NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the *ArtiFlex Manufacturing ITS Division 401(k) Plan* ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of *ArtiFlex Manufacturing, LLC ITS Division* ("Company") who have completed three months or more of service and are age 18 or older. Employees must also have worked a minimum of six months to be eligible for the 401(k) company match. The Plan is subject to the provisions of ERISA.

Contributions

Participants may contribute elective salary reductions up to 90 percent of their compensation as long as the total contribution does not exceed the legal dollar or percentage limits for the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contribution into various investment options offered by the Plan. The Company has the right to make discretionary matching contributions to eligible employees each plan year. The Company contributed discretionary matching contributions of 50 percent of the first 4 percent of base compensation that participants contributed to the Plan for the years ended December 31, 2019 and 2018.

Participant Accounts

Each participant's account is credited with the participant's elective salary reduction contribution, the Company's matching contribution, and Plan earnings (losses) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that could be provided from the participant's account.

Vesting

Participants are immediately vested in their elective salary reduction contributions plus actual earnings (losses) allocated thereon. The Company portion of contributions plus actual earnings are vested to participants ratably over a six-year period.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Participant Loans

Participants may borrow from their fund accounts as determined by the Plan administrator. Participants may borrow a minimum of $1,000 or any amount that does not exceed 50 percent of the participant's vested account balance as of the end of the accounting period preceding the date on which the loan is approved or $50,000, whichever amount is smaller. The loans are secured by assignment of 50 percent of the borrower's interest in their account and each loan will bear interest at a fixed rate for the life of the loan at a rate of one percent over the Prime Rate as published in the Wall Street Journal on the first business day of the month prior to the month of the loans origination. Loans for general purposes have terms ranging from 12 months to 60 months while loans related to principal residences have terms ranging from 61 months to 360 months.

Payment of Benefits

Upon termination of service due to disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or payments in annual installments subject to certain rules as set by the Plan sponsor. Upon termination of service due to death, distributions from all accounts will be made either in the form of a single, lump-sum payment of the entire value of the vested interest in the account or in annual installments at least equal to the required minimum distribution amount. Participants with account balances of less than $5,000 and separated participants requesting payment prior to their normal retirement age, will be paid in a single lump-sum.

Plan Forfeitures

The Plan had outstanding forfeited amounts received of $5,314 and $- 0 - for the years ended December 31, 2019 and 2018, respectively. The Plan uses forfeited amounts to reduce future employer contributions. In 2019 and 2018, employer contributions were reduced by $3,512 and $4,874, respectively, from forfeited amounts received. The Plan's forfeiture balances have been included within the collective trust fund balance reported on the statements of net assets available for benefits at both December 31, 2019 and 2018.

Revenue-Sharing Income

The Plan had outstanding revenue-sharing income received of $3,240 and $1,211 for the years ended December 31, 2019 and 2018, respectively. The Plan uses the revenue-sharing income to pay for Plan expenses or to allocate to participant accounts. For both years 2019 and 2018, Plan administrative expenses of $2,500 were paid from the revenue-sharing income collected. In 2018, $3,000 of revenue-sharing income was allocated to participant accounts. The Plan's revenue-sharing income balances have been included within the collective trust fund balance reported on the statements of net assets available for benefits at both December 31, 2019 and 2018.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition - Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan in accordance with Plan provisions. All other administrative expenses, including compensation for officers and employees performing administrative functions, are paid by the Company and are excluded from these financial statements.

Subsequent Events

Management has evaluated subsequent events through October 1, 2020, the date on which the financial statements were available to be issued.

The COVID-19 outbreak has resulted in widespread and continuing impacts on the global economy. Financial and credit markets have experienced and may continue to experience significant volatility and turmoil. This volatility and turmoil may impact the fair values of Plan assets. The extent to which COVID-19 impacts the Plan's financial position and results will depend on future developments, which are highly uncertain and cannot be predicted, including new information that may emerge concerning the severity of the virus and the actions to contain and treat its impacts, among others.

In March 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was signed into law. The CARES Act contains certain provisions that were adopted which will temporarily impact the Plan, including allowing certain eligible participants to receive hardship distributions, suspension of loan repayments, and delay of minimum required distributions. The future effects from the CARES Act on the Plan's financial statements are uncertain.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Reliance Trust Company, trustee and custodian of the Plan, for the years ended December 31, 2019 and 2018.

	2019	2018
Investments at fair value:		
Registered investment company funds	$ 6,877,980	$ 5,163,431
Collective trust fund	322,153	166,613
Participants notes receivable	5,402	54,155
Net appreciation (depreciation) in fair value of investments	762,514	(774,497)
Dividends	564,221	323,957
Interest income on notes receivable from participants	1,164	2,793

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in the Commingled Pension Trust Fund (Stable Asset Income) of JPMorgan Chase Bank, N.A. ("Fund"). The Fund's primary objective is to seek to provide capital preservation, liquidity, and current income at levels that are typically higher than those provided by money market funds. The Fund seeks to achieve this objective by investing in other collective investment funds and separate accounts established, operated, and maintained by JPMorgan Chase Bank, N.A. and other third-party advisors.

Contract value is the relevant measurement attribute for that portion of the net assets of a fund attributable to fully benefit-responsive Wrap Contracts. The contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of their employer sponsored defined-contribution plans which invest in the Fund. The fair value of Wrap Contracts generally is reflected by market value at the close of business on the valuation date. The guarantied investment contract is presented on the face of the statements of net assets available for benefits at contract value and reported with the investments at fair value under the principles of ASU 2015-12. Participating plans may terminate their interest in the Fund at any time. Withdrawals shall be paid at the lessor of book or market value, as defined in the Fund's Declaration of Trust.

NOTE 4 - INVESTMENT CONTRACT WITH INSURANCE COMPANY - CONTINUED

The contract value of the investment contract at December 31, 2019 and 2018, was $322,153 and $166,613, respectively. The crediting interest rate of a particular Wrap Contract is generally adjusted quarterly and is tied to the changing yields on its respective portfolio as well as the performance of its underlying investments. In addition, the interest rate at which return is credited to the Fund can change as the difference between market value and book value of the covered assets changes. As a result, the crediting rate will generally reflect, over time, movements in prevailing interest rates and the performance of the underlying investments. Under each of the Wrap Contracts, the crediting rate of that particular contract will not be less than zero percent.

The existence of certain conditions can limit the Fund's ability to transact at contract value with the issuers of its Wrap Contracts. Specifically, any event outside of the normal operation of the Fund which causes a withdrawal from the Wrap Contracts may result in a negative market value adjustment with respect to such withdrawal. Example of such events include, but are not limited to, layoffs, bankruptcy, plan termination, mergers, early retirement incentives, and competing fund transfers or violations of equity wash or equivalent rules and changes of employer or plan qualification status. If the likelihood of such a non-book value withdrawal is imminent, it may be necessary to consider a revaluation of those particular fund contracts. The occurrence of an event outside the normal operating of the Fund which would cause withdrawals from Wrap Contracts is not considered to be probable.

In addition to the limitations noted above, issuers of Wrap Contracts have certain rights to terminate a contract and settle at an amount which differs from contract value. For example, certain breaches by the Fund of its obligations, representations, or warranties under the terms of Wrap Contracts can result in its termination at market value, which may differ from contract value. Wrap Contracts may also provide for termination with no payment obligation from the issuer if the performance of the contract constitutes a prohibited transaction under ERISA or other applicable law. Wrap Contracts may also provide issuer with the right to reduce contract value in the event an underlying security suffers a credit event or the right to terminate the contract in the event certain investment guidelines are materially breached and not cured.

	2019	2018
Average fund yields:		
Based on actual earnings	2.42%	2.32%
Based on interest rate credited to participants	2.42%	2.32%

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

The fair value of interests in registered investment companies is based on quoted net asset values of the shares held by the Plan at year-end.

For the years ended December 31, 2019 and 2018, the Plan's investment in the Fund (see Note 4) was valued using the net asset value (NAV) as a practical expedient which represents the price at which the Plan is able to initiate a transaction. This investment is excluded from the fair value hierarchy. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The Plan's investments calculated at NAV per share may be redeemed on a daily basis at NAV as of the measurement date. There are no unfunded commitments.

NOTE 5 - FAIR VALUE MEASUREMENTS - CONTINUED

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
December 31, 2019:			
Registered investment company funds	$ 6,877,980	$ 6,877,980	$ - 0 -
December 31, 2018:			
Registered investment company funds	$ 5,163,431	$ 5,163,431	$ - 0 -

As of December 31, 2019 and 2018, an investment of $322,153 and $166,613, respectively, in a collective trust fund has not been categorized in the fair value hierarchy as the underlying fund was measured using the NAV practical expedient.

Gains and losses (realized and unrealized) included in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018, respectively, are reported in net appreciation (depreciation) in fair value of investments.

NOTE 6 - EXCESS CONTRIBUTIONS PAYABLE

Contributions received from participants and the Company for 2019 are net of payments of $31,299 made in March 2020 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2019.

Contributions received from participants and the Company for 2018 are net of payments of $29,860 made in March 2019 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2018.

NOTE 7 - TAX STATUS

The Plan is a standardized prototype plan of Great-West Trust Company, LLC who has been informed by the Internal Revenue Service (IRS), by a letter dated March 31, 2014, that its plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC) and, therefore, the Plan is qualified and the related trust is tax exempt. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of registered investment companies and collective trust funds managed by JPMorgan Chase Bank, N.A., the recordkeeper, and Morgan Stanley, the investment advisor. The Plan investments are held by Reliance Trust Company, the Plan trustee and custodian. Therefore, these transactions qualify as party-in-interest transactions. The party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to provisions of ERISA.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

There were no reconciling items between the financial statements and Schedule H of the Form 5500 for the years ended December 31, 2019 and 2018.
