NOTE A - DESCRIPTION OF PLAN

The following description of the Mid-Continental Companies, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan was adopted effective January 1, 1996, as a defined contribution plan covering all employees of Mid-Continental Companies, Inc. (the Company) who have one year of service, are age 21 or older and have 1,000 hours of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective April 1, 2015 to allow all service credited to employees of a predecessor employer acquired by the Company subsequent to that date to count for eligibility and vesting purposes. The Plan was amended and restated effective November 1, 2017 for certain administrative changes.

2. Contributions

Each year, participants may contribute up to the maximum dollar amount as determined by the Federal government of pretax annual compensation, as defined in the Plan. The maximum deferral is the lesser of 100% of compensation or $ 19,000 and $ 18,500 for 2019 and 2018, respectively. For participants age 50 or older, an additional $ 6,000 in contributions was permitted for 2019 and 2018. The Company makes a matching contribution of 25% of elective deferrals, on the first 6% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company's Board of Directors. For 2019 and 2018, no additional amounts were contributed.

3. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and the Plan's earnings. Allocations are based on participant earnings, contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN - Continued

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Credited Service	Percent Vested
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

5. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or ad-hoc distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

6. Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions or pay Plan administrative expenses. In 2019 and 2018, employer contributions were reduced by $ 1,932 and $ 7,525, respectively, from forfeited non-vested accounts. At December 31, 2019, there were no outstanding forfeited accounts. At December 31, 2018, forfeited accounts totaled $ 596.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of mutual funds are recorded on a trade-date basis. Any interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

4. Corrective Distributions Payable

The Plan is subject to certain contribution limitation tests performed subsequent to year end. If certain ratios are exceeded, contributions are required to be returned to affected participants. In accordance with IRS regulations, these contributions were appropriately distributed by March 15, 2020 and 2019, for the 2019 and 2018 plan years, respectively.

Amounts payable to participants for contributions in excess of amounts allowed by the IRS or Plan provisions have been recorded as a liability with a corresponding reduction to contributions.

5. Payment of Benefits

Benefits are recorded when paid.

NOTE B - SUMMARY OF ACCOUNTING POLICIES - Continued

6. Expenses

A change of the class of mutual funds resulted in a decrease to the imbedded fee structure in 2018. After this change, the Plan paid $ 29,546 and $ 16,387 of the plan administrative expenses in 2019 and 2018, respectively. Expenses that are paid by the Company are excluded from these financial statements. Certain investment-related expenses are included in net appreciation (depreciation) of the fair value of investments. Withdrawal fees related to the payment of benefits are charged directly to the participant's account.

7. Subsequent Events

The Plan's management has evaluated subsequent events for recognition and disclosure in the financial statements through September 30, 2020, which is the date the financial statements were available to be issued. See Note I for more information on subsequent events.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan follows the fair value measurement guidance for financial assets and financial liabilities. The guidance defines fair value, establishes a framework for measuring value and expands disclosure about fair value measurements. In addition, the guidance permits an entity to measure eligible financial instruments and other items at fair value. The Plan has not made any fair value elections.

NOTE C - FAIR VALUE MEASUREMENTS - Continued

Fair value is defined to be the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A three-level hierarchy has been established for fair value measurements based upon the inputs to the valuation of an asset or liability as follows:

Level 1 – Valuation is based on quoted prices for identical assets and liabilities in active markets.

Level 2 – Valuation is derived from inputs, other than quoted prices included in Level 1, which are observable for the asset or liability either directly or indirectly. Investments classified as Level 2 are generally valued by benchmarking model-derived prices to quoted market prices and trade data for identical or comparable securities. The significant inputs used in this approach include interest rates, prepayment timing, yield spreads, maturities, credit losses and credit ratings of the securities.

Level 3 – Valuation is derived from unobservable inputs that are not corroborated by market data.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table presents the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31:

	Level 1	Level 2	Level 3	Total
2019				
Mutual funds	$ 5,455,977	$ -	$ -	$ 5,455,977
2018				
Mutual funds	$ 4,747,209	$ -	$ -	$ 4,747,209

NOTE D - PLAN TERMINATION

Although it has not expressed any intention to do so, Mid-Continental Companies, Inc. has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE E - TAX STATUS

The Plan is intended to be qualified under Section 401(a) and tax exempt under Section 501(a) of the Internal Revenue Code (IRC). The Plan is a prototype standardized profit sharing plan and obtained its last approval letter, dated March 31, 2014, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the IRC. Although the Plan has been restated since receiving the latest determination, the Plan's administrator and the Plan's trustee believe that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTE F - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following unaudited information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee for the years ended December 31:

	2019	2018
Statements of net assets available for benefits		
Assets		
Investments, at fair value	$ 5,455,977	$ 4,747,209
Statements of changes in net assets available for benefits		
Net appreciation (depreciation) in fair value of investments	778,682	(505,493)
Dividend income	266,352	358,794

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the trustee and recordkeeper for the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees associated with these services were paid by the Company for the plan years ended December 31, 2019 and 2018.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. As of the date of this report, the current economic environment has increased the degree of uncertainty.

NOTE I - SUBSEQUENT EVENTS

As a result of Coronavirus Disease 2019, which was declared a pandemic on March 11, 2020, the United States Federal Government, State and Local Governments, and other countries around the world have taken measures that have suddenly limited economic output. As of the date of this report, the measures taken by the governments are expected to be short-term in nature. However, due to the uncertainty of the overall effects of the Coronavirus and the length of time of economic measures taken by Federal and State and Local Governments, the degree of economic uncertainty is increased as of the date of this report.

Additionally, in response to the economic impact of the Coronavirus pandemic, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted in March 2020, which, among other things, contains numerous tax, emergency funding and other provisions that affect certain retirement plan provisions. During 2020, the Plan authorized changing the distribution provisions as allowed by the CARES Act; however, the loan provisions were not authorized by the Plan. The Plan is continuing to evaluate the impact of the CARES Act on its plan provisions and net assets available for benefits.
