NOTE 1: DESCRIPTION OF PLAN

The following description of the Placer Community Action Council, Inc. 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on November 1, 1992, as restated effective November 1, 2012, to provide eligible employees of Placer Community Action Council, Inc. (the Organization) with retirement benefits in accordance with section 403(b) of the Internal Revenue Code (the IRC). All employees who work more than 20 hours per week, over the age 18 are eligible to participate in the Plan after 90 days of service. Eligible employees who have attained 90 days of service are eligible to receive employer contributions.

Contributions

Employees may elect to make pre-tax contributions and/or Roth contributions in an amount up to 100% of their annual eligible salary, not to exceed $19,000 for the Plan year ended December 31, 2019. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Each participant may elect to have their individual account invested in any combination of funds held by the Plan custodian.

The Organization may make discretionary non-elective contributions. The Organization made non-elective contributions of 3.0% of employee salaries during the years ended December 31, 2019 and 2018, respectively.

Participant Accounts

Each participant’s account is credited with the participant’s and employer’s contributions and an allocation of net earnings from investments and changes in investment values. Allocations are based on participant’s contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant’s vested account balance.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are vested immediately in their salary deferral contributions, qualified rollovers or transfers from other retirement plans, and employer matching contributions, plus earnings thereon.

Notes Receivable from Participants

Participants may borrow from their vested interest in their account in the form of a loan. Loans bear interest at prevailing market rates and generally must be repaid within fifteen years. Loans to participants are stated at the principal amount outstanding, which approximates fair value. Participants may only have one loan outstanding at any time.

Payment of Benefits

Upon termination of employment due to retirement, death, disability or separation from service, the balances in the participants' accounts will be distributed to the participants or to their beneficiaries in either a lump sum, equal installments in the form of nontransferable annuity, or some combination of the foregoing, at the election of the beneficiary.

Administrative Expenses

The Organization, as Plan sponsor, pays certain administrative expenses on behalf of the Plan. Participant's accounts are adjusted for fees pertaining to loan or termination processing, and are charged for expenses incurred by the custodians in the performance of their duties.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value and contract value as certified by the Plan's custodians. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

In preparing the financial statements in accordance with accounting principles generally accepted in the United States of America, management makes estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

Subsequent Events

In preparing the accompanying financial statements, management has considered events that have occurred after December 31, 2019, through September 28, 2020, the date these financial statements were available for issuance.

In March 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The potential economic impact to the Plan and its sponsor is difficult to assess and will depend upon future developments that cannot be reasonably predicted.

The Plan has implemented certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), which provides eligible individuals with coronavirus-related relief for loan repayment, suspends required minimum distributions, and delays the commencement date for required minimum distributions. The optional features within this act are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIANS (UNAUDITED)

Information contained in the accompanying financial statements and supplemental schedule that was certified by the custodians as to completeness and accuracy includes:

- Details (cost, market, and contract value) and summaries of investments held at December 31, 2019 and 2018.
- Summaries of investment income and transactions for the year ended December 31, 2019.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled-separate accounts: The Plan holds assets that are invested in separate accounts with American United Life Insurance Company and AXA Equitable Life Insurance Company. These investments are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account manager. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA minus its liabilities, and then divided by the number of units outstanding. The Plan does not own shares in any particular mutual fund, but rather owns accumulation units of the investments held by the trust. The NAV practical expedient of a PSA is calculated based on a compilation of primarily observable market information. There were no unfunded commitments or redemption restrictions as of the plan years ended December 31, 2019 and 2018.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	2019			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	-	-	-
Investments measured at NAV (practical expedient)				2,857,545
Investments at fair value				$ 2,857,545

	2018			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	-	-	-
Investments measured at NAV (practical expedient)				2,310,848
Investments at fair value				$ 2,310,848

The following sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV per share (or its equivalent) as of December 31, 2019 and 2018.

The Amercent One Choice A Fund seeks the highest total return consistent with its asset mix. The funds invest its assets in underlying Funds using an asset allocation strategy designed for investors expected to retire around the target date. The funds may invest in a broad range of equity and fixed-income securities including derivatives.

The Amercent One Choice In Ret A Fund seeks current income as a main objective with capital appreciation as a secondary objective. The fund invests its assets in underlying Funds using a variety of asset classes and investment styles. The fund's investments generally will be allocated among the major asset classes as follow: 45% of its assets in equity securities; 45% of its assets in fixed-income securities; and 10% of its assets in cash equivalents. The neutral mix of One Choice In Retirement Portfolio is expected to remain fixed over time.

NOTE 5: INSURANCE COMPANY CONTRACTS

Guaranteed Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive guaranteed investment contract with AXA Equitable Insurance Company (AXA). AXA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the guaranteed investment contract is fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by AXA Equitable Insurance Company, represents contributions made under the contract, plus interest earned, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment contract value less an early withdrawal charge, when applicable.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract issuer may not terminate the guaranteed investment contract at any amount less than the contract value. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. Such interest rates are reviewed on a quarterly basis for resetting.

The Guaranteed Investment Contract totaled $794,147 and $787,863 as of December 31, 2019 and 2018, respectively.

Stable Value Investment Contract

The Plan has a fully benefit-responsive group annuity contract with American United Life Insurance Company (AUL), which is called the AUL Stable Value Account (the Investment Contract). AUL maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. AUL is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan, determined annually.

NOTE 5: INSURANCE COMPANY CONTRACTS (CONTINUED)

Stable Value Investment Contract (Continued)

Because the Investment Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Investment Contract. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with AUL. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. AUL may not terminate the Investment Contract at any amount less than the contract value.

The Stable Value Investment Contract totaled $112,714 and $102,278 as of December 31, 2019 and 2018, respectively.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor reserves the right to terminate the Plan at any time. In the event of Plan termination, all accounts become fully vested and non-forfeitable. Plan assets would first be used to pay any expenses properly charged to the Plan. The remainder would then be distributed to participants in a lump sum.

NOTE 7: TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71 [or the draft Listing of Required Modifications issued April 4, 2009]. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b).

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include shares of registered investment company funds managed by AXA Equitable Life Insurance Company and American United Life Insurance Company. As AXA Equitable Life Insurance Company and American United Life Insurance Company are the custodians of the Plan, transactions with these entities qualify as exempt party-in-interest transactions.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
