Auditor's Responsibility for the 2019 Financial Statements

Our responsibility is to express an opinion on the 2019 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Ascensus, LLC 401(k) Savings Plan

Notes to Financial Statements

1. Description of the Plan

Effective January 1, 2018, Ascensus, Inc. was converted into a single member limited liability company incorporated under Delaware law as Ascensus, LLC (“Ascensus”). Upon the conversion, the Ascensus, Inc. 401(k) Savings Plan changed its name to the Ascensus, LLC 401(k) Savings Plan (the “Plan”).

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established on August 1, 2007. The Plan is intended to conform to and qualify under Section 401 and 501 of the Internal Revenue Code of 1986 (“IRC”), as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration

The Ascensus, LLC 401(k) Savings Plan Committee is responsible for oversight of the Plan. Ascensus (the “Company” or the “Employer”) provides recordkeeping services for the Plan and Ascensus Trust Company (the “Trustee”) is responsible for the custody and management of the Plan’s assets. The Trustee is considered a related party to the Company and the Plan.

Plan Amendment

Effective January 1, 2018, the Plan was amended to reflect a change in the name of the Plan to Ascensus, LLC 401(k) Savings Plan. There were no other material amendments in 2018.

Effective January 1, 2019 the Plan was amended and restated to make administrative changes to the Plan.

Eligibility

All eligible employees, as defined by the Plan, are eligible to join the Plan on the first of the month following or coinciding with the employee’s date of hire.

Contributions

Participants may contribute up to 50% of their annual compensation, as defined by the Plan. Effective January 1, 2016, Roth elective deferrals are permitted. Participants who are age 50 or older can make additional contributions (catch-up contributions). The Plan includes an auto-enrollment and auto-escalation provision whereby all newly eligible participants are automatically enrolled in the Plan on the first of the month following their first month of eligibility. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their deferral rate is increased by 1% annually, up to a maximum of 8%.

Participants may also contribute amounts representing pre-tax distributions from other qualified retirement plans or individual retirement accounts (rollover contributions). Rollover contributions from other qualified plans for Roth deferrals are not permitted. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Company may make a discretionary match for each qualifying contributing participant. The allocation formula and the percentage of the dollar amount limit are at the discretion of the Company. For contributions that were made for the year ended December 31, 2019, the Company matched 50% of each participant’s contribution, excluding catch up contributions, up to a maximum of 8%. The Company made matching contributions to the Plan totaling \$7.0 million for the year ended December 31, 2019.

Ascensus, LLC 401(k) Savings Plan

Notes to Financial Statements

The Company may make an employer profit sharing contribution based on a discretionary formula of a flat dollar amount for each qualifying participant. Each qualifying participant must complete at least 500 hours and be an employee of the Company on the last day of the Plan year, as defined in the Plan document. There was no profit sharing contribution for the year ended December 31, 2019.

Investment Options

Participants direct contributions into various investment options offered by the Plan. Participant investment elections can be changed daily.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and Company discretionary matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of plan losses and administrative expenses that are paid by the Plan. Allocations are based on Plan earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. Participants are fully vested after five years of credited service, as follows:

	Year 1	Year 2	Year 3	Year 4	Year 5
Discretionary matching contributions	0 %	40 %	60 %	80 %	100 %
Employer profit sharing contributions	0 %	40 %	60 %	80 %	100 %

Payment of Benefits

On termination of service with the Company (including termination of service due to death, disability, or retirement), a participant may elect to receive distributions in the form of lump sum payments of vested account balances and are recorded when paid. Individual vested account balances less than or equal to \$1,000 will be a lump sum distribution. Vested account balances between \$1,000 and \$5,000 will roll over into an individual retirement account unless otherwise instructed. In-service and hardship withdrawals are permitted, as defined in the plan document.

Notes Receivable from Participants

Participants may borrow from their account up to 50% of the participant's vested account balance up to a maximum amount of \$50,000. The term of notes receivable is 5 years (up to 15 years if the receivable is for the purchase of a primary residence). Notes receivable are collateralized by the balance in a participant's account and bear interest at prime plus 1% at the date of origination. Principal and interest are paid ratably through automatic payroll deductions. As of December 31, 2019, participant loans have maturities through 2035 at interest rates ranging from 4.25 percent to 6.50 percent.

Forfeitures

Forfeitures are used to reduce future employer contributions. As of December 31, 2019 and December 31, 2018, forfeited non-vested amounts held by the Plan were approximately \$64,000 and \$33,000, respectively. During

Ascensus, LLC 401(k) Savings Plan

Notes to Financial Statements

the year ended December 31, 2019, the Company used approximately \$214,000 to reduce employer matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as distributions on the basis of the terms of the Plan.

Contributions

Contributions from Plan participants and the Company matching contributions are recorded in the year in which the participant contributions are withheld from amounts paid. Profit-sharing contributions are recognized upon authorization and in the year the underlying compensation is recognized under the Plan. All participant and employer contributions are participant-directed.

Payment of Benefits

Benefits are recorded when paid. There were no participants, who elected to withdraw from the Plan, but had not yet been paid as of December 31, 2019 and 2018.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping and investment advisory fees paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Notes to Financial Statements

Recently Issued Accounting Guidance

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update 2018-13, Fair Value Measurement (Topic 820), Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement (“ASU 2018-13”). ASU 2018-13 was issued as part of a disclosure framework project to improve the effectiveness of disclosures in the notes to the financial statements. ASU 2018-13 removes, adds and modifies certain disclosure requirements from Topic 820, however, the added disclosures are not required for nonpublic entities. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. Certain amendments are to be applied prospectively while others are to be applied retrospectively. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan early adopted ASU 2018-13 on January 1, 2019, which did not have a material effect on the Plan’s financial statements.

3. Fair Value Measurements

The Plan measures its investments at fair value on a recurring basis in accordance with U.S. GAAP. Fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that the authoritative guidance establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value of measurement. The levels of the fair value hierarchy are as follows:

Level 1- Fair value is based on unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2- Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in inactive markets for identical or similar assets, and other observable inputs.

Level 3- Fair value is based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models, discounted cash flows, and similar techniques.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2019 and 2018. There have been no changes in level classification during 2019 or 2018.

Cash and cash equivalents: The Plan’s cash and cash equivalents are measured at cost which approximates fair value.

Registered investment companies: The Plan’s registered investment companies are valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Ascensus, LLC 401(k) Savings Plan

Notes to Financial Statements

Common collective trust: The Plan invests in the Wells Fargo Stable Value Fund C (the “Stable Value Fund”), which is a collective trust fund sponsored by Wells Fargo. The Stable Value Fund has been valued at the net asset value per unit as a practical expedient to measure fair value at year-end as reported by the issuer of the fund. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2019, and 2018.

Investments at Fair Value as of December 31, 2019

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Notes to Financial Statements

4. Common Collective Trust

The Plan invests in the Wells Fargo Stable Value Fund C (the “Stable Value Fund”), which is a collective trust fund sponsored by Wells Fargo. The Stable Value Fund invests all its assets in the Wells Fargo Stable Return Fund G, which invests in investment contracts and security-backed contracts. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund’s current net asset value (NAV). Distribution to the Fund’s unit holders is declared daily from the net investment income and automatically reinvested in the Fund. It is the policy of the Stable Value Fund to use its best efforts to maintain a stable net asset value of \$1 per unit, although there is no guarantee that the fund will be able to maintain this value.

5. Information Certified by Trustee

The following is a summary of the unaudited information regarding the Plan as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included in the Plan’s financial statements and Supplemental Schedule of Assets (Held at End of Year), that was prepared by or derived from information prepared by Ascensus Trust Company, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Company, acting as an agent of the Trustee, that such information is complete and accurate.

6. Related Party and Exempt Party-in-Interest Transactions

The Trustee is a wholly owned subsidiary of the Company, and the recordkeeper for the Plan is the Company. The Plan incurred direct fees of less than \$1 for services provided by the Trustee or the Company during the year ended December 31, 2019.

The Plan issues loans to participants, which are secured by the participant's account balances. These qualify as exempt party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

During 2019, the Plan sponsor permitted certain participants of the United Retirement Plan Consultants, Inc. 401(k) Plan to rollover funds in the amount of \$2,893 into the Plan before the United Retirement Plan Consultants, Inc. 401(k) Plan had been properly terminated. The Plan sponsor has taken actions to notify the participants and properly permit the transfer of the affected participant balances into the Plan. This amount has been recorded as a transfer to affiliated Plan for the year ended December 31, 2019.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in Employer contributions.

8. Income Tax Status

The Plan has adopted a Volume Submitter Plan from Ascensus which received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014 stating that the Volume Submitter Plan was designed in accordance with the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

9. Subsequent Events

During 2020, the Plan adopted provisions under the Coronavirus Aid, Relief and Economic Security Act (the “CARES Act”) including:

- Permitting qualified participants to receive coronavirus-related distributions;
- Increasing the maximum loan amount available to participants to the extent permitted by the CARES Act;
- Allowing for a delay in the due date of any loan outstanding to the extent permitted by the CARES Act; and
- Waiving, to the extent permitted by the CARES Act, required minimum distributions in the calendar year 2020.

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies and other events subsequent to December 31, 2019. The impact to the Plan of the COVID-19 pandemic during 2020 has resulted in significant volatility in fair value of investments of the Plan. It has also decreased interest rates. The long-term impact of the effects of the COVID-19 pandemic to the Plan or Plan sponsor are currently not known. The extent of any impact of the COVID-19 pandemic on the Plan’s net assets available for benefits or Plan participant’s account balances could not be reasonably estimated at the date the financial statements were available to be issued.

On April 1st, 2020, the Company made an announcement about reducing the Company match from 50% of the first 8% of eligible compensation to 50% of the first 2% of eligible compensation.

The Plan has evaluated subsequent events through October 7, 2020, the date the financial statements were available to be issued. With the exception of the above the Plan is not aware of any events or transactions that occurred subsequent to December 31, 2019 through October 7, 2020 that would require recognition or disclosure in the financial statements.
