CHARTIS GROUP, LLC 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the Chartis Group, LLC (the "Employer") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Employer, as defined in the Plan. All employees are eligible to participate in the Plan upon attaining the age of 21, except those covered by a collective bargaining agreement, non-resident aliens and temporary employees, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Substantially all investments are participant directed.

Participant Contributions

Each year, participants may contribute up to 75% of their annual compensation, as defined in the Plan, subject to dollar limits set by Federal law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("Participant rollovers"). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

Employer Matching Contributions

The Plan provides for discretionary Employer matching contributions to participants of the Plan. For the year ended December 31, 2019, the Employer matched 50% of the first 5% of eligible compensation that a participant contributed to the Plan. Participants must be employed on the last day of the Plan year in order to receive any discretionary Employer matching contributions. For the year ended December 31, 2019, Employer matching contributions totaled $1,507,713.

Employer Discretionary Contributions

Additional discretionary Employer profit-sharing contributions may be contributed at the option of the Employer's Board of Directors to eligible participants. Participants who are employed on the last day of the Plan year or have worked at least 501 hours during the Plan year will be eligible to receive an allocation of any discretionary Employer profit-sharing contribution. Allocations are based on the ratio of a participant's compensation to total compensation of all eligible Participants. The Employer did not elect to make any discretionary profit-sharing contributions to the Plan for the year ended December 31, 2019.

Note 1 - Description of the Plan (Continued)

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Fidelity Management Trust Company ("Fidelity") is the Plan's trustee and custodian. The Plan is administered by the Chartis Group, LLC 401(k) Plan Committee (the "Committee"). The Committee is responsible for all matters, including, but not limited to, determining eligibility, rights to benefits, interpreting Plan documents, and directing the Plan's trustee.

Participants' Accounts

Each participant's account is credited with the participant's contributions and any discretionary Employer matching contributions, as well as an allocation of (a) any discretionary Employer profit sharing contributions and (b) Plan earnings or losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of the participant's vested account balance reduced by the highest outstanding loan balance in the prior twelve-month period. A participant may have two loans outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions over a term not exceeding five years, or up to ten years if used for the purchase of a primary residence.

Payment of Benefits

Upon termination of service, death, disability, retirement, or separation from employment, a participant may elect to receive the value of their vested interest in his or her account in the form of a lump sum amount or to roll their balance over to another qualified plan. In-service withdrawals are allowed from a participant's vested account upon attainment of age 59½. If the participant's vested interest in the Plan is less than $5,000, a mandatory lump-sum distribution may be made to the participant.

Vesting

Participants are 100% vested in their contributions and all Employer contributions plus actual earnings thereon.

Note 1 - Description of the Plan (Continued)

Forfeitures

Forfeited amounts from excess Employer contributions may be used to pay Plan administrative expenses or to reduce Employer matching contributions. At December 31, 2019 and 2018, unallocated forfeited accounts amounted to $6,735 and $1,721, respectively.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments, Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. See Note 4 for discussions of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Note 2 - Summary of Accounting Policies (Continued)

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2020, the date the financial statements were available to be issued. On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) pandemic. The spread of this virus has caused disruption to the economy worldwide and could result in changes in the values of investment securities that could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits in the future.

Note 3 - Investments

Plan investments are held by Fidelity. Fidelity has certified to the fair value of investments as of December 31, 2019 and 2018 and investment transactions for the year ended December 31, 2019. Investment transactions include interest and dividend income and net appreciation in fair value of investments. Notes receivable from participants and information included in the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) has also been derived from information certified by Fidelity.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs to minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4 - Fair Value Measurements (Continued)

Level 3 – Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018:

Mutual Funds and Money Market Fund

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Fair Value Measurements as of December 31, 2019			
Description	***Level 1***	***Level 2***	***Level 3***	***Total***
Mutual funds	$ 48,577,058	$ -	$ -	$ 48,577,058

Total investments in the fair value hierarchy	**$ 49,559,767**	**$ -**	**$ -**	**$ 49,559,767**

	Fair Value Measurements as of December 31, 2018			
Description	***Level 1***	***Level 2***	***Level 3***	***Total***
Mutual funds	$ 34,549,073	$ -	$ -	$ 34,549,073

Total investments in the fair value hierarchy	**$ 35,660,878**	**$ -**	**$ -**	**$ 35,660,878**

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6 - Related-Party and Party-In-Interest Transactions

Certain Plan investments are managed by affiliates of Fidelity, the trustee and custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Fidelity were $2,088 for the year ended December 31, 2019. Notes receivable from Participants also qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become fully vested in all of their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Tax Status

The Plan has adopted a Fidelity volume submitter profit sharing plan with CODA document that received a favorable opinion letter on March 31, 2014. The Plan has been amended since that date, however, the Employer believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Prohibited Transaction

Under U.S. Department of Labor Regulation Section 2510.3-102, Plan related salary deferrals and loan repayments withheld from employees' paychecks must be deposited into the Plan as soon as reasonably possible, but in no event later than the 15th business day of the month following the month of the Employer withholding. When this regulation is not satisfied, the Plan Sponsor has engaged in a prohibited transaction. During the year ended December 31, 2018, contributions of $56 were not remitted within the required time period. The Employer calculated and funded the lost earnings on the 2018 delinquent amounts during the year ended December 31, 2019.
