**Genesys Aerosystems 401(k) Plan
Notes to the Financial Statements
December 31, 2019**

NOTE 1 - PLAN DESCRIPTION

The following description of the Genesys Aerosystems 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is sponsored by S-TEC Corporation (the "Company" or "Plan Sponsor"). The Plan was established in May of 2014.

The Plan is a defined-contribution, safe harbor plan, covering all employees who have attained the age of 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements and supplemental schedule of the Plan have been consistently prepared in conformity with accounting principles generally accepted in the United States of America (US GAAP), and with ERISA.

Plan Administration

The Plan is administered by management of the Company. The Company determines the appropriateness of the Plan's investment offerings, monitor investment performance, and report to the Company's Board of Directors. Securian Financial Group is responsible for the recordkeeping for the Plan. Minnesota Life Insurance Company (the "Custodian") is responsible for the custody and administration of the Plan's assets.

Contributions

Eligible employees, as defined, may elect to defer and contribute up to 100% of their compensation to the Plan, with a maximum of \$19,000 (\$25,000 if the employee is age fifty or older) for the year 2019. Participants may designate all or any portion of their salary deferral as a Roth contribution.

The plan allows for a discretionary match and the Company matches 100% of the participant's elective deferrals up to 4% of the participant's eligible compensation, plus 50% of the participant's elective deferrals that exceed 4% of the participant's eligible compensation up to 6% of the participant's eligible compensation.

All contributions made by the Company and the participants are invested based upon participant elections. All employees, employed on the last day of the Plan year, regardless of the amount of service completed, are eligible to participate in the profit sharing contribution for that Plan year. Participants who separate due to death, disability, termination of employment after normal retirement age or after early retirement date, as defined, will share in the profit sharing plan in the year of separation. The discretionary profit sharing contribution as determined by management and is allocated based on each employee's eligible compensation as a percentage of the total compensation of all employees eligible to share in the contribution.

Genesys Aerosystems 401(k) Plan
Notes to the Financial Statements (Continued)
December 31, 2019

Participant Accounts

Each participant's account is credited with the participant's salary reduction contribution, if applicable, an allocation of Plan earnings or losses which are allocated based on the earnings or losses of the participant's selected investments and the Sponsor's net contributions, if applicable.

Vesting

Participants' elective deferrals and rollovers are immediately vested. Contributions made by the employer for discretionary matches and profit sharing are vested based on the number of years of continuous service. A participant vests 30% after one year, 70% after two years and 100% after three years of credited service. Additionally, participants or their beneficiaries become immediately and fully vested in their Company contributions and related earnings upon full and permanent disability or death.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, vested benefits less than \$1,000 will be paid in a single lump-sum payment based on the participant's vested balance. Other benefits are paid at the participants' direction. Prior to termination of employment, participants may take withdrawals for financial hardship, as defined, death, or at the attainment of age 59 1/2.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of termination of the Plan, all participants will become fully vested.

Forfeited Accounts

Any forfeitures from nonvested accounts are used to pay administrative expenses, with the remaining forfeitures used to reduce Plan Sponsor contributions. The Plan had \$633 and \$3,554 of forfeited account balances as of December 31, 2019 or 2018, respectively.

Notes Receivable from Participant Loans

Participants are permitted to borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of (a) 50% of the vested account balance; or (b) \$50,000. A participant may have no more than one loan outstanding at any given time. The loans are secured by the remaining balance in a participant's account and bear a commercially reasonable rate of interest at the time of the loan as determined by the administrator of the Plan. The rate of interest will be fixed for the duration of the loan.

Genesys Aerosystems 401(k) Plan
Notes to the Financial Statements (Continued)
December 31, 2019

Loans are required to be repaid within five years. Loans are repaid ratably through biweekly payroll deductions. However, if the loan is for the purchase of a principal residence, the administrator may permit a longer repayment term. If employment is terminated, a loan generally becomes due and payable in full immediately. Loan refinancing is permitted under the Plan.

Administrative Expenses

Certain administrative expenses of the Plan may be paid by the Plan Sponsor. These costs include certain legal, accounting and administrative fees. Expenses paid by the Plan include investment management fees, recordkeeping fees, and other costs not paid by the Plan Sponsor.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed by the Plan in preparing its financial statements.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with US GAAP and have been consistently applied.

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value or at estimated fair value. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses for investments purchased and sold during the year.

Payment of Benefits

Benefits are recorded when paid.

Tax Status

The Company has adopted the Minnesota Life Insurance Company Defined Contribution Prototype Plan. The Internal Revenue Service ruled on March 31, 2014 that the Plan qualifies under Section 401(a) of the Internal Revenue Code, and therefore, is not subject to tax under the present income tax law.

Genesys Aerosystems 401(k) Plan
Notes to the Financial Statements (Continued)
December 31, 2019

US GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor. As of December 31, 2019, the Plan Sponsor has not identified any uncertain tax positions for the Plan.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with US GAAP requires the Plan's management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. US GAAP also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Three levels of inputs may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

An asset or liability's classification within the fair value hierarchy is based on the lowest level of significant input to its valuation. Fair value estimates are made at a specific point in time and the methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair value. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Genesys Aerosystems 401(k) Plan
Notes to the Financial Statements (Continued)
December 31, 2019

Pooled separate account investments are valued at estimated net asset value as a practical expedient for fair value as reported by the issuer, based on the fair value of the underlying investments plus contributions and less any distributions and fees paid by the fund for its expenses. Investments reported at estimated net asset value as a practical expedient for fair value and fully benefit responsive investment contracts reported at contract value are not required to report within the fair value hierarchy table.

The Plan also invests in a Guaranteed Return Account which is carried at contract value as reported by the trustee. See Note 4.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the plan administrator has instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following investment information, and related activity certified by the Custodian as accurate and complete, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule.

The following is a summary of financial information certified by the Custodian as accurate and complete as of December 31, 2019 and 2018:

	<u>2019</u>	<u>2018</u>
Pooled separate accounts, estimated fair value	\$12,606,836	\$ 9,607,936
Guaranteed return account, at contract value	51,785	61,546
Notes receivable from participants	<u>380,942</u>	<u>281,710</u>
	<u><u>\$13,039,563</u></u>	<u><u>\$ 9,951,192</u></u>

The following is a summary of financial information certified by the Trustee as accurate and complete for the year ended December 31, 2019:

Net appreciation in fair value of investments	\$ 2,196,141
Interest and dividends	<u>20,767</u>
	<u><u>\$ 2,216,908</u></u>

Genesys Aerosystems 401(k) Plan
Notes to the Financial Statements (Continued)
December 31, 2019

NOTE 4 – GUARANTEED RETURN ACCOUNT

In 2014, the Plan entered into a guaranteed investment contract with the custodian totaling \$51,785 for 2019 and \$61,546 for 2018. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.0%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract does not meet the fully benefit-responsive investment contract criteria and therefore is reported in the same manner as reported by the Custodian, at contract value. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of the greater of 20% or \$2,000 of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Sponsor, auditors, trustee, custodian and third party administrator qualify as party-in-interest transactions.

The Plan invests in certain funds managed by the Trustee which qualify as party-interest transactions

NOTE 6 – RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – SUBSEQUENT EVENTS

Subsequent events were evaluated through October 8, 2020 which is the date the financial statements were available to be issued.

The outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020, has led to adverse impacts on the U.S. and global economies. Economic uncertainties have arisen, which have resulted in significant volatility in the investment markets, and may continue to impact the value of Plan assets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

As a result of COVID-19, the Company has changed its administrative practice to provide assistance for impacted associates through the end of 2020. On March 27, 2020 The Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The Company has adopted some of the provisions outlined in the CARES Act, including Coronavirus-Related Distributions (“CRDs”). Associates impacted by COVID-19 are eligible through the end of 2020 to take CRDs from their Plan balance of up to \$100,000. These CRDs will not be penalized for early withdrawal and can be repaid over a period of up to three years. CRDs will be considered separate from the Plan’s standard hardship withdrawals, allowing associates the ability to still take standard hardship withdrawals during this time.
