan has been amended since receiving the advisory letter, management of the Plan believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for incomes taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$ 401,926,536	$ 329,796,198
Adjustment for deemed distributions included in notes receivable from participants	-	(16,475)
Net assets available for benefits per the Form 5500	$ 401,926,536	$ 329,779,723

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2019:

	2019
Net increase in changes in net assets available for benefits per the financial statements	$ 72,130,338
Change in adjustment for deemed distributions excluded from benefits paid to participants	16,475
Net income per the Form 5500	$ 72,146,813

10. Subsequent Events

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies and other events subsequent to December 31, 2019. The impact to the Plan of the COVID-19 pandemic during 2020 has resulted in significant volatility in fair value of investments of the Plan. It has also decreased interest rates. The long-term impact of the effects of the COVID-19 pandemic to the Plan or Plan sponsor are currently not known. The Plan sponsor is also currently evaluating the effects of relief from regulatory authorities, including the Coronavirus Aid, Relief and Economic Security Act (CARES Act), to the Plan. The extent of any adverse impact of the COVID-19 pandemic on the Plan's net assets available for benefits or Plan participant's account balances could not be reasonably estimated at the date the financial statements were available to be issued.

Management evaluated subsequent events for the Plan through October 7, 2020, the date the financial statements were available to be issued.
