NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the AFC 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

On January 1, 2000, Advanced Fresh Concepts Corp. ("AFC") established the Plan as a defined-contribution and profit sharing retirement plan qualifying under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In November 2018, AFC was acquired by Zensho Holdings Co., Ltd. ("Zensho Holdings"); in April 2019, Zensho Holdings transferred its ownership in AFC to Zensho USA Corporation (a wholly-owned subsidiary of Zensho Holdings).

The Plan covers eligible employees of AFC and participating companies, Advanced Fresh Concepts Franchise Corp., and AFC Distribution Corp. (collectively, the "Employer" or "Company").

Until November 30, 2018, the trustee and recordkeeper of the Plan was Fidelity Management Trust Company. In December 2018, the Plan entered into agreements with John Hancock Trust Company LLC ("John Hancock") and John Hancock Retirement Plan Services LLC to become the Plan's trustee and recordkeeper, respectively. In December 2018, all Plan assets had been transferred into funds comparable to those offered by the former trustee. The conversion initiated a black-out period in which all Plan participants were not able to transfer amounts between funds, request contribution allocations or request distributions.

Eligibility

All employees of the Employer, with certain exceptions, who have completed one year of eligibility service, may participate in the Plan. A year of eligibility service is fulfilled after completing 1,000 hours of service during the first twelve months of employment. Employees are eligible to participate in the Plan on the first day of the month following the completion of the eligibility requirements.

Participant Contributions

Participants may elect to contribute up to 20% of eligible compensation or, as limited by Section 402(g) of the IRC, $19,000 in 2019. Eligible employees may also roll over distributions from eligible retirement plans pursuant to the terms of the Plan.

The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year are eligible to also make a catch-up contribution of up to $6,000 in 2019.

Employer Contributions

The Company will make matching contributions in an amount equal to 25% of a participant's elective deferrals subject to a maximum of 6% of a participant's eligible compensation contributed to the Plan. The Company made matching contributions of $99,300 for the year ended December 31, 2019. The Company, at its discretion, may make additional contributions; no additional contributions were made for the year ended December 31, 2019.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts
Each participant's account is credited with the participant's contributions, Company matching contributions and allocations of investment earnings and/or losses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options
Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and one stable value fund (common collective trust) as investment options. Participants may change their investment options at any time.

Vesting
Participants in the Plan are fully vested in their contributions, including rollovers, and the actual earnings on these contributions. Participants become vested in the Company's matching contributions and related investment earnings/appreciation or depreciation based on years of service. Company matching contributions and related earnings/appreciation or depreciation shall be vested in accordance with the following schedule:

Completed Years of Service	Vested Percentage
Less than two	0%
At least two years, but less than 3	20%
At least three years, but less than 4	40%
At least four years, but less than 5	60%
At least five years, but less than 6	80%
Over six years	100%

Forfeitures
Upon termination of employment, the non-vested portion of the participant's account will be forfeited. Forfeitures retained in the Plan are used for the reduction of Plan administrative expenses or future employer contributions. For the year ended December 31, 2019, no forfeitures were used for the payment of administrative fees or reduction of employer contributions. As of December 31, 2019 and 2018, forfeited accounts totaled $35,500 and $17,644, respectively.

Notes Receivable from Participants
Loans are available in the Plan. The minimum loan amount is $1,000. The maximum amount is the lesser of $50,000 (reduced by the highest outstanding loan balance in the account during the prior twelve-month period) or one-half of the participant's vested account balance. The interest rate used will be based commensurate with local prevailing rates as determined by the Plan Administrator. The participant is allowed one loan outstanding at a time. Loan payments are made through payroll deductions typically over a period of five years; however, if the loan is for the purchase of a participant's principal residence, the Administrator may permit up to a ten-year payment term (previous to April 1, 2016, up to a thirty-year term may have been permitted). Each loan is secured by the balance in the participant's account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants (Continued)
Outstanding notes receivable at December 31, 2019 and 2018 carry interest rates ranging from 4.50% to 6.00% and mature through 2044.

Payment of Benefits
Withdrawals are permissible upon participant's reaching age 59½, termination of employment, death, disability, retirement or certain financial hardships. Vested benefits due to the participant or, in the event of death, to the participant's beneficiaries, in most events will generally be distributed in a lump sum payment, installments or can be rolled over into another qualified retirement plan. The Plan allows for the automatic distribution of vested benefits of $1,000 or less; if vested benefits are between $1,000 and $5,000, the funds will be rolled over into an IRA selected by the Plan Administrator.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, discontinue making contributions to, amend, or modify the Plan at any time. In the event of a termination of the Plan, all participants will become fully vested in their accounts and the Company will arrange for distribution of all participants' accounts to the participants in accordance with the Plan.

Excess Contributions Payable
The Plan, as required by the IRC, performs annual tests comparing participant data for highly compensated participants with data for non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored by the Plan. If the Plan initially fails the tests, it will refund the excess contributions in the amount necessary to pass the tests. Excess contributions for 2019 and 2018 amounted to $5,291 and $30,149, respectively, and were refunded in the following year. These amounts have been recorded as excess contributions payable to participants in the Statements of Net Assets Available for Benefits.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risk and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Valuation of Investments and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants represent participant loans that are to be recorded at their unpaid principal balance plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits
Benefit payments to participants are recorded when paid.

Administrative Expenses
The Company pays for certain administrative expenses, with the exception of transaction-based fees and asset management fees charged to participants through the various funds.

Subsequent Events
In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events (Continued)
These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. Plan Management is in the process of reviewing the CARES Act and any resulting changes to the Plan.

The Plan has evaluated subsequent events through October 5, 2020, which is the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. The Plan Administrator has elected the method of compliance as permitted. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets:

	December 31, 2019	December 31, 2018
Investments, at fair value:		
Mutual funds	$ 6,450,648	$ 4,915,464
Common collective trust	103,175	7,181
Notes receivable from participants	99,046	175,638

The trustee also certified to the completeness and accuracy of $992,464 of net appreciation in fair value of investments, $136,012 of interest and dividend income, and $8,085 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2019.

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTE 4 – FAIR VALUE MEASUREMENTS

The three levels of the fair value valuation hierarchy under the standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: The common collective investment trust (Goldman Sachs Stable Value Collective Trust I) is valued at the NAV of units of the fund which is based on the estimated market value of the underlying investments less its liabilities. The NAV, as provided by John Hancock, is used as a practical expedient to estimate fair value.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,450,648	$ -	$ -	$ 6,450,648
Total assets in fair value hierarchy	$ 6,450,648	$ -	$ -	6,450,648
Investment at NAV (practical expedient)				103,175
				$ 6,553,823

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,915,464	$ -	$ -	$ 4,915,464
Total assets in fair value hierarchy	$ 4,915,464	$ -	$ -	4,915,464
Investment at NAV (practical expedient)				7,181
				$ 4,922,645

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following tables summarize information related to the investment for which fair value is estimated using NAV per share as a practical expedient as of December 31, 2019 and 2018:

Investment	Fair Value December 31, 2019	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 103,175	Not applicable	Daily	One day

Investment	Fair Value December 31, 2018	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 7,181	Not applicable	Daily	One day

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by John Hancock or its affiliates. John Hancock is the trustee and, therefore, these transactions qualified as party-in-interest transactions. Fees incurred and paid directly by the Plan for administrative and management services was $36,889 for the year ended December 31, 2019.

NOTE 6 – INCOME TAX STATUS

The Plan as a volume submitter profit sharing plan, received its latest determination letter on March 31, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was compliant with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan's management has not identified any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – NON-EXEMPT TRANSACTIONS

During 2018, the Plan sponsor failed to deposit $74,041 and $3,882 of participant contributions and loan repayments, respectively, within the required timeframe as stated by the United States Department of Labor regulations. The delays in remitting contributions and loan repayments to the trustee were due to administrative error. The Company has deposited the contributions and loan repayments with the trustee shortly after the required timeframe. The Company has deposited the lost earnings associated with the late remittances in 2019.

During 2019, the Plan sponsor failed to deposit contributions and loan repayments in the amounts of $108,156 and $6,676, respectively, within the required timeframe as stated by the United States Department of Labor regulations. The delays in remitting contributions and loan repayments to the trustee were due to administrative error. The Company has deposited the lost earnings related with the late remittance of $26,026 during the year. The Company is currently in the process of calculating lost earnings on the remaining balance of the late remittance.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
