Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Inovar Packaging Group of Texas, LLC 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion of these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describe the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with the modified cash basis of accounting as described in Note 2 and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Inovar Packaging Group of Texas, LLC 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Inovar Packaging Group, LLC (the “Company”) under the provision of section 410(a) of the United States Internal Revenue Code (the “Code”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the Code, for the benefit of eligible employees of the Company. The Company shares common ownership with Inovar Packaging Florida, LLC (“IPG FL”), LabelPrint America, Inc (“LPA”), and the respective employees are also eligible to participate in the Plan.

The Plan covers substantially all employees who have completed two months of service with the Company to be eligible to participate in the Plan as of the next first day of the month coinciding with or next following the date they satisfy eligibility requirements. This plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”).

Plan Administration

The Plan is administered by the Company (the “Plan Administrator”). Automatic Data Processing (“ADP”) is the Plan’s third party administrator. The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and keep accurate records and reports. Accordingly, the plan administrator has been granted discretionary authority concerning investment and management activities. Reliance Trust Company (the “Trustee”) is responsible for the custody and management of the Plan’s assets.

Contributions

Each year, participants may contribute up to 90% of compensation as defined in the Plan, subject to the dollar limitation under §402(g) of the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has an automatic enrollment feature, whereby the Company automatically deducts 3% from eligible employees’ pay on a pre-tax basis to be remitted to the Plan, unless the participant makes a contrary election. Employees and participants can elect to stop or change this automatic contribution at any time. If an employee and participant do not elect to stop or change this automatic contribution, the automatic deferral amount will increase by 1% of compensation up to a maximum of 6% of compensation per pay period. Such increase will be applied as of the second period that begins after the period in which the initial deferral amount was withheld and will occur as of the beginning of each subsequent plan year.

The Company makes safe harbor matching contributions equal to 100% of each participant’s eligible contributions up to 4% of the employee’s eligible compensation for each pay period. The Plan also allows for employer discretionary matching contributions in amounts determined by the Company. For the years ended December 31, 2019 and 2018, the Company made safe harbor matching contributions of \$241,014 and \$242,079, respectively. To date, there have been no discretionary contributions and the Company has no intent to use this provision, at this time.

1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and non-elective contributions, as well as the participant's share of investment income, appreciation (depreciation) in fair value of investments, and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the available investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their employee contributions and rollovers, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service. A participant is 100% vested in safe harbor matches after two years of credited service. Full and immediate vesting will occur upon early retirement age (age 59 ½), death, or totally disabled, as defined in the Plan. Participants who leave the Company before they are fully vested in the Company's contributions forfeit the non-vested portion of their account.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment funds determined by the Plan Administrator, in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions as defined. Loan terms are for up to five years, except for loans for the purchase of a primary residence, which if issued, are for a reasonable period of time that may be longer than five years. The loan is secured by the balance in the participant's account and bear interest ranging from 3.50% to 6.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. If a participant does not repay the loan or breaches any of the obligations as set forth in the loan agreement, the note is in default. Upon default the entire principal balance and interest is immediately due and payable. Participants may have one loan outstanding at any given time.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan if the account is greater than \$5,000, or may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, in-service and hardship distributions are permitted if certain criteria are met. Hardship distributions are subject to meeting strict hardship guidelines established by the United States Internal Revenue Service ("IRS"). Participants may not make contributions for at least six months after the receipt of a hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. These funds may be used to reduce amounts otherwise required to be contributed to the Plan, or to pay plan expenses, in accordance with the Plan document. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$855 and \$73, respectively. For the years ended December 31, 2019 and 2018, safe harbor contributions of \$8,112 and \$7,444, respectively, were paid through the use of the forfeiture account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accounting records of the Plan are maintained on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP"). Under this basis, contributions are recognized when received rather than when earned, and distributions are recognized when paid rather than when incurred. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with GAAP.

Use of Estimates

In preparing financial statements in conformity with the modified basis of accounting, which is a basis of accounting other than GAAP, management is required to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Risks and Uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements (see Note 8). Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds and common/collective trusts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value ("NAV") at year-end. Units held in common/collective trusts are valued at NAV based on information reported to the Plan by the investment manager as a practical expedient for fair value. Purchases and sales of investments are recorded on the trade-date basis. Interest and other income are recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the period and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the accompanying statement of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

At December 31, 2019 and 2018, the Plan was invested in the Invesco Stable Asset Fund (the “Fund”) which invests the majority of its assets in the Invesco Stable Trust (the “Stable Value Trust”) and synthetic guaranteed investment contracts (“SICs”). The Stable Value Trust invests principally in guaranteed interest contracts issued by insurance companies, investment contracts issued by banks, SICs issued by banks, insurance companies and other issuers,

securities supporting such SICs, insurance companies and other issuers, securities supporting such SICs, and other similar instruments which are intended to maintain constant NAV. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at NAV.

The Fund has purchased wrapper contracts from the insurance companies. The wrapper contracts amortize the realized and unrealized gains and losses on the underlying fixed income investments; typically, over the duration of the investments; through adjustments to the future interest-crediting rate (which is the rate earned by participants in the fund for underlying investments). The issuers of the wrapper contracts provide assurance that the adjustments to the interest-crediting rate do not result in a future interest-crediting rate that is less than zero.

Certain events limit the ability of the Fund to transact at contract value with the issuer. These events include termination of the Plan, a material adverse change to the provisions of the Plan, if the Plan elects to withdraw from a wrapper contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the wrapper contract issuer’s underwriting criteria for issuance of a clone wrapper contract. The events, described above could result in the payment of benefits at market value rather than contract value. The yield earned by the Stable Value Fund at December 31, 2019 and 2018 was 2.19% and 3.22%, respectively. The yield earned by the Value Fund with an adjustment to reflect the actual interest rate credited to participants in the Fund at December 31, 2019 and 2018 was 2.59% and 2.60%, respectively.

The wrapper contracts do not permit the issuers to terminate the contracts unless the Plan loses its qualified status, has incurred material breaches of responsibilities, or material and adverse changes occur to the provisions of the Plan.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Inovar Packaging Group of Texas, LLC 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any

input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2019 and 2018, there were no significant transfers in or out of levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Valued at the NAV of shares held by the Plan at year-end.

Common / collective trusts: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities, divided by the total number of units. The practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Each collective trust provides for redemption by the Plan at reported NAV per share, with little to no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,487,288	\$ -	\$ -	\$ 2,487,288
Investments in the fair value hierarchy	\$ 2,487,288	\$ -	\$ -	2,487,288
Common/collective trusts (a)				732,978
Total investments at fair value				\$ 3,220,266

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,706,789	\$ -	\$ -	\$ 1,706,789
Investments in the fair value hierarchy	\$ 1,706,789	\$ -	\$ -	1,706,789
Common/collective trusts (a)				602,025
Total investments at fair value				\$ 2,308,814

- (a) These investments are valued using the unit value as a practical expedient, and therefore have not been classified in the fair value hierarchy.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of:

	December 31,	
	2019	2018
Investments:		
Mutual funds	\$ 2,487,288	\$ 1,706,789
Common/collective trusts	732,978	602,025
Notes receivable from participants	125,089	123,940
	<u>\$ 3,345,355</u>	<u>\$ 2,432,754</u>
	Years Ended December 31,	
	2019	2018
Investment income (loss):		
Interest and dividends	\$ 77,166	\$ 95,373
Net appreciation (depreciation) in fair value of investments	393,901	(164,009)
Total investment income (loss)	<u>\$ 471,067</u>	<u>\$ (68,636)</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2019 and 2018, there were no reportable transactions, loans in default or uncollectible, investment assets acquired and disposed of within the Plan, or non-exempt transactions with parties-in-interest, which would require supplemental presentation under DOL's rules and regulations.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time by notifying the Plan Administrator and Trustee. Upon termination of the Plan, all amounts allocated to participants' accounts become fully vested and are distributed in accordance with the provisions of ERISA and the Code.

7. TAX STATUS

The Company adopted the ADP Defined Contribution Plan (Non-standardized 401k Profit Sharing Plan). The IRS has issued an opinion letter dated July 16, 2014 stating that the volume submitter document is acceptable under Section 401(a) of the Code for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2011-49) that the Plan meets the qualification requirements of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Plan Administrators have evaluated tax positions taken by the Plan to determine whether to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

8. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 9, 2020, the date the financial statements were available to be issued.

Effective January 1, 2020, the Plan name was amended to Inovar Packaging Group, LLC 401(k) Profit Sharing Plan.

In December 2019, a novel strain of coronavirus disease (“COVID-19”) was reported to have surfaced in China. The virus subsequently spread to other parts of the world, including the U.S. and Europe, and caused unprecedented disruptions in the global economy as efforts to contain the spread of the virus intensified. In March 2020, the World Health Organization officially declared COVID-19 to constitute a “Public Health Emergency of International Concern” and characterized the outbreak as a pandemic. This pandemic has adversely affected global economic activity and triggered deterioration and instability in financial markets. As a result, the Plan’s investment portfolio had incurred significant changes in fair value since December 31, 2019. Because the values of the Plan’s individual investments have, and may continue to, fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan’s liquidity and participants’ account balances cannot be reasonably determined at this time. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

On March 27, 2020, in response to COVID-19, Congress passed into law the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”). The CARES Act provides several relief provisions temporarily available to qualified retirement plans and their participants which includes a penalty free coronavirus-related distribution for qualifying individuals, increased loan limits and up to a one-year deferral of loan repayments for qualifying individuals, and a waiver for minimum required distributions otherwise required to be made in the 2020 calendar year. For purposes of receiving a coronavirus-related distribution or loan, a qualifying individual is defined as an individual who is diagnosed with COVID-19, whose spouse or dependent is diagnosed with COVID-19, or who, as a result of COVID-19, experiences adverse financial consequences as a result of being quarantined, furloughed or laid off, having work hours reduced, being unable to work due to lack of child care, or other factors as determined by the Secretary of the Treasury. Plan management is currently evaluating the optional provisions of the CARES Act for the Plan.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion of these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describe the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Inovar Packaging Group of Texas, LLC 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Inovar Packaging Group of Texas, LLC 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Inovar Packaging Group, LLC (the “Company”) under the provision of section 410(a) of the United States Internal Revenue Code (the “Code”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the Code, for the benefit of eligible employees of the Company. The Company shares common ownership with Inovar Packaging Florida, LLC (“IPG FL”), LabelPrint America, Inc (“LPA”), and the respective employees are also eligible to participate in the Plan.

The Plan covers substantially all employees who have completed two months of service with the Company to be eligible to participate in the Plan as of the next first day of the month coinciding with or next following the date they satisfy eligibility requirements. This plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”).

Plan Administration

The Plan is administered by the Company (the “Plan Administrator”). Automatic Data Processing (“ADP”) is the Plan’s third party administrator. The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets, and keep accurate records and reports. Accordingly, the plan administrator has been granted discretionary authority concerning investment and management activities. Reliance Trust Company (the “Trustee”) is responsible for the custody and management of the Plan’s assets.

Contributions

Each year, participants may contribute up to 90% of compensation as defined in the Plan, subject to the dollar limitation under §402(g) of the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has an automatic enrollment feature, whereby the Company automatically deducts 3% from eligible employees’ pay on a pre-tax basis to be remitted to the Plan, unless the participant makes a contrary election. Employees and participants can elect to stop or change this automatic contribution at any time. If an employee and participant do not elect to stop or change this automatic contribution, the automatic deferral amount will increase by 1% of compensation up to a maximum of 6% of compensation per pay period. Such increase will be applied as of the second period that begins after the period in which the initial deferral amount was withheld and will occur as of the beginning of each subsequent plan year.

The Company makes safe harbor matching contributions equal to 100% of each participant’s eligible contributions up to 4% of the employee’s eligible compensation for each pay period. The Plan also allows for employer discretionary matching contributions in amounts determined by the Company. For the years ended December 31, 2019 and 2018, the Company made safe harbor matching contributions of \$241,014 and \$242,079, respectively. To date, there have been no discretionary contributions and the Company has no intent to use this provision, at this time.

1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and non-elective contributions, as well as the participant's share of investment income, appreciation (depreciation) in fair value of investments, and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the available investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their employee contributions and rollovers, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service. A participant is 100% vested in safe harbor matches after two years of credited service. Full and immediate vesting will occur upon early retirement age (age 59 ½), death, or totally disabled, as defined in the Plan. Participants who leave the Company before they are fully vested in the Company's contributions forfeit the non-vested portion of their account.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment funds determined by the Plan Administrator, in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions as defined. Loan terms are for up to five years, except for loans for the purchase of a primary residence, which if issued, are for a reasonable period of time that may be longer than five years. The loan is secured by the balance in the participant's account and bear interest ranging from 3.50% to 6.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratable through payroll deductions. If a participant does not repay the loan or breaches any of the obligations as set forth in the loan agreement, the note is in default. Upon default the entire principal balance and interest is immediately due and payable. Participants may have one loan outstanding at any given time.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan if the account is greater than \$5,000, or may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, in-service and hardship distributions are permitted if certain criteria are met. Hardship distributions are subject to meeting strict hardship guidelines established by the United States Internal Revenue Service ("IRS"). Participants may not make contributions for at least six months after the receipt of a hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. These funds may be used to reduce amounts otherwise required to be contributed to the Plan, or to pay plan expenses, in accordance with the Plan document. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$855 and \$73, respectively. For the years ended December 31, 2019 and 2018, safe harbor contributions of \$8,112 and \$7,444, respectively, were paid through the use of the forfeiture account.

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accounting records of the Plan are maintained on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP"). Under this basis, contributions are recognized when received rather than when earned, and distributions are recognized when paid rather than when incurred. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with GAAP.

Use of Estimates

In preparing financial statements in conformity with the modified basis of accounting, which is a basis of accounting other than GAAP, management is required to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Risks and Uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short-term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements (see Note 8). Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds and common/collective trusts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value ("NAV") at year-end. Units held in common/collective trusts are valued at NAV based on information reported to the Plan by the investment manager as a practical expedient for fair value. Purchases and sales of investments are recorded on the trade-date basis. Interest and other income are recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the period and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the accompanying statement of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

At December 31, 2019 and 2018, the Plan was invested in the Invesco Stable Asset Fund (the “Fund”) which invests the majority of its assets in the Invesco Stable Trust (the “Stable Value Trust”) and synthetic guaranteed investment contracts (“SICs”). The Stable Value Trust invests principally in guaranteed interest contracts issued by insurance companies, investment contracts issued by banks, SICs issued by banks, insurance companies and other issuers,

securities supporting such SICs, insurance companies and other issuers, securities supporting such SICs, and other similar instruments which are intended to maintain constant NAV. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at NAV.

The Fund has purchased wrapper contracts from the insurance companies. The wrapper contracts amortize the realized and unrealized gains and losses on the underlying fixed income investments; typically, over the duration of the investments; through adjustments to the future interest-crediting rate (which is the rate earned by participants in the fund for underlying investments). The issuers of the wrapper contracts provide assurance that the adjustments to the interest-crediting rate do not result in a future interest-crediting rate that is less than zero.

Certain events limit the ability of the Fund to transact at contract value with the issuer. These events include termination of the Plan, a material adverse change to the provisions of the Plan, if the Plan elects to withdraw from a wrapper contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the wrapper contract issuer’s underwriting criteria for issuance of a clone wrapper contract. The events, described above could result in the payment of benefits at market value rather than contract value. The yield earned by the Stable Value Fund at December 31, 2019 and 2018 was 2.19% and 3.22%, respectively. The yield earned by the Value Fund with an adjustment to reflect the actual interest rate credited to participants in the Fund at December 31, 2019 and 2018 was 2.59% and 2.60%, respectively.

The wrapper contracts do not permit the issuers to terminate the contracts unless the Plan loses its qualified status, has incurred material breaches of responsibilities, or material and adverse changes occur to the provisions of the Plan.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Inovar Packaging Group of Texas, LLC 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any

input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2019 and 2018, there were no significant transfers in or out of levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Valued at the NAV of shares held by the Plan at year-end.

Common / collective trusts: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities, divided by the total number of units. The practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Each collective trust provides for redemption by the Plan at reported NAV per share, with little to no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,487,288	\$ -	\$ -	\$ 2,487,288
Investments in the fair value hierarchy	\$ 2,487,288	\$ -	\$ -	2,487,288
Common/collective trusts (a)				732,978
Total investments at fair value				\$ 3,220,266

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,706,789	\$ -	\$ -	\$ 1,706,789
Investments in the fair value hierarchy	\$ 1,706,789	\$ -	\$ -	1,706,789
Common/collective trusts (a)				602,025
Total investments at fair value				\$ 2,308,814

- (a) These investments are valued using the unit value as a practical expedient, and therefore have not been classified in the fair value hierarchy.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of:

	December 31,	
	2019	2018
Investments:		
Mutual funds	\$ 2,487,288	\$ 1,706,789
Common/collective trusts	732,978	602,025
Notes receivable from participants	125,089	123,940
	<u>\$ 3,345,355</u>	<u>\$ 2,432,754</u>
	Years Ended December 31,	
	2019	2018
Investment income (loss):		
Interest and dividends	\$ 77,166	\$ 95,373
Net appreciation (depreciation) in fair value of investments	393,901	(164,009)
Total investment income (loss)	<u>\$ 471,067</u>	<u>\$ (68,636)</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2019 and 2018, there were no reportable transactions, loans in default or uncollectible, investment assets acquired and disposed of within the Plan, or non-exempt transactions with parties-in-interest, which would require supplemental presentation under DOL's rules and regulations.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time by notifying the Plan Administrator and Trustee. Upon termination of the Plan, all amounts allocated to participants' accounts become fully vested and are distributed in accordance with the provisions of ERISA and the Code.

7. TAX STATUS

The Company adopted the ADP Defined Contribution Plan (Non-standardized 401k Profit Sharing Plan). The IRS has issued an opinion letter dated July 16, 2014 stating that the volume submitter document is acceptable under Section 401(a) of the Code for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2011-49) that the Plan meets the qualification requirements of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Plan Administrators have evaluated tax positions taken by the Plan to determine whether to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

8. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 9, 2020, the date the financial statements were available to be issued.

Effective January 1, 2020, the Plan name was amended to Inovar Packaging Group, LLC 401(k) Profit Sharing Plan.

In December 2019, a novel strain of coronavirus disease (“COVID-19”) was reported to have surfaced in China. The virus subsequently spread to other parts of the world, including the U.S. and Europe, and caused unprecedented disruptions in the global economy as efforts to contain the spread of the virus intensified. In March 2020, the World Health Organization officially declared COVID-19 to constitute a “Public Health Emergency of International Concern” and characterized the outbreak as a pandemic. This pandemic has adversely affected global economic activity and triggered deterioration and instability in financial markets. As a result, the Plan’s investment portfolio had incurred significant changes in fair value since December 31, 2019. Because the values of the Plan’s individual investments have, and may continue to, fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan’s liquidity and participants’ account balances cannot be reasonably determined at this time. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

On March 27, 2020, in response to COVID-19, Congress passed into law the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”). The CARES Act provides several relief provisions temporarily available to qualified retirement plans and their participants which includes a penalty free coronavirus-related distribution for qualifying individuals, increased loan limits and up to a one-year deferral of loan repayments for qualifying individuals, and a waiver for minimum required distributions otherwise required to be made in the 2020 calendar year. For purposes of receiving a coronavirus-related distribution or loan, a qualifying individual is defined as an individual who is diagnosed with COVID-19, whose spouse or dependent is diagnosed with COVID-19, or who, as a result of COVID-19, experiences adverse financial consequences as a result of being quarantined, furloughed or laid off, having work hours reduced, being unable to work due to lack of child care, or other factors as determined by the Secretary of the Treasury. Plan management is currently evaluating the optional provisions of the CARES Act for the Plan.
