The following description of H&H Castings, Inc. (the "Company") 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees excluding leased employees of the Company who (as defined by the Plan) are age 18 or older and employed for 90 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is a qualified plan under the Internal Revenue Code ("IRC") §401(a) and 401(k) and is, therefore, exempt from federal income taxes under the provisions of IRC §501(a).

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. In addition, the Plan allows for catch-up contributions for participants age 50 or older as permitted by the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make matching contributions. Company matching contributions are equal to a discretionary percentage of participant salary deferrals as decided by the Company. The discretionary percentage is determined by the Company each year. There were no matching contributions for the years ended December 31, 2019.

Participant Accounts

Each participant's account is participant-directed and is credited with the participant's contributions, the employer matching contribution, if applicable, and allocations of Plan earnings and expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit, to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

<u>Years of Service</u>	<u>Vesting</u>
Less than 1 year	0%
1 Year	20%
2 Years	40%

Notes to Financial Statements

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, subject to certain limitations described more fully in the Plan Agreement. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Loan repayments are made through regular payroll deductions. The notes receivable balance was \$34,898 and \$53,751 at December 31, 2019 and 2018, respectively.

Payment of Benefits

Upon disability, retirement, death, or termination of employment, participants are entitled to the benefits in their separate accounts. Benefits are generally paid as lump sum distributions, but participants may opt for partial withdrawals.

Hardship distributions are permitted if certain conditions are met. These conditions include medical expenses, post-secondary tuitions/educational fees, funeral expenses, and purchase of principal residence. Distributions must not be in excess of immediate need, and the participant must have tried to obtain money all other ways, such as loans and in-service withdrawal. After the withdrawal, the participants may not make contributions to the Plan for six months.

Unallocated Accounts and Forfeitures

Forfeitures accumulate due to account distributions or as a result of a reversal of employer contributions based upon year end true-up calculations. Forfeitures may be utilized to pay administrative expenses of the Plan or to reduce employer contributions. Forfeitures for the year ended December 31, 2019, were \$720 which were utilized to pay administrative expense as of December 31, 2019.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 8, 2020, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account. If a participant does not make loan repayments, and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. As of December 31, 2019, no allowance has been recorded as all loans outstanding have been deemed collectible.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits

Benefits are recorded when paid.

Expenses

Operating expenses of the Plan are paid partially by the Company with the remainder paid by the Plan. Expenses covered by the Company are excluded from these financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value measured on a recurring basis as of December 31, 2019 and 2018:

	Fair Value	Fair Value Measurements Using:		
		Quoted Prices in Active Markets for Identical Assets Level 1	Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
December 31, 2019				
Mutual funds	\$ 2,661,859	\$ 2,661,859	\$ -	\$ -
Total Investments at Fair Value	\$ 2,661,859	\$ 2,661,859	\$ -	\$ -

		Fair Value Measurements Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets Level 1	Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
December 31, 2018				
Mutual funds	\$ 2,105,819	\$ 2,105,819	\$ -	\$ -
Total Investments at Fair Value	\$ 2,105,819	\$ 2,105,819	\$ -	\$ -

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2019 and 2018, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Notes to Financial Statements

NOTE D - GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan is entered into the Key Guaranteed Portfolio Fund, a fully benefit-responsive guaranteed investment contract with Great-West Life and Annuity Company ("Great-West"). Great-West maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the Statement of Net Assets Available for Benefit at contract value. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The cumulative contract value of this investment contract at December 31, 2019 and 2018, was \$25,924 and \$22,014, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition or competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probably of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

H&H CASTINGS, INC. 401(K) RETIREMENT PLAN

Notes to Financial Statements

NOTE F - PARTY IN INTEREST TRANSACTIONS

As discussed in Note B, the Plan paid certain fees related to Plan operations to various service providers. These transactions are exempt from the prohibited transaction rules of ERISA.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets shall be allocated to participant accounts and distributed in such a manner as the Company determines.

NOTE H - TAX STATUS

The Plan is adopted from a non-standardized master prototype plan as designed by Newport Retirement Services, Inc. which received a determination letter, dated March 31, 2014. The master prototype governing the Plan has been amended since receiving the determination letter. Further, the Plan sponsor has adopted the prototype amendments; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Service.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan's tax years of December 31, 2017 through December 31, 2019, remain subject to examination. There are currently no examinations for any tax periods in progress.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE J - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2019, financial statements for subsequent events through the date that the financial statements were available to be issued. As a result of the spread of COVID-19, economic uncertainties have arisen which are likely to negatively impact investment performance. Other financial impacts could occur though such impact is unknown at this time.
