Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the MedEx 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified or provided by John Hancock Life Insurance Company (USA), the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental information as listed in the table of contents, as of and for the year ended December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental information is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental information.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Medex 401(k) Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution 401(k) plan covering eligible employees of Medical Express Ambulance Service, Inc. (the Company). Employees are eligible to participate and receive discretionary matching contributions of the Company upon completion of one year of service and attaining age 18. Plan entrance dates are January 1st or the date six months, coinciding with or following satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

   The Plan is funded by voluntary contributions of participants and discretionary matching contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company accrued discretionary matching contributions of $21,148 to the Plan for the year ending December 31, 2019.

3. Investment Options

   Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

4. Participant Accounts

   Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching contributions, and an allocation of plan earnings. The Company's discretionary matching contribution is allocated on the last day of the plan year based on a percentage of the participant's contribution. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, or a direct rollover distribution. Hardship withdrawals and in-service withdrawals (for those participants aged 59.5 or older) are also permitted by the Plan.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at 5.00% to 6.50%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence.

8. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in value of investments.

9. Forfeitures

At December 31, 2019 and 2018, unallocated plan assets resulting from forfeited nonvested accounts were insignificant. These accounts may be used to reduce future discretionary Company contributions or be allocated to Plan participants. No forfeitures were utilized during 2019.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include the following: * Quoted prices for similar assets or liabilities in active markets; * Quoted prices for identical or similar assets or liabilities in inactive markets; * Inputs other than quoted prices that are observable for the asset or liability; * Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the Plan's investments measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Pooled separate accounts: Valued at net asset value (NAV) per unit as determined by the insurance company or contract administrator. Such NAV is based on the value of the underlying assets and liabilities of the account. Participants may transfer in and out of such trusts on a daily basis without any prohibitive restrictions.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Plan Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Investments measured at NAV*	$ -	$ -	$ -	$ 1,447,080
Investments, at fair value				$ 1,447,080

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

	Plan Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Investments measured at NAV*	$ -	$ -	$ -	$ 1,163,353
Investments, at fair value				$ 1,163,353

* Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments, at fair value line item presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019, and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2019			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 1,447,080	$ -	Immediate	None
	$ 1,447,080	$ -		

	December 31, 2018			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 1,163,353	$ -	Immediate	None
	$ 1,163,353	$ -		

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodian. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INFORMATION CERTIFIED BY JOHN HANCOCK LIFE INSURANCE COMPANY

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

	2019	2018
Investments, at fair value		
Pooled separate accounts	$ 1,447,080	$ 1,163,353
Investments, at contract value		
Guaranteed interest accounts	4,006	3,341
Notes receivable from participants	32,303	21,259
	$ 1,483,389	$ 1,187,953

The custodian also certified the completeness and accuracy of $306,924 of net appreciation in value of investments, $46 of interest related to the aforementioned investments, and $1,136 of interest from notes receivable from participants for the year ended December 31, 2019.

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with the John Hancock Life Insurance Company (John Hancock) through the 3 Year Guaranteed Interest Account, 5 Year Guaranteed Interest Account, and 10 Year Guaranteed Interest Account which are reported at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

John Hancock maintains the contributions in its general accounts. John Hancock guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rating is updated monthly based upon contract provisions, and average annual rates are 1.12% (3 Year Account), 1.22% (5 Year Account), and 1.33% (10 Year Account). John Hancock's general accounts are credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, (2) premature termination of the contracts, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options, or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

NOTE E - INCOME TAX STATUS

The Plan has adopted a nonstandardized form of a prototype plan sponsored by Datair Employee Benefit Systems, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by John Hancock. John Hancock is the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

NOTE I - PROHIBITED TRANSACTIONS

During 2016, the Plan Sponsor failed to deposit participant contributions within the required timeframe as stated by the DOL. The DOL considers late deposits to be prohibited transactions as disclosed in the accompanying supplemental information. The Plan Sponsor intends to correct these deficiencies pursuant to the DOL's Voluntary Fiduciary Correction (VFC) Program.

NOTE J - EXCESS CONTRIBUTIONS PAYABLE

Excess contributions payable represents amounts funded in excess of IRS limitations that are to be refunded at year end. As of December 31, 2019, $1,783 of excess contributions were required to be refunded, which occurred in 2020. Excess contributions are netted against contributions in the statement of changes in net assets available for benefits.

NOTE K - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 8, 2020, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions, other than those described in Note J and below, have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.

The direct and indirect impacts of the current COVID-19 outbreak on the Plan are currently unknown, as is the duration and severity of any impacts that the Plan Sponsor may experience. Plan management is currently unable to quantify the effects that this situation will have on the Plan.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the MedEx 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified or provided by John Hancock Life Insurance Company (USA), the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental information as listed in the table of contents, as of and for the year ended December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental information is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental information.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Medex 401(k) Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution 401(k) plan covering eligible employees of Medical Express Ambulance Service, Inc. (the Company). Employees are eligible to participate and receive discretionary matching contributions of the Company upon completion of one year of service and attaining age 18. Plan entrance dates are January 1st or the date six months, coinciding with or following satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

   The Plan is funded by voluntary contributions of participants and discretionary matching contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company accrued discretionary matching contributions of $21,148 to the Plan for the year ending December 31, 2019.

3. Investment Options

   Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

4. Participant Accounts

   Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching contributions, and an allocation of plan earnings. The Company's discretionary matching contribution is allocated on the last day of the plan year based on a percentage of the participant's contribution. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, or a direct rollover distribution. Hardship withdrawals and in-service withdrawals (for those participants aged 59.5 or older) are also permitted by the Plan.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at 5.00% to 6.50%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence.

8. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in value of investments.

9. Forfeitures

At December 31, 2019 and 2018, unallocated plan assets resulting from forfeited nonvested accounts were insignificant. These accounts may be used to reduce future discretionary Company contributions or be allocated to Plan participants. No forfeitures were utilized during 2019.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include the following: * Quoted prices for similar assets or liabilities in active markets; * Quoted prices for identical or similar assets or liabilities in inactive markets; * Inputs other than quoted prices that are observable for the asset or liability; * Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the Plan's investments measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Pooled separate accounts: Valued at net asset value (NAV) per unit as determined by the insurance company or contract administrator. Such NAV is based on the value of the underlying assets and liabilities of the account. Participants may transfer in and out of such trusts on a daily basis without any prohibitive restrictions.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Plan Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Investments measured at NAV*	$ -	$ -	$ -	$ 1,447,080
Investments, at fair value				$ 1,447,080

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

	Plan Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Investments measured at NAV*	$ -	$ -	$ -	$ 1,163,353
Investments, at fair value				$ 1,163,353

* Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments, at fair value line item presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019, and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2019			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 1,447,080	$ -	Immediate	None
	$ 1,447,080	$ -		

	December 31, 2018			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 1,163,353	$ -	Immediate	None
	$ 1,163,353	$ -		

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodian. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INFORMATION CERTIFIED BY JOHN HANCOCK LIFE INSURANCE COMPANY

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

	2019	2018
Investments, at fair value		
Pooled separate accounts	$ 1,447,080	$ 1,163,353
Investments, at contract value		
Guaranteed interest accounts	4,006	3,341
Notes receivable from participants	32,303	21,259
	$ 1,483,389	$ 1,187,953

The custodian also certified the completeness and accuracy of $306,924 of net appreciation in value of investments, $46 of interest related to the aforementioned investments, and $1,136 of interest from notes receivable from participants for the year ended December 31, 2019.

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with the John Hancock Life Insurance Company (John Hancock) through the 3 Year Guaranteed Interest Account, 5 Year Guaranteed Interest Account, and 10 Year Guaranteed Interest Account which are reported at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

NOTE D - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

John Hancock maintains the contributions in its general accounts. John Hancock guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rating is updated monthly based upon contract provisions, and average annual rates are 1.12% (3 Year Account), 1.22% (5 Year Account), and 1.33% (10 Year Account). John Hancock's general accounts are credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, (2) premature termination of the contracts, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options, or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

NOTE E - INCOME TAX STATUS

The Plan has adopted a nonstandardized form of a prototype plan sponsored by Datair Employee Benefit Systems, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by John Hancock. John Hancock is the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

NOTE I - PROHIBITED TRANSACTIONS

During 2016, the Plan Sponsor failed to deposit participant contributions within the required timeframe as stated by the DOL. The DOL considers late deposits to be prohibited transactions as disclosed in the accompanying supplemental information. The Plan Sponsor intends to correct these deficiencies pursuant to the DOL's Voluntary Fiduciary Correction (VFC) Program.

NOTE J - EXCESS CONTRIBUTIONS PAYABLE

Excess contributions payable represents amounts funded in excess of IRS limitations that are to be refunded at year end. As of December 31, 2019, $1,783 of excess contributions were required to be refunded, which occurred in 2020. Excess contributions are netted against contributions in the statement of changes in net assets available for benefits.

NOTE K - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 8, 2020, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions, other than those described in Note J and below, have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.

The direct and indirect impacts of the current COVID-19 outbreak on the Plan are currently unknown, as is the duration and severity of any impacts that the Plan Sponsor may experience. Plan management is currently unable to quantify the effects that this situation will have on the Plan.
