INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
of **Northern Ohio Profit Sharing Plan**
Norwalk, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **Northern Ohio Profit Sharing Plan**, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company and Massachusetts Mutual Life Insurance Company, the trustee and insurance company of the Plan, respectively, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust Company and Massachusetts Mutual Life Insurance Company hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustee and insurance company as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee and insurance company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of assets (held at end of year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee and insurance company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NORTHERN OHIO PROFIT SHARING PLAN

Notes to Financial Statements For the years ended December 31, 2019 and 2018

1. Description of the plan

The following description of the Northern Ohio Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Effective October 15, 2008, the Northern Ohio Profit Sharing Plan and Trust, a multiple employer plan, was renamed the Northern Ohio Profit Sharing Plan. At the same time, the Plan was amended and restated to allow for non-elective contributions to three separate groups of participants in such proportion that each participant's compensation bears to the total compensation of all participants within each group or in equal amounts or percentages of compensation for that group.

At March 6, 2014 the plan was amended and restated and a volume submitter 401(k) profit sharing plan was adopted. All plan assets were rolled into new investment choices on March 7, 2014.

The restated plan is a multiple employer defined contribution retirement savings plan in accordance with Internal Revenue Code Section 401(k) covering all eligible employees of the adopting employers employed on or after March 6, 2014. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following companies are adopting employers of the restated Plan (the Companies): Lake Erie Construction Company, Hobart Holdings Company, Maple City Development Company, Firelands Supply Company and American Highway Safety, LLC.

Contributions

Each year participants may elect to make deferred or non-deferred (Roth) salary contributions to the Plan in amounts up to the maximum percentage allowed by the Internal Revenue Code of their total pretax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans or individual retirement accounts. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers three risk based model portfolios, twelve age-based investment options and over twenty mutual funds. The Companies may make employer contributions at the discretion of their Boards of Directors to six separate groups of participants in proportion to all participants within each group. Participants must be employed on the last day of the year to receive an allocation of the Companies' contributions.

Participant accounts

Each participant's account is credited with their own contributions and allocations of the Companies' contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the plan – continued

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon, and are vested immediately in the Companies' contribution portion of their account also.

Forfeited accounts

Forfeitures are allocated to administration expenses of the Plan and then as additional employer contributions. Forfeitures of terminated participants' non-vested accounts amounted to \$0 and \$16,977 for 2019 and 2018, respectively.

Notes receivable from participants

Participants may borrow from their fund accounts up to an annual maximum of the lesser of \$15,000 or 50% of their vested account balance and a cumulative maximum of 50% of their vested account balance. The notes receivable are secured by the balance in the participants' accounts and bear interest at the prime rate. Principal and interest is paid ratably through payroll deductions. Notes receivable are valued at their outstanding balances.

Payment of benefits

On termination of service, a participant may elect to receive a lump sum, a qualified joint and survivor annuity, a series of installment payments or an annuity. In all cases, the participant will receive an amount equal to the vested balance of his or her account. The Plan Administrator may direct the trustee to make a lump-sum distribution to a terminated participant whose vested account balance is less than \$5,000.

2. Summary of significant accounting policies

Basis of accounting

Accounting records are maintained by the custodian on the cash basis. The financial statements herein include all material adjustments necessary to place the financial statements on the accrual basis of accounting. The Annual Return/Report of Employee Benefit Plan is filed on the cash basis.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Financial instruments - concentration of credit risk

The Plan places its temporary cash investments with financial institutions in amounts which may exceed the federally insured deposit limits.

2. Summary of significant accounting policies - continued

Investment valuation and income recognition

Investment transactions are recorded by the custodian on the trade-date basis. Investments owned are reflected in the statement of net assets available for plan benefits at fair value based on quoted market prices. See financial schedules for a list of investments held at December 31, 2019, and any reportable transactions required to be disclosed. Changes in unrealized appreciation (depreciation) of investments are reflected currently in net appreciation (depreciation) in fair value of investments in the accompanying statements of changes in net assets available for benefits. Realized gains and losses are determined based on the original cost of the assets and are also included in net appreciation (depreciation) in fair value of investments in the accompanying statements of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019, no allowance for credit losses has been recorded. If a participant does not make repayments and the plan administrator considers the note receivable to be in default, the balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative expenses

Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Companies.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

Management has evaluated subsequent events through September 28, 2020, the date the financial statements were available to be issued.

3. Information certified by Reliance Trust Company and Massachusetts Mutual Life Insurance Company

Effective January 1, 2016, the Plan sponsor entered into an agreement with Reliance Trust Company which established Reliance Trust Company as the trustee of the Plan. In addition, Massachusetts Mutual Life Insurance Company (Mass Mutual) is the insurance company of the plan. The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under this election, no audit procedures were performed on the 2019 and 2018 financial statements and accompanying supplementary information (other than with respect to contributions and benefits paid to participants), except for comparing such information to the information certified by the trustee and insurance company.

4. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that a change could occur in the near term that could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

5. Tax status

Effective March 6, 2014 the Plan adopted a volume submitter 401(k) plan from its third party administrator, Massachusetts Mutual Life Insurance Company (Mass Mutual). As a volume submitter, Mass Mutual has obtained an advisory letter dated May 11, 2009 in which the Internal Revenue Service stated that the plan, as then designed, was acceptable under the applicable requirements of the Internal Revenue Code.

The plan has been amended since Mass Mutual received the favorable advisory letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

6. Plan termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts and each participant and beneficiary will be paid the amount of his or her account balance in the Plan in a lump sum.

7. Fair value measurements

FASB ASC 820 establishes that fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price) and establishes a fair value hierarchy based upon the inputs used to measure fair value. The three levels of the fair value hierarchy defined by FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 – Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

7. Fair value measurements – continued

As required by FASB ASC 820, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels. The Plan's investments accounted for at fair value as of December 31, 2019 and 2018 are summarized below.

<u>Level 1 inputs:</u>	<u>2019</u>	<u>2018</u>
Mutual funds	<u>\$28,973,323</u>	<u>\$23,973,435</u>
<u>Level 2 inputs:</u>		
Guaranteed interest contracts	<u>\$ 8,597,948</u>	<u>\$ 7,561,561</u>
Notes receivable from participants	<u>\$ 267,160</u>	<u>\$ 227,839</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019.

Mutual funds are valued at the net asset value of shares held by the Plan at year end. See Note 8 for value of guaranteed interest contracts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Gains and losses (realized and unrealized) are included in net appreciation (depreciation) in fair market value of investments in the statement of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.

8. Guaranteed interest contracts with insurance company

In 2014, the Plan entered into fully benefit-responsive guaranteed interest contracts with Mass Mutual. Mass Mutual maintains the contributions in separate account guaranteed interest contracts (SAGIC). SAGIC's maintain a Book Value Account (BVA) and a Market Value Account (MVA). The BVA is credited a guaranteed rate that is reset semi-annually. The rates established are unique to each contract and take into account contributions, withdrawal, and expense activity and the value of the MVA relative to the BVA within each contract. Since the guaranteed crediting rate will not be reset below zero percent, at a minimum, participant's principal is guaranteed while the contract is in force. The BVA's rate is reset periodically to reflect the yield to maturity of the underlying asset portfolio and also to amortize the difference between the contract's BVA and MVA balance while taking into consideration fees and expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

8. Guaranteed interest contracts with insurance company - continued

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Employer-initiated events such as layoffs, a sale of a business unit, a company merger, or a change in the stable value option offered under a plan are considered market value events and are subject to the plan sponsor liquidity provisions. Upon full or partial contract or plan termination and certain other sponsor-initiated events, distributions from the SAGIC may be subject to a liquidation value (market value) adjustment pursuant to a formula specified in the contract. The market value formula may produce a value that is more or less than the book value of the plan's investment in the SAGIC.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the interest contracts at December 31, 2019 was \$8,597,948. The unallocated guaranteed interest contracts had a yield of 3.52% and the allocated guaranteed interest contracts had a yield of 1.03% which was credited to participants.

9. Transactions with parties-in-interest

Due to the nature of the investment contract under the restated plan, all investment transactions, administrative expenses and investment assets held after March 6, 2014 are considered to be party-in-interest transactions with Mass Mutual. Such transactions are exempt from being prohibited transactions.

10. Subsequent events

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, affecting the fair value of the Plan's investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

11. Reconciliation to Form 5500

As discussed in Note 2, the Plan's financial statements are presented on the accrual basis of accounting and the Annual Return/Report of Employee Benefit Plan (Form 5500) is prepared and filed on the cash basis of accounting. The following schedule reconciles the differences between those two methods as of and for the year ended December 31, 2019 and the differences in classifications of investment income, gains and losses for the year ended December 31, 2019.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
of **Northern Ohio Profit Sharing Plan**
Norwalk, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **Northern Ohio Profit Sharing Plan**, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company and Massachusetts Mutual Life Insurance Company, the trustee and insurance company of the Plan, respectively, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust Company and Massachusetts Mutual Life Insurance Company hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustee and insurance company as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee and insurance company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of assets (held at end of year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee and insurance company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NORTHERN OHIO PROFIT SHARING PLAN

Notes to Financial Statements For the years ended December 31, 2019 and 2018

1. Description of the plan

The following description of the Northern Ohio Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Effective October 15, 2008, the Northern Ohio Profit Sharing Plan and Trust, a multiple employer plan, was renamed the Northern Ohio Profit Sharing Plan. At the same time, the Plan was amended and restated to allow for non-elective contributions to three separate groups of participants in such proportion that each participant's compensation bears to the total compensation of all participants within each group or in equal amounts or percentages of compensation for that group.

At March 6, 2014 the plan was amended and restated and a volume submitter 401(k) profit sharing plan was adopted. All plan assets were rolled into new investment choices on March 7, 2014.

The restated plan is a multiple employer defined contribution retirement savings plan in accordance with Internal Revenue Code Section 401(k) covering all eligible employees of the adopting employers employed on or after March 6, 2014. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following companies are adopting employers of the restated Plan (the Companies): Lake Erie Construction Company, Hobart Holdings Company, Maple City Development Company, Firelands Supply Company and American Highway Safety, LLC.

Contributions

Each year participants may elect to make deferred or non-deferred (Roth) salary contributions to the Plan in amounts up to the maximum percentage allowed by the Internal Revenue Code of their total pretax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans or individual retirement accounts. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers three risk based model portfolios, twelve age-based investment options and over twenty mutual funds. The Companies may make employer contributions at the discretion of their Boards of Directors to six separate groups of participants in proportion to all participants within each group. Participants must be employed on the last day of the year to receive an allocation of the Companies' contributions.

Participant accounts

Each participant's account is credited with their own contributions and allocations of the Companies' contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the plan – continued

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon, and are vested immediately in the Companies' contribution portion of their account also.

Forfeited accounts

Forfeitures are allocated to administration expenses of the Plan and then as additional employer contributions. Forfeitures of terminated participants' non-vested accounts amounted to \$0 and \$16,977 for 2019 and 2018, respectively.

Notes receivable from participants

Participants may borrow from their fund accounts up to an annual maximum of the lesser of \$15,000 or 50% of their vested account balance and a cumulative maximum of 50% of their vested account balance. The notes receivable are secured by the balance in the participants' accounts and bear interest at the prime rate. Principal and interest is paid ratably through payroll deductions. Notes receivable are valued at their outstanding balances.

Payment of benefits

On termination of service, a participant may elect to receive a lump sum, a qualified joint and survivor annuity, a series of installment payments or an annuity. In all cases, the participant will receive an amount equal to the vested balance of his or her account. The Plan Administrator may direct the trustee to make a lump-sum distribution to a terminated participant whose vested account balance is less than \$5,000.

2. Summary of significant accounting policies

Basis of accounting

Accounting records are maintained by the custodian on the cash basis. The financial statements herein include all material adjustments necessary to place the financial statements on the accrual basis of accounting. The Annual Return/Report of Employee Benefit Plan is filed on the cash basis.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Financial instruments - concentration of credit risk

The Plan places its temporary cash investments with financial institutions in amounts which may exceed the federally insured deposit limits.

2. Summary of significant accounting policies - continued

Investment valuation and income recognition

Investment transactions are recorded by the custodian on the trade-date basis. Investments owned are reflected in the statement of net assets available for plan benefits at fair value based on quoted market prices. See financial schedules for a list of investments held at December 31, 2019, and any reportable transactions required to be disclosed. Changes in unrealized appreciation (depreciation) of investments are reflected currently in net appreciation (depreciation) in fair value of investments in the accompanying statements of changes in net assets available for benefits. Realized gains and losses are determined based on the original cost of the assets and are also included in net appreciation (depreciation) in fair value of investments in the accompanying statements of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019, no allowance for credit losses has been recorded. If a participant does not make repayments and the plan administrator considers the note receivable to be in default, the balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative expenses

Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Companies.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

Management has evaluated subsequent events through September 28, 2020, the date the financial statements were available to be issued.

3. Information certified by Reliance Trust Company and Massachusetts Mutual Life Insurance Company

Effective January 1, 2016, the Plan sponsor entered into an agreement with Reliance Trust Company which established Reliance Trust Company as the trustee of the Plan. In addition, Massachusetts Mutual Life Insurance Company (Mass Mutual) is the insurance company of the plan. The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under this election, no audit procedures were performed on the 2019 and 2018 financial statements and accompanying supplementary information (other than with respect to contributions and benefits paid to participants), except for comparing such information to the information certified by the trustee and insurance company.

4. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that a change could occur in the near term that could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

5. Tax status

Effective March 6, 2014 the Plan adopted a volume submitter 401(k) plan from its third party administrator, Massachusetts Mutual Life Insurance Company (Mass Mutual). As a volume submitter, Mass Mutual has obtained an advisory letter dated May 11, 2009 in which the Internal Revenue Service stated that the plan, as then designed, was acceptable under the applicable requirements of the Internal Revenue Code.

The plan has been amended since Mass Mutual received the favorable advisory letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

6. Plan termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts and each participant and beneficiary will be paid the amount of his or her account balance in the Plan in a lump sum.

7. Fair value measurements

FASB ASC 820 establishes that fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price) and establishes a fair value hierarchy based upon the inputs used to measure fair value. The three levels of the fair value hierarchy defined by FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 – Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

7. Fair value measurements – continued

As required by FASB ASC 820, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels. The Plan's investments accounted for at fair value as of December 31, 2019 and 2018 are summarized below.

<u>Level 1 inputs:</u>	<u>2019</u>	<u>2018</u>
Mutual funds	<u>\$28,973,323</u>	<u>\$23,973,435</u>
<u>Level 2 inputs:</u>		
Guaranteed interest contracts	<u>\$ 8,597,948</u>	<u>\$ 7,561,561</u>
Notes receivable from participants	<u>\$ 267,160</u>	<u>\$ 227,839</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019.

Mutual funds are valued at the net asset value of shares held by the Plan at year end. See Note 8 for value of guaranteed interest contracts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Gains and losses (realized and unrealized) are included in net appreciation (depreciation) in fair market value of investments in the statement of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.

8. Guaranteed interest contracts with insurance company

In 2014, the Plan entered into fully benefit-responsive guaranteed interest contracts with Mass Mutual. Mass Mutual maintains the contributions in separate account guaranteed interest contracts (SAGIC). SAGIC's maintain a Book Value Account (BVA) and a Market Value Account (MVA). The BVA is credited a guaranteed rate that is reset semi-annually. The rates established are unique to each contract and take into account contributions, withdrawal, and expense activity and the value of the MVA relative to the BVA within each contract. Since the guaranteed crediting rate will not be reset below zero percent, at a minimum, participant's principal is guaranteed while the contract is in force. The BVA's rate is reset periodically to reflect the yield to maturity of the underlying asset portfolio and also to amortize the difference between the contract's BVA and MVA balance while taking into consideration fees and expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

8. Guaranteed interest contracts with insurance company - continued

Because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Employer-initiated events such as layoffs, a sale of a business unit, a company merger, or a change in the stable value option offered under a plan are considered market value events and are subject to the plan sponsor liquidity provisions. Upon full or partial contract or plan termination and certain other sponsor-initiated events, distributions from the SAGIC may be subject to a liquidation value (market value) adjustment pursuant to a formula specified in the contract. The market value formula may produce a value that is more or less than the book value of the plan's investment in the SAGIC.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the interest contracts at December 31, 2019 was \$8,597,948. The unallocated guaranteed interest contracts had a yield of 3.52% and the allocated guaranteed interest contracts had a yield of 1.03% which was credited to participants.

9. Transactions with parties-in-interest

Due to the nature of the investment contract under the restated plan, all investment transactions, administrative expenses and investment assets held after March 6, 2014 are considered to be party-in-interest transactions with Mass Mutual. Such transactions are exempt from being prohibited transactions.

10. Subsequent events

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, affecting the fair value of the Plan's investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

11. Reconciliation to Form 5500

As discussed in Note 2, the Plan's financial statements are presented on the accrual basis of accounting and the Annual Return/Report of Employee Benefit Plan (Form 5500) is prepared and filed on the cash basis of accounting. The following schedule reconciles the differences between those two methods as of and for the year ended December 31, 2019 and the differences in classifications of investment income, gains and losses for the year ended December 31, 2019.
