To the Plan Sponsor and Participants of the
Niagara Produce Retirement Plan
East Amherst, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Niagara Produce Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Trust Company, the custodian of the Plan (the "Custodian"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2018 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2018, were audited by a predecessor auditor. Their report, dated August 19, 2019, indicated that the audited financial statements of the Plan were presented fairly, in all material respects, as of and for the year ended December 31, 2018, and were prepared in accordance with accounting principles generally accepted in the United States of America.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Niagara Produce Retirement Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Niagara Produce Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of the company and its wholly owned subsidiaries and affiliates who have one year of service and have worked a minimum of 1,000 hours subject to the provisions of ERISA. The Board of Trustees is responsible for oversight of the Plan.

The Plan, established effective January 1, 2017, was subsequently amended most recently on January 1, 2019, to comply with statutory regulations subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") to improve participants' ability to obtain hardship withdrawals.

Contributions – Participants may contribute up to 100 percent of pretax annual compensation, up to a maximum of $19,000, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are also allowed to make post-tax Roth elective deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation. The Company will match 100 percent of the first 3 percent of eligible compensation that a participant contributes to the Plan. Contributions are subject to certain IRS limitations. The company may make a discretionary contribution each plan year. The contribution would be divided among active participants on the date of any discretionary contribution based on a participant's annual pay divided by the annual pay of all active eligible participants.

Participant Accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant vests at 20% per year after 2 years of credited service and is 100 percent vested after six years of credited service.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of participant's vested interest in his or her account, or up to two withdrawals per year. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures – At December 31, 2019 and 2018, respectively, forfeited non-vested accounts total $6,630 and $10,859. These accounts are used to pay plan expenses and if an excess, reduce future employer contributions and if there is still an excess, divided among participant accounts. In 2019, Plan expenses were reduced by $626 and employer contributions were reduced by $10,975 from forfeited non-vested accounts.

Income Taxes – The Plan Sponsor obtained a letter dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the volume submitter profit sharing plan is qualified under Section 401(a) of the Code. An adopting employer may rely upon that letter with respect to qualification of its plan under Section 401(a) of the Code. Although the Plan was amended subsequent to the IRS determination letter, the Plan Administrator believes that the Plan is operating in compliance with the requirements of the Code and therefore, believes that the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Plan Termination – Although it has not expressed intent to do so, the Plan Sponsor has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value as determined by Principal Trust Company ("Principal"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Party-In-Interest Transactions – Certain Plan investments are managed by Principal Trust Company. Principal Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services included in administrative expenses amounted to $5,491 for the year ended December 31, 2019. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments as they are paid through revenue share, rather than a direct payment.

2. Summary of Significant Accounting Policies (continued)

Recently Issued Accounting Pronouncements – In August 2018, the FASB issued ASU 2018-13, Fair Value Measurement – Disclosure Framework (Topic 820). The updated guidance improves the disclosure requirements on fair-value measurements. The updated guidance is effective for fiscal years beginning after December 15, 2019, with early adoption permitted for any removed or modified disclosures. The Plan is currently assessing the timing and impact of adopting the updated provisions.

Subsequent Events – The Plan Administrator has evaluated the effects of all subsequent events, for recognition or disclosure, through October 6, 2020, the date the accompanying financial statements were available to be issued. During the first quarter of 2020 through the date the accompanying financial statements were available for issuance, employee benefit plans have been impacted as a result of the spread of COVID-19 (Coronavirus). The Plan has experienced adverse impacts to its operations, including volatility in the fair-market value of the Plan's investments.

3. Information Certified by the Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2019	2018
Principal Life Insurance Company		
Mutual Funds	$ 11,176	$ 4,954
Pooled Separate Accounts	8,552	4,347
Common/Collective Trusts	469,379	267,843
	$ 489,107	$ 277,144

The custodian also certified net appreciation in fair value of investments of $73,207 and dividend income of $72 for the year ended December 31, 2019.

4. Fair Value Measurements

The framework for measuring fair value provides a fair-value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.

- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.

- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the Plan that utilized Level 3 inputs as its primary measure of fair value as of December 31, 2019 and 2018.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value, which remain unchanged from the prior year.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year end.

Pooled Separate Accounts: Pooled separate accounts were reclassified as a Level 2 investment as of December 31, 2018. These investments were previously classified within the fair-value hierarchy as a Level 1 investment. The Plan has participant-directed investments held in pooled separate accounts. The fair value of these investments is based on inputs that are derived principally from or corroborated by observable market data by correlation or other means.

4. Fair Value Measurements (continued)

Common and Collective Trusts ("CCTs"): CCTs were reclassified as a Level 2 investment as of December 31, 2018. These investments were previously classified within the fair-value hierarchy as a Level 1 investment. CCTs are valued daily based on the market value of the underlying assets. Fair value is determined by dividing the fair value of the CCT's net assets by the total number of units owned.

The preceding methods described may produce fair-value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the investments measured at fair value on a recurring basis as of December 31, 2019 and 2018, and indicates the fair-value hierarchy of the valuation techniques utilized to determine such fair value:

	2019	2018
Level 1:		
Mutual Funds	$ 11,176	$ 4,954
Level 2:		
Pooled Separate Accounts	8,552	4,347
Common/Collective Trusts	469,379	267,843
Total Level 2 investments	477,931	272,190
Total investment, at fair value	$ 489,107	$ 277,144
