The following description of the Southern Indiana Tire Employee Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan administrator.

### *General*

The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fifth Third Bank is the trustee of the Plan and serves as Plan custodian.

### *Contributions*

The Plan permits eligible employees, through a salary reduction election, to make annual contributions of up to 100% of eligible compensation. Employee rollover and catch-up contributions are also permitted. For the years ended December 31, 2019 and 2018, the Company made matching contributions of 50% of employees' salary reduction amounts up to 5% of their compensation. The Company can also make profit-sharing contributions, which are discretionary as determined by the Company's board of directors. No profit-sharing contributions were made during the years ended December 31, 2019 and 2018. Contributions are subject to certain limitations.

### *Participant Investment Account Options*

Each participant has the option of directing his or her contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant makes an affirmative election otherwise.

### *Participant Accounts*

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

### *Vesting*

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after six years of continuous service. The nonvested balance is forfeited upon termination of service.

### *Excess Contributions Payable*

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants before March 15, 2020. At December 31, 2019 and 2018, there were excess contributions payable of $561 and $0, respectively.

### *Payment of Benefits*

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

### *Forfeited Accounts*

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $35,383 and $9,486, respectively. These accounts can be used to reduce employer contributions or pay Plan expenses. Forfeited nonvested accounts used for these purposes for the years ended December 31, 2019 and 2018, were not material.

## Note 2: Summary of Significant Accounting Policies

### *Basis of Accounting*

The accompanying financial statements are prepared on the accrual basis of accounting.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

### *Payment of Benefits*

Benefit payments to participants are recorded upon distribution.

### *Administrative Expenses*

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

## Note 3: Certification of Plan Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fifth Third Bank has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2019 and 2018
- Investment income (loss) as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2019

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan paid $41,681 and $36,711 of administrative fees to the trustee and record-keeper related to the Plan years ended December 31, 2019 and 2018, respectively. The Company provides certain administrative services at no cost to the Plan.

## Note 5: Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## Note 6: Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter plan and trust sponsored by Warren Averett Benefit Consultants LLC. The volume submitter document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified and the related trust was tax exempt as of the financial statement date.

## Note 7: Plan Amendments

In 2019, the Plan was amended to recognize prior service for certain employers who elected to adopt the Plan during 2019 for the purposes of determining eligibility for participant and Company matching contributions.

## Note 8: Disclosure About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

**Level 1** Quoted prices in active markets for identical assets or liabilities

**Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

**Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

### *Recurring Measurements*

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2019 and 2018:

| | | Fair Value Measurements Using | | |
|---|---|---|---|---|
| | Fair Value | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Other Observable Inputs (Level 2) | Unobservable Inputs (Level 3) |
| **December 31, 2019** | | | | |
| Mutual funds | $ 6,568,635 | $ 6,568,635 | $ - | $ - |
| **December 31, 2018** | | | | |
| Mutual funds | $ 5,759,756 | $ 5,759,756 | $ - | $ - |

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2019. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

### *Investments*

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset-pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified within Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

## Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

## Note 10: Subsequent Events

Subsequent events have been evaluated through October 8, 2020, which is the date the financial statements were available to be issued.

### *Investment Market Volatility*

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen, which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effect cannot be reasonably estimated at this time.
