NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Minturn Nut Co., Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions. The Plan was established with an effective date of January 1, 2003 (date of inception).

General
The Plan is a defined contribution plan covering all Minturn Nut Co., Inc. (the "Company") employees. Employees become eligible to participate in the Plan at six months of service and they become eligible for Company contributions at 12 months of service. This Plan, which became effective January 1, 2003, is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions
Participants may contribute up to the maximum dollar amount determined by the federal government. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a 100% match up to 3% of eligible compensation and then a 50% match up to 5% of eligible compensation which is deferred. The Company matching contributions are Safe Harbor Match contributions. The Company made contributions totaling $120,245 during the year ended December 31, 2019.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of the Company's contribution(s) and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeited balances of terminated participants' non-vested accounts may be used to reduce future Company contributions.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest 20% each year after two years of service (20% vested in second year). A Participant is 100 percent vested after 6 years of credited service.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest, unless otherwise determined by the Trustees of the Plan, at the prime rate as of the date of the loan. Currently participant loan interest rates are 6.25% to 7.50% with various maturity dates through October 2024. Principal and interest is paid ratably through weekly payroll deductions. Outstanding participant loans as of December 31, 2019 were $47,330.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Payment of benefits
On termination of service due to death, disability, or retirement the participant's vested account balance will be distributed in one lump sum in accordance with Plan provisions. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures
Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and may first be used to pay plan expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2019 and 2018, there were no forfeited nonvested amounts held by the Plan. For the year ended December 31, 2019, there was no use of forfeited nonvested accounts for the payment of plan administrative expenses or to offset contributions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The investments are reported at fair value. The Plan's custodian, John Hancock, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition
Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Notes receivable from participants
Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payments of benefits
Benefits are recorded when paid.

Expenses
General plan administrative expenses may be paid out of the forfeiture account or paid by the Company. Investment management, distribution, and loan transaction fees are paid by the Plan participants.

Subsequent events
Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 6, 2020, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements and Disclosures* (ASC 820) provides a framework for measuring fair value under U.S. generally accepted accounting principles. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The following provides a general description of the three levels of inputs that may be used to measure fair value under ASC 820:

> Level 1 - Inputs to the valuation methodology are based on quoted prices available in active markets for identical assets or liabilities on the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology include significant inputs that are generally unobservable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value including assumptions regarding risk. Level 3 instruments include those that may be more structured or otherwise tailored to the Plan's needs.

As required by ASC 820, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies for assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value as of December 31, 2019 and 2018 are as follows:

	2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,627,995	$ -	$ -	$ 2,627,995
Investments at fair value	$ 2,627,995	$ -	$ -	$ 2,627,995

NOTE 3 - FAIR VALUE MEASUREMENTS (continued)

	2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,079,880	$ -	$ -	$ 2,079,880
Investments at fair value	$ 2,079,880	$ -	$ -	$ 2,079,880

NOTE 4 - TAX STATUS

The Plan qualifies as a tax-exempt plan under Section 401(k) of the Internal Revenue Code. The Plan is also exempt from state franchise taxes. The Plan has been amended from time to time since its inception to comply with changing regulations or to clarify the original intent of the Plan. Management believes that the Plan, as amended, continues to qualify as a tax-exempt plan.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, net appreciation or depreciation in fair value of investments, and interest and dividend income for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock, the trustee/custodian of the Plan.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include registered investment company accounts managed by John Hancock. As John Hancock is the custodian of the Plan, transactions between the Plan and John Hancock qualify as exempt party-in-interest transactions.

NOTE 8 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Company contributions.
