Cincinnati Hills Christian Academy Retirement Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1: Description of the Plan

The following description of the Cincinnati Hills Christian Academy Retirement Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined-contribution plan sponsored by Cincinnati Hills Christian Academy (Sponsor) for the benefit of its employees. Employees are immediately eligible to participate in the Plan.

Participants become eligible for matching employer contributions after having completed two years of service and attaining the age of 21.

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Teachers Insurance and Annuity Association of America (TIAA) serves as the issuer of the TIAA Traditional Annuity contract and TIAA variable annuities and College Retirement Equities Fund (CREF) serves as the issuer of the CREF variable annuities held by the Plan. TIAA-CREF and The Standard are the recordkeepers of the Plan. TIAA-CREF and Reliance Trust Company serve as the Plan custodians.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Sponsor make annual contributions of up to 100% of eligible compensation. Contributions are subject to certain limitations. Employee rollover and catch-up contributions are also permitted. The Plan allows for special code section 403(b) catch-up contributions for those participants with 15 years of service. The Plan also allows for Roth contributions.

The Plan Sponsor makes matching contributions based on the following formula:

- Employees with 2-3 years of service receive a match equal to 25% of deferrals up to 6% of compensation
- Employees with 4-5 years of service receive a match equal to 37.50% of deferrals up to 6% of compensation
- Employees with 6 years or more of service receive a match equal to 50% of deferrals up to 6% of compensation

Participant Investment Account Options

Investment account options available include mutual funds and a common collective fund. Prior to July 1, 2010, the Plan also included various annuity accounts and a pooled separate account issued by TIAA and CREF as investment options. Each participant has the option of directing his or her contributions into any of the investment account options selected by the Sponsor and may change the allocation to the extent permitted by the individual agreements.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer 3% of eligible compensation unless the participant made an affirmative election otherwise.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's contribution, and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and any matching contributions, plus earnings thereon.

Payment of Benefits

Upon termination of service, or if the participant becomes disabled, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, an annuity contract (if assets are held in a custodial account) or converted to an income option (if assets are invested in an annuity contract). A participant may also elect to receive installment or partial distributions. A participant may elect to receive a distribution of their rollover contributions at any time. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

Participant Loans

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Plan Termination

Although it has not expressed an intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments.

Mutual Funds

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

TIAA Traditional Annuity

The TIAA Traditional Annuity is an unallocated fixed-dollar annuity and investment product offered by TIAA, an insurance company. The annuity is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is maintained in the TIAA general account. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participants and are secured by the general assets of TIAA.

The TIAA Traditional Annuity provides a guarantee of principal, a 3% guaranteed minimum rate of interest and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant's account purchases a guaranteed amount of lifetime annuity income. When a participant's account in the TIAA Traditional Annuity is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan.

Cincinnati Hills Christian Academy Retirement Plan

Notes to Financial Statements

December 31, 2019 and 2018

The investment contract with TIAA contains liquidity restrictions that require withdrawals and transfers from the investment contract to other investment options available to the Plan to be spread over a period of ten annual installments or five annual installments for withdrawals after a participant's termination of employment. Therefore, a portion of this account is considered a fully benefit-responsive investment contract (FBRIC), and another portion is considered nonbenefit-responsive.

The fully benefit-responsive portion of the contract is recorded at contract value, and the nonbenefit-responsive portion of the contract is recorded at contract value, which approximates fair value as estimated by TIAA. At December 31, 2019, the fair value of the nonbenefit-responsive contracts at TIAA totaled \$1,427,885, and the contract value of the benefit-responsive contracts totaled \$439,992. At December 31, 2018, the fair value of the nonbenefit-responsive contracts totaled \$1,442,784 and the contract value of the benefit-responsive contracts totaled \$434,966.

Certain events limit the ability of the Plan to transact at contract value with the issuers of the Guaranteed Common Trust Fund and TIAA Traditional Annuity. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

TIAA and CREF Variable Annuity Accounts

Participants purchase accumulation units in the variable annuity contracts and their value is calculated daily. Variable annuity accounts, except for the Money Market account, are recorded at their estimated fair value which is based upon the underlying value of the assets. The Money Market account is recorded at amortized cost, which approximates fair value. The amortized cost of an instrument is determined by valuing it at its original cost and thereafter amortizing any discount or premium from its face value at a constant rate until maturity.

TIAA Real Estate Pooled Separate Account

The TIAA Real Estate Pooled Separate account is valued at the net asset value (NAV) per accumulation unit of the investment. The underlying real estate holdings or other real estate-related investments are valued principally utilizing external appraisals. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA general account provides the Plan with a liquidity guarantee. Transfers out of the pooled separate account are limited to one per calendar quarter. There are no unfunded commitments or redemption notice periods.

Notes to Financial Statements

December 31, 2019 and 2018

Guaranteed Common Trust Fund With Insurance Company

The Guaranteed Common Trust Fund is an indirect investment contract with Prudential Retirement Insurance Company, held by Reliance Trust Company, custodian. This contract is valued at net asset value (NAV) provided by the administrator of the fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Plan Loans

TIAA issues loans to Plan participants outside the scope of the Plan. Participants pledge as security a portion of their balance in the TIAA Traditional Annuity, which represents 110% of the outstanding loan balance. There were no participant loans outstanding at December 31, 2019 and 2018.

Plan Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan has not requested or obtained a determination letter as the Internal Revenue Service does not currently provide that service for 403(b) plans. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax.

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Standard Retirement Services, Inc.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Sponsor or the Plan, at the Sponsor's discretion.

Note 3: Certification of Plan Custodians

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF and Reliance Trust Company, the custodians of the Plan as of December 31, 2019 and 2018, have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018
- Investment income (loss) as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2019

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Cincinnati Hills Christian Academy Retirement Plan

Notes to Financial Statements December 31, 2019 and 2018

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2019 and 2018. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Investments in mutual funds are classified as Level 1. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. Level 2 securities include variable annuity accounts. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. Level 3 securities include nonbenefit-responsive annuity contracts. See Note 2 for definition of inputs utilized to determine fair value.

The TIAA Real Estate Pooled Separate Account (Account) seeks favorable long-term returns primarily through rental income and appreciation of real estate investments owned by the Account. The Account will also invest in publicly traded securities and short-term higher quality liquid investments that are easily converted to cash to enable the Account to meet participant redemption requests, purchase or improve properties or cover other expense needs.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2019			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Account	\$ 110,169	N/A	Daily	None

Cincinnati Hills Christian Academy Retirement Plan

Notes to Financial Statements December 31, 2019 and 2018

Fair value determinations for Level 3 measurements of securities are the responsibility of the Plan Administrator. The Plan Administrator contracts with TIAA to generate fair value estimates on a quarterly basis. The Plan Administrator challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States.

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs:

	TIAA Traditional Annuity Contract
Balance, January 1, 2018	\$ 1,484,828

Unobservable (Level 3) Inputs

The following tables present quantitative information about unobservable inputs used in recurring Level 3 fair value measurements at December 31, 2019 and 2018.

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are units of variable annuity accounts or a pooled separate account that are managed by TIAA-CREF, which is a custodian and recordkeeper for the Plan. The Plan's traditional annuity contract is maintained in TIAA's general account.

The Plan paid \$62,137 and \$57,901 of recordkeeping fees to The Standard during 2019 and 2018, respectively. The Sponsor provides certain administrative services at no cost to the Plan.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Subsequent Events

As a result of the spread of the SARS-COV-2 virus and the incidence of COVID-19, economic uncertainties have arisen, including significant volatility in the investment markets both nationally and globally since the Plan's year end, which may negatively affect the net assets available for benefits of the Plan. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Subsequent events have been evaluated through October 2, 2020, which is the date the financial statements were available to be issued.
